## INFORMATION ABOUT QAS AND SAS

**The Question-and-Answer Service (QAS)** is a test-disclosure service that includes a copy of the test you took with a guide that gives correct answers and scoring information. You also receive a report that lists the type and level of difficulty of each question, along with what your answer was, and whether it was correct, incorrect, or omitted. QAS costs \$18. On test day you may have answered questions in a different order than what you see in your report.

**The Student Answer Service (SAS)** provides a report with information about the type of questions on your test, their level of difficulty, and whether your answers were correct, incorrect, or omitted. SAS costs \$13.50.

Use the table below to determine whether to order QAS or SAS. For a makeup, DANTES, or alternate test date, order SAS.
