This guide will help you fill out your PSAT™ 10 answer sheet. Be sure to record your answers to the questions on the answer sheet. Answers that are marked in this booklet will not be counted.

If your school has placed a personalized label on your answer sheet, some of your information may have already been provided. You may not need to answer every question. Your instructor will read aloud and direct you to fill out the appropriate questions.

How Answering These Questions Helps You
Opting in to Student Search Service® (marking “Yes” in Field 14) and answering Questions 15–21 helps you connect with educational and financial aid opportunities. Through Student Search Service, eligible colleges and universities and scholarship and other educational programs can request information that you have provided on your answer sheet, but they won't receive your actual test scores or phone number.

We strongly recommend that you answer all these questions, because your answers:
- Guide your counselors in helping you plan your future.
- Help the College Board ensure that the PSAT 10 is fair and accurate for all students.

Confidentiality
Your high school, school district, and state may receive your responses to some of the questions. Institutions that receive your PSAT 10 information are required to keep it confidential and to follow College Board guidelines for using information. See the PSAT 10 Student Guide for more details, including how to opt out of Student Search Service if you change your mind.
