About College Board

College Board is a mission-driven not-for-profit organization that connects students to college success and opportunity. Founded in 1900, College Board was created to expand access to higher education. Today, the membership association is made up of more than 6,000 of the world’s leading educational institutions and is dedicated to promoting excellence and equity in education. Each year, College Board helps more than seven million students prepare for a successful transition to college through programs and services in college readiness and college success—including the SAT® and the Advanced Placement® Program. The organization also serves the education community through research and advocacy on behalf of students, educators, and schools.

Introduction
As the SAT School Day coordinator, you play an important role in ensuring the successful administration of the SAT, a key milestone on the path to college for many students. Taking the SAT during the school day in a familiar, easily accessible environment allows students to demonstrate college and career readiness. It also means more students can participate in College Board programs that support college access.

Using This Manual
This manual is for test coordinators’ use for SAT School Day testing only (not Saturday or Sunday testing) in fall 2019. Please do not share it with students or anyone else besides testing staff.

Where appropriate, the content is organized with tasks (what you need to do), followed by key information (what you need to know) related to those tasks. For example, tasks related to room setup are followed by key information about seating requirements.

Before the Test
Before the test you’ll need to participate in the online training, and you’ll need to prepare your space, staff, students, and materials. Completing the tasks in this section prepares you for testing.

During the Test
During the test you’ll have activities to organize, including admitting students, assisting your staff, maintaining security, and distributing and collecting materials. Completing the tasks in this section helps you have a smooth administration.

After the Test
After the test you’ll have a few things to do to wrap up the administration, such as completing test day forms, returning materials correctly, and ordering makeup materials.

Appendix Resources
We provide sample forms, schedules, and other resources in the Appendix of this manual (see the Table of Contents for a complete list with page references).

New for Fall 2019

Important Changes
College Board has made a number of changes for this school year.

1. Fall 2019 SAT School Day testing is intended for 12th-grade students only. 11th-grade students are encouraged to participate in Spring 2020 SAT School Day testing or Fall 2019 PSAT/NMSQT® testing instead.

2. Seating requirements have changed. The minimum distance between students has been reduced from 4 feet to 3 feet. Each student must be separated by a minimum of 3 feet from right to left (measure from center of desk). At tables, students must be seated at least 3 feet apart and facing the same direction. You may seat 2 students at a table that is 6 feet or longer.

3. Required staff-to-student ratios have been changed for accommodated rooms: the ratio is now 1 staff member per 20 students (instead of 1 to 10). A room monitor is not required until you have 21 or more accommodated students testing in the same room.

4. Test coordinators will now schedule their own shipments for returning materials once testing is completed. If UPS does not make regular pick ups at your school, you’ll schedule pick ups with UPS directly.

5. All answer sheets will now be shipped in the preadministration shipments. Answer sheets will no longer be shipped in test shipments.

6. MP3 audio content is now delivered via a streaming application. Information in the body of this manual relates to MP3 streaming. If your school is unable to use a streaming application (e.g., due to no internet access), contact the SSD office as soon as possible.
   a. The link to download the MP3 application can be found on the MP3 Streaming Instructions page, which is accessible through SSD Online. The application can be installed by the SSD coordinator or designated staff with appropriate rights to install applications.
   b. All MP3 audio testing still takes place over 2 days.
   c. SSD coordinators overseeing MP3 audio streaming will be responsible for ensuring proctors have the necessary access to SSD Online for setting up the MP3 streaming format on test day.
7. The Mobile Opt-In Policies documents will no longer be included in the preadministration shipment and will no longer be distributed to students. Students now receive this information in the SAT School Day Student Guide.
8. We’ve modified the answer sheet to allow for more diverse gender identification.
9. If you’re reporting an irregularity, you are required to apply a pink Irregularity Report (IR) label to the outside of all used answer sheet return shipments. If you’re reporting a test day irregularity, scores may be delayed if you don’t apply the IR label to the outside of your shipment.
10. Test books have changed from last fall:
a. Students taking the SAT without Essay and the SAT with Essay will use the same multiple-choice test book with the title “The SAT Test Book.”
b. Essay books, if you’re administering the Essay, are packaged separately from the multiple-choice test books.
11. English learner (EL) students are eligible to test with 50% extended time. Students requested and approved in SSD Online for this support will receive college reportable scores. These students will test with accommodated students (not in a standard room).
a. Requests for EL students to test with 50% extended time must be entered in SSD Online by the EL deadline. See Prepare to Test Students with English Learner Supports on page 26 for more information.
b. EL students testing with 50% extended time will use the same materials as accommodated students approved for 50% extended time testing, and they can be tested in the accommodated room as long as no additional accommodations are being administered that require a different time or break schedule.
c. Students with EL 50% extended time supports won’t be called out separately on the NAR; they will be listed under 50% extended time for reading.
d. As with other students taking the entire test with 50% extended time, students taking the SAT with Essay will test over 2 days.
12. If you have a mixture of standard students taking the SAT and SAT with Essay, in most cases you can now assign them to the same room to conserve space and staff. We still recommend separate rooms if feasible. See Plan Your Space on page 18 to see which students can test in a combined SAT and SAT with Essay room.

Testing Basics

About the SAT
The SAT is part of the SAT Suite of Assessments, closely aligned assessments that reflect what students are already learning in their classrooms and help educators monitor student progress. Visit sat.org to learn more about the SAT Suite.
The SAT focuses on the skills and knowledge that research indicates are essential for career and college success.

Standardized Testing
Uniform procedures are essential to a standardized testing program. To ensure comparable scores, testing staff must follow the same testing procedures and give instructions exactly as they appear in this manual.
Please ensure that you and all testing staff comply with all applicable laws, including those relating to discrimination. By strictly following our policies and procedures, you give students the best guarantee of fair testing and the best possible test day experience.

Test Types
SAT School Day offers three ordering and administration options:
1. SAT (students won’t take the Essay)
2. SAT with Essay (all students take the Essay)
3. Both SAT and SAT with Essay (some students will take the Essay and some won’t)

IMPORTANT: If your school is testing as part of a contract, your district or state will determine which options are available to your students. These are the only options that will be displayed in the test ordering site.

Test Sections and Timing
Everyone testing on the primary test date will need to begin testing at the same time. Use the sample schedules in the Appendix to aid in planning.
The SAT is composed of several tests that follow the same order in every test book. The test must be administered in this sequence unless explicitly instructed otherwise by College Board.

Evidence-Based Reading and Writing: Includes a Reading Test and a Writing and Language Test. Each test is composed of multiparagraph passages and multiple-choice questions.

Time allotted:
- 65 minutes for Reading
- 35 minutes for Writing and Language
Math: Includes one portion that permits calculator use and one that does not. Each portion is composed of multiple-choice and student-produced response questions.

Time allotted:
- 25 minutes for Math Test – No Calculator
- 55 minutes for Math Test – Calculator

SAT Essay (in separate book): Students are asked to read a passage and analyze how the author builds an argument to persuade an audience.

Time allotted:
- 50 minutes

Accommodated Testing Overview

College Board is dedicated to ensuring that students with disabilities receive appropriate accommodations on tests, such as braille, large-print tests, and extended time. Using the College Board SSD Online system, SSD coordinators can manage student requests and approvals for accommodations. Once approved, with limited exceptions, students remain approved for College Board accommodations until one year after high school graduation.

Accommodated Testing Overview

See Prepare to Test with Accommodations on page 27 for more information.

Most students will test in one or two days, and the schedules in this manual reflect that. There may be some students who will require more than two days for testing (for example, if they require more than 100% extended time or if testing time is limited).

Terminology

See the Glossary of Terms on page 88 for definitions of frequently used terms and acronyms.

Staff Roles and Responsibilities

The main testing staff are described in this section. You may require additional support staff depending on the needs of your students.

SAT School Day Coordinator

As the test coordinator of record, you manage the test site and staff, and you ensure all testing materials are ordered, received, handled, and stored securely. You are expected to be at the school to supervise all activities related to testing, including accommodated testing. You are also responsible for returning all test materials and ordering any makeup materials.

Mandatory training has been provided for all SAT School Day coordinators. Be sure to complete it well before test day.

Backup SAT School Day Coordinator

We recommend that you designate a backup test coordinator in case you’re absent on test day. They’ll need to sign the Testing Staff Agreement form to signify their acceptance of the conditions and requirements and their commitment to administering the SAT on the scheduled date. Be sure to have your designated backup test coordinator complete the mandatory training well before test day. In the event you are absent for an extended period of time, this person should be prepared to return all test materials and request any makeup materials.

SSD Coordinator

The SSD coordinator works with students to apply for accommodations through the SSD Online portal. In addition, the SSD coordinator works with the test coordinator to order materials and administer accommodated testing.

As part of the testing staff, the SSD coordinator accesses and prints the Nonstandard Administration Report (NAR) and assists the test coordinator in determining testing rooms and staff needed for administering the test with accommodations.

All testing materials, including accommodated materials for use during the accommodated testing window, are shipped to the test coordinator. The SSD coordinator can assist in ensuring the secure storage and timely return of any materials that remain in use after standard materials used on the primary test date have been returned for scoring. SSD coordinators should collaborate with district and school EL coordinators to determine which students will use EL supports, if applicable.

Students may be approved for accommodations that require assistance from support staff such as readers to dictate test questions, sign language interpreters for test directions, or scribes to record responses. The SSD coordinator can assist the test coordinator in identifying appropriate staff in these cases.

Proctors

Proctors are responsible for conducting a secure, valid administration. They’re accountable for everyone in the testing room and everything that takes place there. They account for all testing materials, conduct the testing, appropriately document irregularities, and monitor students to ensure a fair administration.

Hall and Room Monitors

Hall monitors and room monitors assist you and your proctors with test administration duties. Monitors do not administer the test, but they do help set up the testing area, monitor testing and breaks, and check the hallways during testing and breaks.
# SAT Test Materials

## SAT School Day Materials Table

Your school will receive a number of shipments related to your test administration:

- Coordinator Planning Kit with manuals and other materials to help you start planning for test day.
- Preadministration Shipment with all manuals needed for testing, answer sheets, *SAT School Day Student Guides*, and other materials to help students complete personal information on the answer sheet and prepare for test day.
- Test Shipment, including test books and Coordinator Testing Materials Kits with forms, additional manuals, and other materials needed for test day.

Review this table to plan for receiving and checking materials and to learn about the forms and publications you’ll use for administering SAT School Day.

**IMPORTANT:** Only orders placed by August 14 will receive the Coordinator Planning Kit.

**IMPORTANT:** Scannable forms should not be photocopied because photocopies won’t scan properly. Other forms can be copied if needed.

Manuals and Scripts
This SAT School Day Coordinator Manual gives complete instructions for preparing your school for School Day testing. You’ll also receive two other testing manuals: one for standard testing and one for accommodated testing. Both testing manuals include preadministration scripts for guiding students to complete their personal information on the answer sheets and scripts for administering the test. Because of the variety of timing requirements for various accommodations, the SAT School Day Accommodated Testing Manual provides several different test administration scripts. See Prepare to Test with Accommodations on page 27 for details.

Test Books
Multiple-choice test books for the SAT and SAT with Essay have been consolidated. All test books display the title “The SAT Test Book,” along with important notes for the student. You’ll use the same multiple-choice books whether administering the SAT or SAT with Essay, and you may opt to have one or more rooms for standard testing with a mixture of students taking either test. Essay books will still be separate from the multiple-choice test books.

The test books for students required to test on the primary test date have covers with purple accents. Students testing with accommodations may use standard test books with purple accents or accommodated materials with blue accents, depending on their approved accommodations or supports. See a copy of the NAR or Standard and Accommodated Testing Rooms on page 12 for more information.

IMPORTANT: Some EL students may be approved to test with 50% extended time. Proctors will use the appropriate 50% extended time script for them, depending on the test they are taking (Script 3 with purple test books for SAT or Script 5 with blue test books for SAT with Essay).

Alternate Test Formats
Students eligible to test in the accommodated testing window will use test formats that have covers with blue accents.

Test formats may include test books in regular or large print, braille materials and supplements, or formats for computer use (e.g., flash drives). See Materials Provided for Accommodated Testing on page 34 for a list of all the alternate formats available.

Rosters
To manage testing at your school, we strongly recommend you develop a Master Student List, or roster, of test takers for SAT School Day. Recommendations for compiling your Master Student List for standard and accommodated students are given in Before Test Day later in this manual. You’ll use the Master Student List to make a roster for each testing room. Each proctor will need a room roster for their room.

If you develop a Master Student List, you’re encouraged to return it in your used answer sheet shipment. We recommend that you make a copy and save it in a safe location for six months after test day. In the event of an irregularity or discrepancy, the list may be used as part of an investigation.

Forms and Reporting
Nonstandard Administration Report (NAR)
The SSD coordinator will have access to the NAR approximately 30 days before test day. It lists students approved for accommodations who have materials ordered for them, along with instructions on how to group them into test rooms and distribute the correct test books. The SSD coordinator can also add students to the NAR if materials were ordered for them outside of the test ordering system, and if College Board has approved their use of accommodations or the student is using 50% extended time as an EL support. You should record whatever accommodations are used during testing on the NAR.

We recommend that you use copies of the NAR as room rosters for your accommodated students, as the NAR gives instructions about which scripts to use. Several days before test day, print and distribute copies of the NAR to proctors so they can plan to use the appropriate scripts. Instruct the proctor to note their own name on the NAR, make a copy, and give it to you to return with answer sheets.

Testing Staff Agreement Form
Before the test begins, all testing staff must review, agree to, and sign the SAT School Day Testing Staff Agreement. You and your backup test coordinator also need to sign the Agreement. Please make sure you and your staff understand the requirements you are agreeing to. See Staff Policies on page 20 for more information. See also the Sample Testing Staff Agreement on page 61 in the Appendix.

Testing Room Materials Report Form
You are required to return a completed Testing Room Materials Report form for each testing room with your used answer sheet shipment.

- The test coordinator uses the Testing Room Materials Report form to indicate testing room information, including the proctor assigned to the room, the room number, and the test materials issued to the proctor. Make copies of the form or use the one provided on the back of each testing room manual.
Inside the testing room, the proctor uses the Testing Room Materials Report form to check the testing materials received against the serial numbers listed on the form.

If applicable, the proctor should check the number of Essay books received from the test coordinator and record the number returned to the test coordinator.

As indicated in the scripts, the proctor uses the seating chart on the back of the Testing Room Materials Report form to record the serial number of the multiple-choice test book distributed to each seat in the room.

If possible, staff should include the last name of each student. If any issues arise, the chart will be used in investigating reported irregularities.

If you need additional Testing Room Materials Report forms, you may make photocopies.

**Request to Cancel Test Scores Form**

Students use this form to request score cancellation, which means their scores will not be reported to them or to any colleges. Give your staff copies of this form for each testing room. Direct students to fill out the form with exactly the same information that’s given on their answer sheets or pre-ID labels, if applicable.

Students must sign and date the form, then submit it in one of the following ways:

- Hand the form to the testing staff before leaving on test day.
- Fax the form to the number indicated no later than 11:59 p.m. ET on the fourth weekday following the date testing ends. (For example, the fourth weekday following a test administered on a Tuesday would be the next Monday.)
- Send the form by overnight delivery to the address indicated, to arrive no later than 11:59 p.m. ET on the fourth weekday following the date testing ends.

Scores cannot be canceled by email or phone.

A student may cancel their scores using the SAT School Day Request to Cancel Test Scores form in instances of equipment failure or illness. **Fill out an IR in these cases.** Students will be eligible for a makeup administration. An IR is not necessary for other situations where students elect to cancel their scores.

**SAT School Day Irregularity Report (IR)**

You will receive at least one blank IR to use if an irregularity occurs during School Day testing, and a number of blank IRs to distribute to proctors for use in the testing room. The testing staff performs a critical role in reporting irregularities and affected students.

Without information, College Board can’t resolve issues that arise. Please review the IR form with all proctors. All IRs submitted are thoroughly reviewed. Refer to the Irregularity Chart on page 74 in the Appendix for instruction on when to fill out an IR.

**Coordinator Report Form**

You’ll receive a Coordinator Report Form (CRF) in each testing materials kit (for testing on the primary test date and during the accommodated testing window, and if you administer makeup testing, for the makeup test date). Use this form to report the number of students tested and the count of answer sheets being returned. Fill the form out carefully to ensure accurate reporting and billing. See Complete the CRF on page 51 for more information.

**Standard and Accommodated Testing Rooms**

Your Nonstandard Administration Report (NAR) should be printed from SSD Online by your school’s SSD coordinator. It will indicate the testing group, scripts to use, testing materials, and test type for all students testing with accommodations whom you ordered testing materials for. The chart that follows provides an overview. Check your NAR to make sure all students with approved accommodations or supports are identified correctly.

For accommodations not listed in the table, work with your SSD coordinator or contact the College Board SSD office. Also note that students may be approved for more than one accommodation. Proctors may need to use more than one script for some students (for example, math-only extended time requires a standard time script and an extended time script). The NAR gives the script or scripts to use for a student.

Students approved for extended time for reading use that extended time on the entire test. This means students will test over 2 days for the SAT with Essay with 50% extended time; in addition, students will test over 2 days for both SAT and SAT with Essay with 100% extended time.

| NAR in SSD Online or Room Roster | SAT School Day Accommodated Testing Manual, Scripts 1–6 |

**IMPORTANT:** Students using the 50% extended time EL support receive extended time on the entire assessment.

*Students approved for writing-only extended time receive extended time only on the SAT Essay. If taking the SAT without Essay, these students test in the standard room with standard time (unless they have other accommodations that can’t be provided in the standard room).

Before Test Day

Start planning for the test administration no less than 3–4 weeks before test day.

Prepare Yourself

TASKS
- Complete online test coordinator training if you haven’t already.
- Read this entire manual.
- Sign the Testing Staff Agreement.
- Plan to meet with your SSD coordinator to ensure you have plans in place for testing students with accommodations and/or EL supports.
- Visit collegeboard.org/school for more information about key dates, test materials for your school, and other planning assistance.
- Review the contents of the Coordinator Planning Kit and distribute testing room manuals (from your preadministration shipment) to proctors for their review.
- Begin the Test Coordinator’s Checklist.

Build Your Master Student List for Testing

Identifying your students who are testing is an important first step in preparing for test day. We strongly recommend creating a list of test takers to determine how many testing rooms and staff you’ll need for administering the test. Once created, you’ll use your Master Student List to create room rosters to distribute to each proctor showing the students who will test in their room. You’ll also use the room rosters to inform students of when and where they will test.

To create your Master Student List, choose any tabular format (e.g., spreadsheet) that you can easily copy information into from your source list(s). Also bear in mind that you will likely need to divide the list up into room rosters and print all or parts of it for tracking purposes. Keep all copies secure and accessible only to staff who need them.

TASKS

Compile Lists of Students
You’ll need to determine the total number of test takers before you can plan your test rooms and staffing. You’ll also need to know which students have been approved for which accommodations or who will test with EL supports.

Create a Master Student List, which will include all students eligible for testing. See the Sample Master Student List on page 60 for suggested headings.

1. Pull the list of eligible students from your school’s student information system or work with your district assessment coordinator to get the list of students. Closer to test day, you may need to add any new students, including students who have recently transferred to your school.
2. You may be asked to test students who don’t attend your school, such as homeschooled students or students from other schools. Make sure these students are accounted for as part of the Master Student List.
3. Ask your SSD coordinator to print a copy of the NAR and make sure you’ve accounted for students testing with accommodations or supports in your Master Student List.
4. Use the NAR to determine the names of students who will test with accommodations or supports and to complete the Testing Group and Test Book Type columns on your Master Student List.
5. Make sure your Master Student List notes the support type and languages for any students testing with EL supports.
6. If administering both the SAT and SAT with Essay, identify the students who will take the SAT and SAT with Essay by marking the Test Type column on your Master Student List.

You’ll now have one Master Student List to use to compile room and staffing information. Check your list against the Sample Master Student List on page 60 to confirm your list has all the information you’ll need for planning rooms and staff.

KEY INFORMATION

Accessing the NAR to Determine Room Needs for Accommodated Students
About 30 days before the day of the test, the SSD coordinator can access the NAR in SSD Online to help you organize testing for students using accommodations or supports. The NAR includes the names, testing groups, and College Board SSD numbers of all students testing with accommodations or supports whom you’ve ordered materials for. It lists their approved accommodation(s), test type, test book color, whether they’re approved to test in the accommodated testing window, and the script(s) the proctor will use. It will also tell you which accommodated students can test in the same test room.
Before Test Day  Plan Your Space

Work with your SSD coordinator to make sure EL students testing with 50% extended time are included on the NAR. In most cases, these students can be tested in the same room as other students taking the test with 50% extended time.

Using the Eligibility Roster
The eligibility roster is available from the SSD Online dashboard. It provides a list of all students with approved accommodations at your school. The SSD coordinator may use the roster to begin your student list if the NAR is not yet available. They can also use the eligibility roster to update student information in SSD Online.

Plan Your Space

TASKS

Designate a Secure Area for Materials
Designate a secure location for receiving, checking, and storing your test materials. See Prepare Your Materials on page 38 for more information.

Evaluate Rooms for Testing
- Work with your administration to identify which of the available rooms will be used for testing.
- Make a list of available rooms and how many students each room can hold, based on the seating requirements given in Key Information.

Identify the Number of Rooms You Need for Testing
Use the Master Student List to determine the number of standard and accommodated testing rooms you’ll need. Refer to the testing group field on the NAR as you make assignments for accommodated testing rooms. If possible, plan to test any students who didn’t participate in the preadministration session in a separate room from those who did.

If you have space constraints, you can place standard SAT and SAT with Essay test takers in the same room(s), following the guidelines given here. Students testing in combined rooms must use the same color testing materials with the same testing schedule.

Plan for Combined SAT and SAT with Essay
If you need to place SAT and SAT with Essay test takers in the same room(s), be sure to follow these guidelines.
- You can only combine SAT and SAT with Essay test takers if you have conducted a preadministration session. This allows students to select their score sends and fill in the non-test questions in advance. In a combined room, the proctor will need to dismiss students taking the SAT without Essay before administering the Essay, so it’s important to minimize the additional time needed to complete answer sheets before dismissal.

- Administering the SAT without Essay and the SAT with Essay in separate rooms provides a smoother experience for both students and proctors. You should allocate as many rooms as you can exclusively to one type or the other. Then, if you have a mixture of test takers left over, assign them to combined rooms. For example, if you have 4 rooms with 25 seats, and 60 Essay test takers and 40 SAT without Essay test takers, use 2 rooms for the SAT with Essay, 1 room for the SAT without Essay, and 1 combined room. This is preferable to 4 combined rooms, each with 10 SAT without Essay and 15 SAT with Essay test takers.
- Be prepared to shift students out of a combined room if they miss the preadministration session.

- We don’t recommend combined rooms for accommodated testing; however, if you need to combine accommodated students taking the SAT without Essay and the SAT with Essay in a single room, contact the SSD office for assistance.

KEY INFORMATION

Facility Requirements
To prepare for test day, you will need:
- A place to securely receive and store testing materials
- An area where students can assemble before testing
- Rooms for testing standard and accommodated students
- A late-arrivals room for students who arrive late but in time to be tested

Testing Room Requirements
To promote an effective and secure administration, testing rooms must fulfill the following requirements:
- Rooms must be located away from noisy areas and distracting activities.
- Rooms should be near restrooms.
- Rooms must have:
  - A working clock, visible to students
  - Proper lighting
  - Proper ventilation
  - Proper seating that follows the seating requirements given in this section
  - No materials related to test content on display (these can be removed or covered)

Room Selection Tips and Recommendations
- Rooms should be located in the same section of the school. When rooms are close together, each hall monitor can cover up to 5 rooms.
We recommend you avoid using science rooms, computer labs, or rooms with specialized equipment, unless they’re required for accommodated testing. They may be uncomfortable for students or may not have adequate desk space for writing.

Seating Requirements
The following are seating requirements for all testing rooms:

- Chairs must have backs.
- Seats must face the same direction.
- Chairs must be placed directly behind those in the preceding row.
- Each student must be separated by a minimum of 3 feet from right to left (measure from center of desk).
- Staff access to every student must be unimpeded.
- At tables, students must be seated at least 3 feet apart (measured from the center of the table) and facing the same direction. You can seat 2 students at a table that’s at least 6 feet long.
- Large, smooth writing surfaces, preferably desks or tables, must be provided.
- Tablet-arm chairs must have a minimum writing surface of 12 × 15 inches (30 × 38 centimeters).

The following seating arrangements are not allowed:

- Round tables, study carrels, lapboards, language laboratory booths, and tables with partitions or dividers.
- Seat assignments that follow any expected pattern or defined order. If testing students in their homeroom, make sure students are seated at random.

IMPORTANT: Students may not select their own seats.

Additional Requirements for Accommodated Testing
The testing group on the NAR indicates which students may test together. See Sample Testing Room Materials Report Form on page 63.

- Students who require different timing or breaks must be tested in separate rooms, as noted on your NAR.
- Students with the same type of timing may be seated together, if noted on your NAR. EL students receiving 50% extended time can be seated with other 50% extended time students as long as they use the same color testing materials and the same testing schedule (e.g., same breaks).
- More than 1 test room is required if a student’s accommodations would disturb other students or if the student is approved for 1-to-1 testing. Students who are approved for a reader or scribe must test in a 1-to-1 setting. These scenarios are noted on your NAR.

For students approved for use of MP3 audio and ATC formats, a computer must be provided. These 2 formats also require specialized timing and must be administered in separate rooms from each other. See the requirements in Plan for Computer Usage on page 27.

Please note that some accommodations may be provided in a standard testing room. The NAR will indicate these students should be tested in the standard room with the purple test books. These include:

- Preferential seating
- Wheelchair access
- Use of a large-block answer sheet
- Permission for food or medication
- Use of a 14-point large-print test book, a magnifier, or a sign language interpreter for oral instructions
- Auditory amplification or FM system
- A colored overlay
- Approval to record answers in the test book

If a student is approved for one of these accommodations, and is not approved for another accommodation that would require a separate setting, assign the student to a standard testing room.

If you have a question about room assignments for a specific accommodation, refer to the NAR or contact the SSD office.

Seat students using a large-print test, a large-block answer sheet, a calculator with large or raised display, or a magnifier or magnifying machine in the back of the room.

Plan Your Staff
The number of each staff position you need depends on the number of students testing and whether that number includes students testing with accommodations that require separate rooms.

TASKS
Identify Staff for Testing

- Work with school administrators to review teacher schedules. Teachers of classes that aren’t meeting due to testing are likely candidates to serve as proctors and monitors.
- If you’re testing students approved for accommodations or supports, work with your SSD coordinator to ensure you have the proper staffing to meet students’ needs.
- Make a list of available staff and what roles they should fill. Be sure to include any additional support staff needed for accommodated testing.
Assign Staff to Testing Rooms
Starting with the number of testing rooms you previously identified, determine testing room assignments for staff who will administer the test (proctors) or act as monitors.

Designate a Backup Coordinator
As part of testing setup, we recommend that you designate and train one of your proctors to act as an alternate test coordinator in case you’re absent on test day.

KEY INFORMATION
Staff Policies
To qualify for the test administration team, individuals must be high school graduates, be at least 18 years old, speak English fluently, and possess the same level of integrity and maturity expected of a school staff member. They should reflect the diversity of the students being tested and act in a fair, courteous, nondiscriminatory, and professional manner.

1. Avoid recruiting anyone to serve on the testing staff if they have any of the following conflicts of interest:
   - Are involved with paid coaching or paid SAT preparation. (The teaching and normal review of course content, including test familiarization that is part of regularly scheduled coursework, is acceptable.)
   - Have taken the SAT within 180 days of test day.

2. When making staff assignments, adhere to these policies:
   - If a staff member has a child or member of their household taking the SAT School Day at any test site during the same testing window, they must not take a role in which they will have access to test books before test day. At a minimum, this includes the roles of test coordinator, SSD coordinator, and backup test coordinator. In cases where this policy isn’t followed, the related student’s scores are subject to cancellation.
   - Never assign a proctor to administer the test to a member of their family. If a proctor administers the test to their own child or other member of their household, the scores will be canceled, and the student will require a makeup test.

IMPORTANT: Immediate family includes one’s parents, siblings, children, grandparents, and spouse. This applies even if they don’t reside in the same household.

Before accepting assignment to the testing staff, all individuals that you recruit, including any backup coordinator, must review, agree to, and sign the SAT School Day Testing Staff Agreement. You’re also required to sign the form as test coordinator. See the Sample Testing Staff Agreement on page 61 for more information.

Supplementing Testing Staff
If you need to supplement your school staff with additional personnel, follow the same guidelines defined by your school or district for serving on the school staff. Additionally, retired teachers and current district personnel can help support test administration.

Proctors Needed
Proctors are responsible for conducting a secure, valid administration in the testing room. Each testing room requires one proctor.

Room Monitors Needed
Depending on the number of students in the testing room, you may also need room monitors.

Additional staff may be needed for students testing with accommodations or in a 1-to-1 setting. Work with your SSD coordinator to determine how many additional room monitors will be needed for these students.

Hall Monitors Needed
You will always need at least one hall monitor to supervise students during breaks. Depending on the number of testing rooms, you may need more.

Build Your Room Rosters

Support Staff Needed for Accommodated Testing
Work with the SSD coordinator to check your NAR on SSD Online to determine if you have students approved for accommodations who need any of the following support staff. Support staff must meet the same requirements as all other staff:

- Readers
- Scribes
- Sign language interpreters for test directions
- Other support staff (e.g., aide, nurse)

Build Your Room Rosters

Once you have your room assignments for staff, create a roster for each testing room that each proctor can use to record attendance on test day. Those who are testing accommodated students will also use the room roster to make preparations for administering accommodations in their room.

TASKS

Assign a Testing Room Code to Each Testing Room
Testing room codes allow you to better manage your SAT School Day administration. If a group disturbance occurs, the testing room code will help identify students who may have been affected by the irregularity. This will help you quickly locate the right personnel to answer any questions related to group irregularities and help ensure that scores for your school are released as quickly as possible.

- Assign a 3-digit testing room code to each room you identified as a testing room in Plan Your Space on page 18. When using codes shorter than 3 digits, include leading zeros (e.g., 001, 020).
- Record the testing room code on each room list you created. The staff will give the testing room code to students to enter on their answer sheets on test day.

Assign Students to Testing Rooms
Divide your students into testing rooms based on room capacity.

- If you have capacity constraints, you may be able to test students taking the SAT and SAT with Essay with standard timing in the same room. See Identify the Number of Rooms You Need for Testing on page 18 for important guidelines.
- Separate your list of students testing with accommodations or supports into the testing groups indicated on your NAR. Remember that students testing in the same room must have the same color testing materials and the same testing schedule.

- Add each student’s testing room assignment to your Master Student List by recording the testing room code.
- Also record accommodated students’ testing room assignments on the NAR. The NAR separates students by testing group to aid the process.

Create Individual Room Rosters
Build the room-level lists, or room rosters, of students testing in a given testing room to distribute to proctors.

- Divide your Master Student List into individual room rosters for students testing in standard and accommodated testing rooms.
- In addition to individual room rosters for accommodated testing rooms, you may want to provide a copy of the relevant pages of the NAR to each proctor for their room. These pages will give them important details about which script(s) to use. The proctor will need to record which accommodations each student tested with next to the student’s name.

Update and Finalize Your Room Rosters
As test day approaches, continue to account for additional students who may be eligible for testing (e.g., students who recently transferred to your school). In addition, work with your SSD coordinator to identify students who may have been recently approved for accommodations or supports. Continue to update your Master Student List and room rosters.

Build Your Plan for Testing
There are a number of activities you must complete leading up to test day.

TASKS

Plan for Preadministration
The answer sheet for SAT School Day allows students to provide information about themselves, their high school experiences, and their plans for college.

- Schools will receive preadministration materials about two weeks before the test, including answer sheets, Student Answer Sheet Instructions, and copies of the SAT School Day Student Guide. If your students were preidentified by your district or state, you’ll receive a separate, similarly timed shipment of your pre-ID labels.
- Filling out the personal information fields may take up to 45 minutes, so schedule a session ahead of test day to walk students through filling them out.
You may decide to hold preadministration sessions in any number of ways (for example, in a class, in an assembly for students taking the test, or in small groups). Don’t let students take the answer sheets out of the room. All activities related to answer sheets must take place under school supervision.

If you know ahead of time that some students will have pre-ID labels and others won’t, plan to conduct separate preadministration sessions for these two groups of students to assure a better experience for both staff and students. Any students who have incorrect pre-ID labels can be reassigned to a session for students without labels.

See Prepare Your Preadministration Session on page 40 for detailed instructions.

Plan Training Sessions
Training is required for all SAT School Day coordinators. You’ll receive a link to access training approximately 6 weeks before test day. Other test day staff must either take the online training provided or be trained by the test coordinator. You can share the link in the email with other test day staff, such as SSD coordinators and proctors. Schools can determine the best way to train other test day staff.

See Train Your Staff on page 24 for a list of topics your staff should review prior to testing.

Plan Test Day Schedule
- Select a start time for testing that allows for the full time for testing within the normal school day.
  - To administer the SAT you’ll need about 3 hours and 30 minutes for admission, administrative activities, and actual testing of standard time test takers.
  - For the SAT with Essay you’ll need about 4 hours and 40 minutes for standard time test takers.

- Schools should plan to have students in their seats and ready to test by 8:30 a.m. at the latest. Contact School Day Support if your school needs to shift your start time to later than 9 a.m.
- Plan for extended time testing: Use the Overview of Accommodated Timing and Breaks on page 70 to plan for testing students with 50% or 100% extended time on the test or portions of the test.
- On test day, plan to hold a session with staff before testing begins to share last-minute reminders and hand out testing room packets.

See the Appendix on page 59 for sample schedules for standard and accommodated testing.

Plan Accommodated Testing Window Schedule
- Ask your SSD coordinator for a list of students who will be testing during the accommodated testing window. This is also listed on the NAR.
- Meet with your staff to determine when to start testing students eligible to test in the accommodated window. If possible, start testing these students on the primary test date.
- For students who require 2 days of testing, schedule the second day of accommodated testing on the next consecutive school day.
- Be sure to allow for rooms that are needed for 2 days of testing.
- Track any absentees and plan for them to test as soon as they return to school within the accommodated window.
- Plan for secure storage of materials used for 2-day testing. Materials for students testing after the primary test date during the accommodated testing window must be held until all students have been tested before you can return answer sheets for scoring.

Plan Student Check-In
Depending on your needs, plan for either a central check-in or a room check-in. See Admit Students to the Testing Area on page 44 for more information. If you’re using a central check-in, you’ll need to designate a waiting area where students can assemble before testing and to inform staff and students of the location.

Provide advance guidance to students. Post notices in prominent places stating when students should arrive, where they should meet for room assignments, and what they’ll need to bring on test day. Plan for staff to meet them at a predetermined location on test day and direct them to their assigned rooms.

Post Testing Room Assignments
Several days before the test, prominently post room assignments to minimize confusion on test day.

Be sure to post room assignments in a way that does not call attention to students who may be testing in accommodated rooms.

Plan for Breaks
Students may have snacks and drinks in designated areas during scheduled breaks in testing. Before test day, designate one or more areas near the testing rooms for this purpose. In general, you should avoid allowing snacks in the testing room. In particular, food and drinks should never be allowed near testing materials.
Your staff may need breaks. While testing is in progress, testing rooms can't be left unattended. Plan a schedule of break times with your staff before test day, and work out how you’ll rotate your monitors to allow each staff person at least one break. Staff in the extended time rooms may require additional breaks.

**Plan for Makeup Testing**

Be aware of the makeup date for your school in the event you need to administer makeup testing. Makeup testing requires that you follow all of the same policies as you do for the primary test date.

For students who are absent on test day, securely store any prelabeled or pregridded answer sheets with the test materials until you hold the makeup testing.

All of the following tasks apply to planning for the makeup testing:

- Compile the list of students who were absent or experienced an irregularity and who require a makeup test.
- Order materials on [ordering.collegeboard.org](http://ordering.collegeboard.org) within 2 days after the test date.
- Identify the number of rooms needed.
- Assign staff to testing rooms.
- Build your room rosters and update if necessary (to allow for makeups due to reported irregularities).
- Prepare for administering any accommodations required.
- After testing, return materials following procedures in After the Test on page 50.

**Establish a Signaling System**

Setting up a signaling system can help ensure a smooth test day. This might mean having a central extension for staff to call or a visual signal to indicate that assistance is needed in a particular room. Staff will have a greater level of comfort if they know how to reach you quickly when they need to.

**Minimize Distractions**

Only students, testing staff, authorized observers, and SSD assistants (e.g., sign language interpreters) are allowed in the testing area on test day. Parents and guardians may need to be reminded of this policy.

Displaying signs or posters stating this policy can help minimize disruptions. When you train your staff, be sure to emphasize that this policy is both for security reasons and to protect students from disruptions on test day.

Establish clear rules for conduct during breaks to help control noise and similar distractions. Staff should remind students not to talk in the hallways and not to go to their lockers. The week before the test, instruct school staff to remind students of the importance of not disrupting testing.

**IMPORTANT:** The school population should know that during the test administration, the use of school facilities will be restricted and unauthorized people must stay away from the testing area and keep noise to a minimum.
Train Your Staff

TASKS

Hold Training Sessions
An email will be sent to you with information on how to access the online training approximately 6 weeks before test day.

About two weeks before the test, schedule a training session with your staff to review procedures, forms, and timing; to announce staff assignments; and to answer questions. At the session, distribute the appropriate manual to each proctor and encourage them to read through the script for the testing room they’re assigned to before test day. This is particularly important for proctors testing students with extended time. In addition, you may want to give your staff access to the online training modules provided.

If you have not already done so, have prospective staff read and sign the Testing Staff Agreement (see Sample Testing Staff Agreement on page 61).

During the training be sure to review the following:

- Maintaining security in the testing room
- Procedures for collecting personal belongings
- Seating policies
- Calculator policies
- General responsibilities of each position
- Using the correct testing materials
- Equipping the testing room
- Timing of the test and breaks
- Testing room forms and reports
- Signaling plan for test day
- Administering accommodated testing when applicable

Share Staff Room Assignments
Share the testing room assignments with proctors and monitors. Remind staff that they are responsible for reviewing and bringing their copy of the manual on test day. Staff members should know:

- Whether they are assigned a standard or accommodated room (if administering the test) and approximately how many students are assigned to their room.
- Whether they are assigned to an SAT room, an SAT with Essay room, or a combined room.
- What script(s) they will be using and approximate timing of the test. For accommodated testing, the NAR includes information about which scripts to use for students. Your staff needs to familiarize themselves with any shifting of scripts that needs to take place on test day.

- Where and when to report on test day.
- General setup of rooms.
- Contents of the testing room packet they will receive on test day. (See Prepare Your Materials on page 38 for more information.)

KEY INFORMATION

Maintaining Security
Make sure your staff understands and follows these policies:

- Prepare testing rooms by covering up or removing any instructional material, such as maps and charts.
- Plan ahead for collecting electronic devices (if permitted under school policy) or having students store electronic devices in bags/backpacks as they enter the testing room so they can’t access the devices. Be ready to label items collected so they can be returned after testing or to provide clear plastic bags for students who need them for storing devices to the side of the testing room.
- Follow scripts exactly and minimize confusion by giving students ample opportunity to ask questions about procedures.
- Remain vigilant at all times during testing. Staff must not engage in activities that are not related to testing or that are disruptive to students, such as talking on phones, using a computer, or grading papers.
- Make sure at least 1 staff member is in the testing room at all times and students are monitored during scheduled and unscheduled breaks.
- Make sure students do not use calculators, phones, or prohibited aids during testing or breaks.

IMPORTANT: Some smartphones can be disguised as calculators with the use of a plastic covering. Also, separate erasers can be used to conceal aids and notes.

- Do not leave test materials unattended under any circumstances.
- Make sure test materials are not removed from the room.
- No one may access or use phones in the testing room, or eat or drink during testing unless they have an approved accommodation.

Immediately report significant problems or events that interfere with specific testing procedures or compromise test security, either before or on test day, to School Day Support. See the Irregularity Chart on page 74 for more information.
Prohibited Aids
During the opening scripts they read to students, proctors are directed to check desks for prohibited aids and devices, which can’t be on the desks or accessed during testing, including breaks. Because electronic devices, including smartwatches and phones, can be used to record test questions and answers, staff must exercise special care to prevent issues involving them, as covered in Preventing Issues Involving Phones and Electronic Devices. Anyone using other prohibited aids during any part of the administration, including breaks, may be dismissed from the test. (The only exceptions are for College Board–approved accommodations for particular testing aids.) Note any such activities on an IR.

Prohibited aids include, but are not limited to:
- Mobile phones, smartphones, smartwatches, or other wearable technology
- Audio players/recorders, tablets, laptops, notebooks, Bluetooth, or any other personal computing devices
- Separate timers of any type
- Cameras or any other photographic equipment
- Pens, highlighters, and mechanical or colored pencils
- Notes, books, or references of any kind (not including EL supports)
- Compasses, rulers, protractors, or cutting devices
- Papers of any kind, including scratch paper
- Earplugs
- Unacceptable calculators that have computer-style (QWERTY) keyboards, use paper tape, make noise, or use a power cord

Medical Devices
Epinephrine auto-injectors (e.g., EpiPens) are permitted in the testing room without the need for accommodations. They must be placed in a clear bag and stored under the student’s desk during testing. For other medications or medical devices, contact the SSD office.

In some cases, a student may be approved in SSD Online to have a cell phone in the testing room for use with a glucose monitor. Only students who are specifically approved to have a cell phone in the testing room may do so. (Approval to test blood sugar does not permit the student to have a cell phone, unless they are also approved for a cell phone.) In these circumstances, the phone must remain on the proctor’s desk and can only be viewed under direct supervision. The phone must be in airplane mode and the camera feature disabled. (If needed to check their blood sugar, the phone may be taken off airplane mode, when the student is accessing the share app under direct supervision of the proctor, and reengaged following use.) Before the beginning of testing, the proctor should ask the student for instructions on how to access the share app and how to proceed if any alarm goes off (including how to operate the phone). The phone settings must be adjusted so sounds are produced only when monitoring is required because of the student’s medical status. In no cases may a student keep their phone at their desk.

Preventing Issues Involving Phones and Electronic Devices
At the beginning of testing, proctors will read scripts reminding students to turn off their phones and other electronic devices and to turn them in to the proctor, if allowed under school policy. If your school does not permit the collection of devices, proctors must instruct students to store their powered-down devices in a bag or backpack placed to the side of the room away from the testing area.

Once the script has been read, if a student is observed with a prohibited device, regardless of whether the device creates a disturbance (e.g., makes noise) or is being used, the test coordinator must dismiss that student and, if warranted, confiscate the device. (More information about when you should confiscate a device is given in the incidents listed under Security Violations/Student Misconduct in the Irregularity Chart on page 74.) If a student’s phone produces noise or other disturbances while in the proctor’s possession or stored away from the student’s desk, this should not be considered grounds for dismissal, but the proctor should turn off the phone to prevent additional disturbances during testing and issue a warning to the student who owns the phone that additional disturbances will result in dismissal.

If a student is observed with a device or the device produces a noise or other disturbance while in a student’s possession, follow instructions in the Irregularity Chart for collection and checking of electronic devices. A student doesn’t need to be holding a phone for it to be considered in their possession—a phone is also considered to be in the student’s possession if it’s on or under the student’s desk. The test coordinator should contact School Day Support immediately for further instructions if test content is detected on a device.

Suggested Collection Procedures:
If your school already collects phones and electronic devices, we encourage you to continue using the methods that work for you and your students. If you do not currently collect students’ electronic devices, here are some suggestions for doing so:
- Instruct students to disable alarms and power off cell phones and electronic devices when they enter the testing room.
Before Test Day  Prepare to Test Students with English Learner Supports

- Collect students’ cell phones and wearable technology in a basket, envelope, or bag before testing begins.
- Give students sticky notes and/or small envelopes to label their items with their name.
- Collect labeled items from students once they’re seated. If possible, keep student items in the order they were collected in, for easier return after testing.
- Keep the devices at the front of the room on the proctor’s desk for the duration of testing.

Seating Policies
Inside the testing room, the proctor should follow these procedures:
- Develop a seating plan ahead of time that follows the seating guidelines for type and spacing of seats. (See Sample Seating Plans on page 69 in the Appendix.)
- Assign seats at random or by prearrangement with the coordinator. Never allow students to select their own seats.
- Once testing has begun, complete the seating chart on the back of the Testing Room Materials Report form.

Calculator Policies and Guidelines
Calculators may be used only on the Math Test – Calculator portion of the SAT, unless a student has been preapproved by College Board to use a four-function calculator as an accommodation on the Math Test – No Calculator portion. To help staff monitor calculator use, the top of each test book page in the Math Test – No Calculator portion has a crossed-out calculator symbol. Similarly, each page of the Math Test – Calculator portion has a calculator symbol.

General policies are as follows:
- All questions can be answered without a calculator.
- We recommend students use a scientific or graphing calculator they are familiar with on the Math Test – Calculator portion of the SAT.
- Students should supply their own calculators.
- Students may also bring acceptable backup calculators in case their primary calculator or batteries fail, but they need the proctor’s permission to use the backup.

Monitoring Equipment Use
Follow instructions in the scripts to monitor the use of calculators.
- Only battery-operated, hand-held equipment can be used for testing.

- Students may not share calculators.
- All scientific and most graphing calculators are acceptable. Four-function calculators are permitted but not recommended.
- Students may use calculators with enlarged or raised displays, but they should be seated where the calculators are not visible to other students.

IMPORTANT: Students approved to use a calculator on the Math Test – No Calculator section must use a four-function calculator for this purpose. (Percentage and square-root functions are allowed.) Confirm the calculators in use aren’t more advanced models.

Calculator Malfunction
Students should raise their hand if their calculator malfunctions before or during the test and they wish to use a backup. Allow them to use an acceptable backup calculator or batteries that they brought and to continue to test.

Students without backup equipment may continue testing, since all questions can be solved without a calculator. If they choose to cancel their score, they must cancel the entire test. They will need to fill out a Request to Cancel Test Scores form before leaving the testing room.

Prepare to Test Students with English Learner Supports
College Board provides supports for English learners who are approved by their school to use them. The supports used for testing should align to the supports students use for classroom tests. The available English learner (EL) supports include translated test directions and a list of approved word-to-word bilingual glossaries for use by English learners. Students may also be approved to test with 50% extended time. Students can use any of the supports alone or in combination with one another.

Scores are college- and scholarship-reportable when these supports, which are facilitated by the school, are used for testing.

TASKS
Once you identify the students who require EL supports and the languages they need, you’ll need to obtain the supports and plan for 50% extended time for those who need it.
Provide Translated Instructions and Glossaries
- Print the translations and review the list of approved glossaries available at sat.org/schoolday-downloads so you can obtain copies for test day. Translations and glossaries will not be shipped with the test materials.
- Schools must provide glossaries for students who need them; students may not bring their own glossaries to the test.
- Store translated directions and/or glossaries securely until you’re ready to assemble testing room packets for proctors.

Prepare for Extended Time EL Support
Students testing with 50% extended time as an EL support must have the use of the support requested in SSD Online by the EL deadline. These students will display on the NAR to facilitate planning. This will also make it possible to order the appropriate materials. When determining room assignments, you can place these students with other students taking the test with 50% extended time on the entire test as long as no other accommodations are being administered that require different timing or breaks.

EL students who use the 50% extended time support receive the same test materials as accommodated students with 50% extended time:
- Purple multiple-choice test book if taking the SAT without Essay. These students complete testing in 1 day.
- Blue multiple-choice test book if taking the SAT with Essay, plus Essay book with blue bar. These students test over 2 days.

Prepare to Test with Accommodations
College Board requires preapproval for all accommodations. Providing accommodations without authorization may result in the student’s scores being canceled. To help ensure that the students testing in your school receive reportable scores, provide testing accommodations only under one of the following conditions:
- The student is included in the school’s online dashboard of students with approved accommodations (available to the SSD coordinator through the SSD Online system).
- The student appears on the online NAR accessed by the SSD coordinator.
- Your SSD coordinator has verified the student’s eligibility with the College Board SSD office.
- The student has a documented College Board approval for accommodations. If a student presents an eligibility letter, but doesn’t appear on the NAR, you can test them as long as you have enough materials. If not, contact the SSD office for further instructions.

Students with accommodations must be tested with the correct testing materials, using the corresponding scripts.

Students who are approved for accommodations will fall into these groups:
- Those who will use standard (purple) testing materials must test on the primary School Day test date.
- Those who will use accommodated (blue) testing materials may test on any day during the accommodated testing window.

Your NAR will list each group in its own section. For general guidelines, refer to Standard and Accommodated Testing Rooms on page 12 for a list of the accommodations that typically fall into each group along with which manuals and rooms to assign to students with accommodations.

Accommodated students must adhere to all standard testing administrative procedures, requirements, and timing regulations, unless otherwise approved as an accommodation.

If you have accommodated students testing during the window who require a makeup because of an irregularity, follow the procedures to order materials for a makeup test. Absentees should take the test later in the testing window. See Plan for Makeup Testing on page 23.

TASKS FOR TEST COORDINATORS
Check Room Assignments for Accommodated Students
As the test coordinator, you’re responsible for creating room assignments for all students, including those testing with accommodations or supports. See Build Your Room Rosters on page 21 for more information. Proctors testing in accommodated rooms should closely review the SAT School Day Accommodated Testing Manual for additional details about administering the test with accommodations.

Plan for Computer Usage
Students approved to use computers for testing must be tested separately from other test takers. Your school must provide a computer for these students (a student may not use a personal computer or a computer belonging to their family).

Make sure the appropriate equipment is provided in rooms where needed.
Before Test Day  Prepare to Test with Accommodations

- For students using flash drives for the ATC format, make sure the computers have USB ports.

  **Some newer computer models only have smaller USB Type-C ports in place of full-sized USB ports. If your computer does not have a full-sized USB port, you will need a USB-to-USB-C adapter to connect a flash drive.**

- For students using MP3 audio format, you’ll need computers with access to the internet for downloading the application and test content. Internet availability will be disabled by the application once testing begins.

- For students approved to use a computer for the Essay, make sure the computer has word processing software. The computer must be attached to a working printer.

  **Students using MP3 audio streaming who are approved to use a computer for the Essay will be able to type their essay directly within the streaming application.**

- Provide a monitor to connect to a braille notetaker so the proctor can see what the student is typing.

Instruct the staff testing these students to test the equipment before test day and ensure important precautions for electronic equipment are followed. See Administer Accommodations on page 49 for related tasks and information.

Ensure Approved Transcription Is Planned
For students using braille writers or other devices, or who are approved to write their answers in test books, the proctor or SSD coordinator must transfer the answers (except for the essay) to the answer sheet after the student completes the test.

Assign Any Support Staff for Accommodated Students
- Using the list supplied by your SSD coordinator, assign support staff, such as readers, scribes, or sign language interpreters (for directions only), to students approved for them. Follow the same guidelines as for other staff assignments (see Plan Your Staff on page 19).

  **Do not assign a relative of the student testing to act in a supportive capacity to that student.**

- Do not assign a single reader or scribe to more than 1 student.

- Notify readers or scribes that their students will take the test with 50% extended time for reading unless they are already approved for 100% (or more) extended time. If taking the SAT with Essay, students assisted by a reader or scribe will test over two days. Students assisted by a reader or scribe must test in a 1-to-1 setting.

Continue to Check for Approvals and Plan for Testing Needs
Keep checking for late approvals and for newly enrolled students who need accommodations. Before the ordering deadline, log on to the test ordering site. Any newly approved students will be displayed for you to select in the “Nonstandard Tests (SSD)” section of the order form. The SSD office will notify the SSD coordinator if late approvals are made that will require testing in the accommodated window.

- Ask the SSD coordinator to alert you if they’re notified that a student received approval for accommodations so you can order the student’s testing materials.

- As adjustments are made to your test orders, you’ll need the SSD coordinator to generate a new NAR. You may need to repeat this process every few days as you get closer to test day. Once the ordering deadline is past, the SSD coordinator will need to arrange for materials for newly approved students by calling the SSD office.

- If necessary, adjust staffing and rooms to allow for additional accommodated students. Be sure to allow for rooms needed for 2-day testing.

- Contact the SSD office if any information is incorrect or if a student’s name is missing.

**TASKS FOR SSD COORDINATORS**

Work with the Test Coordinator
The SSD coordinator and the test coordinator must collaborate to ensure a smooth administration. The SSD coordinator will need to supply the test coordinator with:

- A copy of the NAR. The SSD coordinator will need to review the students listed on the NAR to confirm all students are reflected as anticipated. Any student approved for accommodations who is eligible to test but who doesn’t appear on the NAR can be added through SSD Online.

- A list of students approved for accommodations, and notification of any updates. This includes any students who will be using the 50% extended time EL support. See Additional Requirements for Accommodated Testing on page 19 for more information about specific accommodations.

- A list of needed support staff for accommodated students.

- Help with setting up any computers for typed essays or computer-based formats (e.g., MP3 streaming or flash drives for ATC format).

- Assistance with planning for rooms and materials.
Prepare to Test with Accommodations

Before Test Day

Request Accommodations and EL Supports
The SSD coordinator manages the approval process for your students. All accommodations must be approved in advance in SSD Online. Some requests will be automatically approved upon submission, while others will require documentation. Requests that require documentation review may take approximately 7 weeks to process from the date we receive all documentation.

- The SSD coordinator works with the test coordinator to determine which students will be using the EL support of 50% extended time and submit the request in SSD Online by the EL deadline.
- Each school must have 1 SSD coordinator but may have more.
- For detailed instructions on how to get access, see collegeboard.org/ssdonline.
- If a student needs temporary assistance for an injury such as a broken hand and requires a large-block answer sheet, contact the SSD office. The support must be requested and approved before test day.

Review Approved Students
The SSD coordinator will:

- Identify students who will be testing this year and confirm accommodations.
- Use the dashboard in SSD Online to look up students or print the eligibility roster. The roster lists all students approved for accommodations at your school.
- Submit a request in SSD Online for new students or students who need accommodations that have not yet been requested.
- Verify the following information for students with previously approved accommodations:
  - The accommodations approved match the student’s current identified accommodation needs. (Submit updates in SSD Online.)
  - The student's name, birth date, and graduation date are correct. (Submit a name change form to make any updates.)
- Mail or fax updates to the eligibility roster (e.g., removing students no longer at your school). Contact information is provided at collegeboard.org/ssdonline.
- Submit requests in SSD Online for newly enrolled transfer students with previously approved accommodations to your school’s SSD dashboard. On the first screen of questions, respond that a request for accommodations has already been submitted, and that the student is a transfer student.

Download and Verify the NAR
The SSD coordinator will need to supply the test coordinator with the NAR regularly in the weeks leading up to the test administration. The NAR, which can be accessed through SSD Online, will be available about 30 days before the primary test day and will be updated as accommodations are approved. As additional accommodations are approved, the SSD coordinator should notify you to place test material orders for your additional students, including students testing in the accommodated window and EL students who will be testing with the 50% extended time support. After the test material orders are placed, you should obtain an updated copy of the NAR from the SSD coordinator. A final NAR should be provided to the test coordinator in the days before testing to ensure proper planning for test day.

If students are approved for accommodations after the ordering system is closed, the SSD coordinator can contact the SSD office to arrange for materials and add these students to the NAR.

Set Up Computers for ATC Users
The ATC format is composed of Microsoft® Word files that have been created to work with assistive technology such as screen magnification or screen readers. If the student is using a Mac® for the ATC format, the Microsoft Word software must be installed.

The proctor should:

- Print the student’s last name, first name, and middle initial on the back of the ATC packaging.
- Remove each USB flash drive from its packaging.
- Insert the USB flash drive into a USB port on a computer that has Microsoft Word and the student’s usual assistive software installed (JAWS® or ZoomText®, for example).
- Enter the password on the flash drive package. Students will need access to the password when taking the test.

Set Up Computers for MP3 Audio Streaming
For students testing with the MP3 audio format, the audio version of the test will be delivered via a streaming application. You’ll need internet access to download the application and test content. Internet availability will be disabled by the application once testing begins. A sample test form will be made available to ensure your school’s computers can support MP3 audio streaming.

IMPORTANT: The MP3 streaming application must be installed prior to test day. The application has to be installed on the user account that the student will be signed into on test day. (The MP3 streaming application will be visible as a desktop icon ONLY on the user account it was originally installed on.)
Once installed on a PC or Mac, the streaming application appears as an icon on the desktop. (Chromebooks require you to launch the software from the Apps link.) Only the SSD coordinator (or designated school staff) can launch the application, using their username and password.

Three steps are required to ensure successful use of the MP3 application:

1. Provide a school computer to each student who needs one.
2. Install the streaming application on the computer of the SSD coordinator (or designated staff member), and launch the sample test form before test day to ensure functionality.
3. Once you have confirmed the functionality on your school's computers, install the MP3 streaming application on each student's computer, using the account that the student will use to sign in on test day. Launch the sample test form on each computer that will be used on test day.

**IMPORTANT:** If you’re using flash drives because your school can’t administer the MP3 audio streaming format, follow instructions under Setting Up Computers for MP3 Flash Drives on page 66 to prepare computers ahead of test day.

### Download the Streaming Application on PCs and Macs

On Windows PCs and Mac computers the application must be installed by the SSD coordinator or designated staff with appropriate rights to install applications. Install the application on each machine prior to the testing administration using the same user account that the candidate will be using on test day. The MP3 streaming application icon will ONLY be visible to the user account where the software was installed.

The SSD coordinator or other designated staff member should:

1. Sign into their user account on each computer.
2. Sign into SSD Online and find the link to download the streaming application on the MP3 Streaming Instructions page.
3. Download and install the application. Once installed, the application will appear as an icon on the desktop.

**IMPORTANT:** Students are not permitted to test using a personal device. All computers for testing must be school-issued.

### Download the Streaming Application on Chromebook

Chromebooks are usually managed by your school’s IT department. The MP3 streaming application can be pushed to all managed Chromebooks by your IT administrator. The SSD coordinator or other designated staff member should share the information in Installing the MP3 Streaming Application on Chromebooks on page 66 with the IT administrator who manages your school’s Chromebooks. The SSD coordinator or designated staff member will not need to download the application, but will still need to confirm the application icon is visible on all Chromebooks and test the functionality by accessing the sample test form.

### Access the Sample Test Form on Each Computer

Before test day, the SSD coordinator or other designated staff member should:

1. Double-click the desktop icon to open the streaming application.
2. Sign in to the application with their SSD Online username and password. (Contact the SSD office if assistance is needed.)
3. Select the **System Check** button under the text “Check my system.”
4. On the next screen, enter your school (AI) code.
5. Select Assessment Type **Sample Form** from the drop-down. All other fields will be auto-populated.
6. Select the **Confirm SSD** button.
7. Select **Sample** from the Form Selection drop-down and select **Single Day** in the second drop-down. Select **Continue**.
8. Review the information on the Selection Summary screen, select **Confirm** and then select **Begin Form Download**.
9. Once the form is downloaded, select **Begin Test** and confirm in the pop-up window.
10. You will see a list of test sections. Double-click each section to play the sample test form audio. To return to the list of sections, select the small square **Stop** button in the toolbar at the bottom of the screen. Once you have verified the sample form is working, you may exit the application by clicking the **End Test** button in the upper-right corner, and confirm in the pop-up window.

**IMPORTANT:** The sample test form shows all test sections in a single-day format. This will not be the case on test day. The actual test will be different, since students using the MP3 audio format must test over two days (Sections 1 and 2 on Day 1 and the remaining sections on Day 2).
KEY INFORMATION

Types of Accommodations and Materials
College Board offers extended time; special formats such as braille, MP3 audio, and large-print materials; and other accommodations to approved students with documented needs. Some students may be approved for one or more alternate test formats. A brief explanation of how to administer these accommodations follows. See Materials Provided for Accommodated Testing on page 34 for a list of the materials provided for specific accommodations.

The information here, along with the information on the NAR, will help you plan for administering the test to students using these formats. It’s also included in the SAT School Day Accommodated Testing Manual.

Accommodated Timing and Breaks
Some of your students may be approved for accommodations that require different timing and/or breaks for one or more sections on the test.

- Students will get extended time only for the subject area(s) they’re approved for (e.g., math only or writing only). Exception: Students approved for extended time for reading and EL students testing with 50% extended time will receive extended time for the entire test.

- Your proctors may need to use combinations of scripts for some students. See the Overview of Accommodated Timing and Breaks on page 70 in the Appendix for detailed information about which scripts to use for various accommodations. The NAR also has instructions for which script(s) to use for each student.

- A student can be approved for accommodated breaks of various types. During their breaks, students who are approved for extra breaks, extended breaks, and breaks “as needed” are still subject to the same regulations that apply to standard breaks. Post break times for them as noted in the scripts.

See the SAT School Day Accommodated Testing Manual for more information about accommodated breaks and timing.

When Accommodated Students Test
As shown in the NAR, many accommodated students will use standard (purple) test books to test in one day. These students must test on the primary test date along with other students using standard materials. Students approved for large print (14-point type) also test on the primary test date.

Students approved for certain accommodations, such as MP3 audio format, use of support staff (e.g., a reader or scribe), or 100% extended time, are eligible to test during the accommodated testing window. Some of these students will still be able to test in 1 day, while others must test over two (or sometimes more) days.

The SAT School Day Accommodated Testing Manual includes scripts for both 1- and 2-day accommodated testing.

Accommodated Testing on One Day
The first three scripts in the SAT School Day Accommodated Testing Manual can be used for all types of one-day testing.

- Script 1: Standard Time with Accommodations
- Script 2: Standard Time with Extra Breaks
- Script 3: 50% Extended Time for One-Day Testing. This script covers 1-day testing for students:
  - Testing with 50% extended time for math (Math Test only)
  - Taking the SAT without Essay and testing with 50% extended time for reading, use of a reader or scribe, or the 50% extended time EL support (entire assessment)
  - Taking the SAT with Essay and testing with 50% extended time for writing (Essay only)

Accommodated Testing During the Window
The accommodated testing window begins on the primary test date and extends through the following two weeks. Testing during the window encompasses combinations of accommodations, and may involve using the following scripts or combinations of any of the scripts in the manual. The NAR includes specific instructions for combining scripts.

- Script 4: 100% Extended Time. This script covers:
  - 1-day testing for math only, 100% extended time
  - 1-day testing for writing only, 100% extended time on the SAT with Essay
  - 2-day testing for reading, 100% extended time
  - 2-day testing for combined math and writing, 100% extended time on the SAT with Essay

IMPORTANT: Students using the ATC format must receive 100% extended time for Section 2. All other sections should be timed based on the student’s approved accommodations.

- Script 5: 50% Extended Time for Two-Day Testing. This script covers 2-day testing for students taking the SAT with Essay with 50% extended time on the entire test.
- Script 6: MP3 Audio Format Script. This script covers 2-day testing of students using the MP3 audio format, including 100% extended time, plus an additional 45 minutes for Section 2 of the test.

Accommodated Testing Over Two Days

Students may only test over 2 days if they are approved for an accommodation or support that requires 2-day testing. Students with accommodations that require more than 6 hours of testing (including breaks) will test over 2 days. This includes:

- 50% extended time for entire SAT with Essay
- 100% extended time for Math and Writing on the SAT with Essay
- 100% extended time for entire SAT or SAT with Essay
- MP3 audio format
- Students approved for limited-time testing

All students testing over 2 days should be tested as early in the window as possible and over consecutive days whenever possible. Students who are absent on the second day should resume testing on the day they return to school. In most cases, testing on the first day will end with Section 3. The proctor will return the materials to you for secure overnight storage. Students will complete the test on the second day.

Test Aids and Support Staff

Students may be approved for support staff—such as a reader to dictate test questions or scribe to record responses—or test aids, such as a computer or braille device.

Students who are deaf or hearing-impaired may be approved to have:

- A sign language interpreter translate test directions from spoken English.
- A copy of the spoken directions and/or blank paper for communicating with the proctor available on test day.

Students assisted by a reader:

- Take the test with 50% extended time unless already approved for 100% (or more) extended time. If taking the SAT with Essay, these students will test over 2 days.
- Test in a 1-to-1 setting.
- Will be provided a reader script (for use by the reader), a regular-type test book for student use, and a separate Essay book. If approved for other accommodations, the student may also be provided additional test materials (e.g., braille graphs and figures).

Readers may read only what is in the script (they may not elaborate), but may repeat questions as often as requested.

Students who use readers or audio files in conjunction with other formats will find the two texts may differ slightly because the script read by a reader or the one recorded on the audio file describes the figures in greater detail than in other formats.

Students who are assisted by a scribe:

- Take the test with 50% extended time unless already approved for 100% (or more) extended time. If taking the SAT with Essay, these students will test over 2 days.
- Test in a 1-to-1 setting.
- Must provide punctuation as they dictate the essay.
- Do not need to dictate spelling unless the spelling is unclear or the word is unfamiliar to the scribe.
- Cannot receive any grammatical or usage corrections from the scribe.

When students are approved for the use of a computer for the SAT with Essay:

- They are approved only for the use of a word processor to complete the Essay question.
- The computer can’t be used for the multiple-choice portion of the test.

Other software or assistive technology, such as screen readers, may only be used when specifically approved in SSD Online.

General Notes for Electronic Devices

Computers used for the MP3 streaming application must have internet access; once the test is launched, access to other applications will be disabled. Make sure that any other electronic device used for testing, including a computer for use of an ATC format, a braille writer, or any magnifying machine, is not connected to the internet or to any network (disable all LAN or ethernet connections). Disable all unapproved assistive features such as spell checkers, grammar checkers, thesauruses, dictionaries, or word processing features (for example, cut and paste). Any device or computer or monitor connected to a magnifying device must not be able to copy, store, or print the magnified images. Any capability for recording, storage, snapshot, or transmission of data, whether in the form of pictures, text, or other information, is strictly prohibited.

To be scored, all typed essays must be printed out according to the guidelines outlined in Administering Computer Use for the Essay. All written responses must be deleted from the equipment following successful printout.
Administering Computer Use for the SAT Essay

Students approved to use a computer for the SAT Essay must use a school-provided computer with word processing software that is connected to a working printer. Students may not use their personal computer or one belonging to their family. Use the page settings below to help you set up the essays to print properly for accurate scoring.

- Use letter-size paper, printing portrait style with double spacing between lines.
- The top margin should be 2 inches; bottom and side margins should be 1 inch.
- Use Times New Roman or Arial font.
- Font sizes and page limits should match the student’s approved accommodations:
  - Standard size (most students): 10-point font and 4-page limit
  - Large Type—14-point: 14-point font and 6-page limit
  - Large Type—20-point: 20-point font and 10-page limit

After testing, the proctor should print and save an extra copy of the typed essay with the student’s name written on it, and give it to you for your records.

IMPORTANT: The MP3 streaming application allows students to type their Essay directly into the application. All page and font settings are automatically preselected by the application, and no additional set up is required.

Large Print

Students who test with large print (14-point, 20-point, or larger font) test with standard time and breaks unless approved for other accommodations. Students using test books with larger than 14-point print must test in an accommodated room.

Braille Test Formats

- Students who test with braille test formats test with standard time and breaks unless approved for other accommodations.
- Braille test formats are in Unified English Braille (UEB) with Nemeth Code for math.
- To supplement each braille test and accompanying braille Essay book (when applicable), a regular-type test book and Essay book are included for your use as a reference. A reader’s script will also be sent in case the student asks to have a question read.

Students taking the braille test or using the graphs and figures supplement may refer to the guide during the test. The Braille Reference Information contains math reference material required for the braille test.

Braille Graphs and Figures

Some students who don’t read braille may be approved to use the accommodation of braille graphs and figures (along with a reader or MP3 audio format). Labels and numbers given with braille figures can be found in corresponding locations in both the regular and large-print tests.

Braille Writers

Manual braille writers (e.g., Perkins Brailler) may be used for all test sections, but unless otherwise approved, electronic braille writers/notetakers (e.g., BrailleNote) may only be used for essay writing and math calculations. An electronic braille writer may not be connected to any network, but it must be connected to a monitor so the proctor can see what the student is typing. In addition, a student may not use their own computer or a computer belonging to their family as a braille writer.

MP3 and ATC

The MP3 audio format is provided via a streaming application and requires a computer with internet access. (If your school has been approved to use MP3 audio flash drives instead of streaming, flash drives will be provided. See the Appendix for flash drive-specific instructions.) To use either format, a student must have a school-provided computer. Chromebook, Mac, and Windows formats are supported. The ATC format is provided on a flash drive and requires each student to use a school-provided computer that has a USB port; tablets may not be used to take the test. If your computer only has smaller Type-C USB ports in place of the full-sized USB ports, you will need a USB–to–USB-C adapter to connect a flash drive. Whenever possible, students should use earphones when testing with an audio format or text-to-speech software.

The MP3 audio format is an audio recording of the test. It is delivered via a streaming application and consists of read-only files.

- Setup for MP3 testing should be done in advance of test day to ensure a smooth administration.
- If your school’s computers require login credentials, the person who installed the program before test day must also be present on test day to sign into each computer and start the application.
- If your school has been approved to use MP3 audio flash drives, they also must be set up in advance of test day. The MP3 flash drives contain read-only files and a built-in player to deliver the test content. Information for schools that have approval to use flash drives appears in the Appendix.
All students using an MP3 audio format will test with 100% extended time for the entire test and will have an additional 45 minutes to complete Section 2. These students test over two days.

The ATC format is composed of five Microsoft Word files created to work with students' assistive technology, such as screen magnification or screen readers. The ATC format has been tested with ZoomText (with and without reader), JAWS, and NVDA, on both a PC and a Mac laptop. If you have a student who is using other assistive technology, encourage them to try a practice test, as some of the freeware or less commonly used screen readers may not be compatible with ATC files. When using VoiceOver on a Mac, the student must use the mouse, not the keyboard, for navigation. Additionally, Kurzweil doesn’t offer enough functionality to be used for the SAT.

Students using the ATC format need to double-click on a separate file for each section and enter the password printed on the ATC packaging. When timing of each section ends, they need to close the file. The proctor should allow these students to keep the ATC packaging at their desks and be ready to help students locate the password on the inside flap of the envelope and give them time to open the file before starting the timed section. Once a student has successfully entered the password for a test section, they should be instructed to place the ATC packaging under their desk.

Materials Provided for Accommodated Testing

For some accommodations, you’ll receive regular and large-print test books and/or regular and large-block answer sheets and instructions. These extra materials are included to cover the different needs of your students and support staff, where applicable. You will return any unused materials with the test book returns after all testing is completed.

IMPORTANT: Refer to the NAR to see what specific materials to give each student according to their approved accommodations/supports.

Prepare Your Students

TASKS

Inform Students About SAT School Day
Several weeks before test day, meet with students, including those with accommodations, to review important information for test day. Let them know their schedule and that lunch won’t be served until after testing ends for the day.

Distribute the SAT School Day Student Guide, delivered in your preadministration shipments, to your students as soon as possible.

Tell your students they can send their test scores to up to four eligible colleges, universities, or scholarship programs for free. Have them visit collegeboard.org/sat-codes to look at the score reporting code list for domestic and international educational institutions and scholarships. Also remind students to access Official SAT Practice on Khan Academy® for free, personalized online SAT practice at satpractice.org. Developed with actual test items from College Board, Official SAT Practice is tailored to each student’s strengths and areas they need to work on.

Students can find answers to general questions about the SAT and what to expect on test day at sat.org. Be sure to let them know that School Day testing has been arranged and may differ from weekend testing in a few important respects (for example, the dates of testing and of score release are not the same as those for the weekend administrations). Let students know how the SAT helps their college and career planning.

Inform Families About SAT School Day
We also suggest you inform students’ families of what students can expect on test day and what the SAT means to students’ college and career planning. Let them know about free practice from Khan Academy. And make them aware of the 4 free score sends and additional privacy policies as described in the SAT School Day Student Guide so they can discuss them with their child.
KEY INFORMATION

When and Where to Report
Students should arrive by the regular start of the school day and go straight to the waiting area where you have instructed them to congregate. Share the following with students:

- Admission to the testing area starts at about 7:30 a.m. All students should be in their assigned rooms by 8 a.m. (Times can be adjusted based on your school’s usual start time.)
- Students may not go to their lockers or leave the building during testing. When dismissed, students should return to the waiting area and await dismissal for lunch.
- Lunch will be served after, not during, testing.

What to Bring on Test Day
On test day, students must bring the following:

- Two No. 2 pencils with soft erasers; no pens or mechanical pencils.
- Acceptable calculator (for the Math Test – Calculator portion of the test only).
- Acceptable photo ID if a student is unfamiliar to testing staff or testing at a school they don’t usually attend.
- Signed and notarized SAT School Day Student ID Form with an acceptable photo if a student doesn’t have an acceptable photo ID or is homeschooled. (A homeschooled student should live within 75 miles of the school where they’re testing.)
- Earphones, if the student is approved for use of an ATC or MP3 audio format.

We also recommend that students bring:

- A watch that has no audible alarm or communications/recording capabilities.
- Snacks and drinks (which must be packed away during testing).
- Extra batteries and a backup calculator.

What Not to Bring on Test Day
Students may not have the following in the test area or break area, except in the case of approved accommodations:

- Electronic equipment including phones of any kind, personal computing devices (laptops, notebooks, Bluetooth devices, or tablets), cameras, timers, audio players/recorders, wearable technology, digital watches, including smartwatches, that can be used to record, transmit, or receive information, or any other prohibited devices.
- Highlighters, rulers, earplugs, dictionaries or other books, pens or mechanical/colored pencils, or pamphlets and papers of any kind (including scratch paper).

Marking the Answer Sheet
Correctly marking the answers is very important. Marks that are too light or that do not completely fill the bubbles won’t scan properly and could lead to lower scores.

- Two No. 2 pencils with soft erasers are required. Mechanical pencils are not allowed because they may punch through the answer sheet or may not have No. 2 lead. Marks made with the wrong kind of lead don’t scan properly.
- Students must fill in each bubble darkly and completely. Students using a large-block answer sheet must mark X’s darkly in the squares. If students need to erase a response, they must do so as completely as possible.
- Students may not use a pen to mark or write on their answer sheet. Information written or gridded in ink will scan as blank.
- Students must mark their answers on the answer sheets—no credit is given for answers recorded in the test book (unless College Board has approved this accommodation).

Staff should not, under any circumstances, review answer sheets for completeness or make any corrections or changes to the marks made on them, except to confirm that students have filled out identifying information.

**IMPORTANT:** College Board will not adjust scores in cases of failure to follow instructions for marking the answer sheet.
Important Reminders for ATC and MP3 Users
Share these important details with your ATC and MP3 audio format users ahead of test day.

- Students using the MP3 audio or ATC format with text-to-speech should use earphones. Students are responsible for bringing their own earphones. Bluetooth capabilities are not allowed.
- Students using either format should practice to become familiar with the software before testing. For tips and practice tests, go to collegeboard.org/students-with-disabilities/after-approval.
- The MP3 audio test requires 100% extended time testing (over 2 days) plus an additional 45 minutes for Section 2 (Writing and Language Test).
- The ATC format will be administered with the same approved timing as a paper test format with one exception: Section 2 requires 100% extended time.
- Students use ATC and MP3 formats to access test questions, but still must record their answers on an answer sheet (or other method according to an approved accommodation).

Prepare Your Materials

TASKS

Identify Authorized Staff
Provide a list of authorized staff to all personnel who will be handling test materials. Remind your staff to carry identification at all times during test day and never to allow unauthorized individuals near test materials.

**IMPORTANT:** Any staff member, including the coordinator, who will have access to test books before test day must not have a child or member of their household taking the same College Board test in the same window at any test site. In such instances, the related student’s scores are subject to cancellation.

Check the Preadministration Materials Shipment
Preadministration materials typically arrive in one or more separate shipments. Contents include:
- Answer sheets
- Large-block answer sheets, if applicable
- *Student Answer Sheet Instructions* (in large print as well, if students are approved for them)
- Copies of the *SAT School Day Student Guide*
- Testing manuals

Check Pre-ID Labels Shipment
If your school is using pre-ID labels, you will receive a separate shipment containing the labels and a Pre-ID Label Instructions memo.

See Preparing for the Preadministration Session for Schools with Pre-ID Labels on page 41.

Check the Test Materials Shipment
All testing materials, for both standard and accommodated testing, will be shipped to the test coordinator and may arrive in multiple shipments. You should receive testing materials no later than 5 days before test day. We recommend you go online to ordering.collegeboard.org to check on the status of your order because materials may ship and arrive at different times.

**IMPORTANT:** If your school will be on break the week before testing, please notify School Day Support at least a few weeks before the ordering deadline so the delivery date can be changed.

Each shipment may include more than one box. One box will contain a summary list of all test materials in the shipment.

- Check the contents of the test materials shipments within 24 hours of delivery so we can get missing or extra materials to you in time, if needed. Use the packing list(s) to make sure all items are accounted for. Do not remove any testing materials from the test site without the consent of the Office of Testing Integrity (OTI).

- If you do not receive testing materials by the expected date, call School Day Support.

See SAT School Day Materials Table on page 8 for further information about each shipment.

Your shipments will include:
- Shipment-level shipping notice and box-level materials list. One box will contain a summary list of all materials in the shipment, and each box will contain a list of materials in that box.
- Standard SAT test books and, if applicable, Essay books
- Accommodated materials, as ordered for individual students approved to use them

**Be sure to test each student with the correct materials as specified on the NAR.**

- Box(es) or UPS Express Pak(s) with preapplied labels for returning used answer sheets (including materials for both standard and accommodated testing)
Prepare Your Materials

Before Test Day

- Pink IR labels to affix to all answer sheet return packages if returning one or more IRs
- Loose preprinted UPS label(s) for returning all test books and unused answer sheets
- School Day Coordinator Testing Materials Kit:
  - Extra copy of the *SAT School Day Coordinator Manual* and *SAT School Day Standard Testing Manual*
  - Forms and posters
  - Envelopes for returning other critical materials
  - Tape to seal the boxes when you return materials
- School Day Testing Materials Coordinator Kit for Accommodated Testing Window:
  - Extra copy of the *SAT School Day Accommodated Testing Manual*
  - Forms and envelopes for returning critical materials
  - Tape to seal the boxes when you return materials

Your testing materials shipments of standard and accommodated test books will be packaged in serial-number order as follows:

- SAT multiple-choice test books with purple-accented covers, in bundles
- If applicable, Essay books with a purple bar and Essay icon, in bundles
- For accommodated testing during the testing window: Alternate test formats, with blue covers, and if applicable, Essay books with a blue bar and Essay icon. Includes formats such as braille, MP3 audio, ATC format, reader scripts, etc., and large-block answer sheets (if necessary).

Extra standard test materials are usually included in the shipment. They may be used for students added on test day (on a case-by-case basis) or to replace defective materials.

**IMPORTANT:** If you need additional materials, call School Day Support immediately.

After you check the test materials, reseal the cartons with the tape provided. Sign your name across the tape and extending onto the carton and store the sealed cartons until the test date in a locked, secure area that's not widely accessible. Do not store materials in a classroom, trunk of a vehicle, or residence. Never allow students to transport test materials.

![Check the sealed cartons daily, and contact OTI immediately if there is any evidence of tampering.](image)

Create a Testing Room Cover Sheet

In preparation for distributing materials to your proctors, we recommend that you create a testing room cover sheet for each testing room. Include the following information:

- Number of students assigned to a room
- Type of test administered in the room—standard or accommodated (e.g., 50% extended time)
- Name of proctor administering the test in that room
- Monitor name(s) (if applicable)
- Testing room code
- School (AI) code

Assemble Testing Room Packets

As close to test day as possible, you’ll need to create packets for your testing rooms. This will make distributing materials to proctors much easier on test day. We recommend that you place the packets into bins. Sort materials to create a packet for each testing room.

Use the following items to create your testing room packets:

- Testing room cover sheet.
- Testing Room Materials Report form (you’ll finish filling this out on test day).
- A copy of the room roster you created or NAR showing students assigned to the testing room.
- Answer sheets (for the students assigned to each testing room):
  - Prelabeled answer sheets and/or answer sheets used in a preadministration session.
  - Blank answer sheets or large-block answer sheets, if necessary (plus a few extra if using prelabeled and/or pregridded answer sheets).
Prepare Your Preadministration Session

Plan the Session
Holding a preadministration session in advance of test day allows students to fill out their identifying information on the answer sheets early to reduce test administration time and extra test day activities. There are several tasks you should plan for to ensure a successful preadministration session.

TASKS
- Use your Master Student List of who will be testing (both standard and accommodated students).
- Work with your SSD coordinator to identify which students on the NAR should receive a large-block answer sheet instead of a standard one. If you're waiting for approval to use large-block answer sheets for any students, don’t have those students participate in the session. Have them fill in their information on test day instead, or in a later preadministration session if you have enough students to warrant one.
- If your school is using pre-ID labels, follow instructions under Preparing for the Preadministration Session for Schools with Pre-ID Labels.
- Inform students of the planned sessions. Tell students they’ll need No. 2 pencils with soft erasers for the preadministration session, where they’ll answer various questions about themselves and their interests. Alert them in advance to come prepared with:
  - A list of 4 colleges, universities, or scholarship programs they want their scores sent to. Students may select score recipients during the preadministration session and on test day.
  - Their top 3 college majors.
  - Student ID number (depending on school, district, or state requirements).
  - Email address (optional).
- Determine how you plan to conduct the preadministration session (for example, in a class, in an assembly for students taking the test, or in small groups). Work with your school administration if additional space is needed to conduct the session.
Prepare Your Preadministration Session

Before Test Day

- Determine staffing needs prior to preadministration. Depending on the way you plan to conduct the preadministration session and the number of students you’re testing, the preadministration session may be conducted by you, or you may need 1 or more staff to conduct multiple sessions.
- Before the preadministration, meet as a group with the staff who will administer the sessions.
  - Distribute copies of the manuals and instruct them to become familiar with the preadministration scripting.
  - Review roles and responsibilities of staff conducting the sessions.
  - Review the materials students will use during the session: answer sheets, pre-ID labels and the Pre-ID Label Instructions memo (if applicable), and Student Answer Sheet Instructions.
  - Instruct staff to display the 6-digit school (AI) code in a prominent place in the preadministration room for students to see.

Preparing for the Preadministration Session for Schools with Pre-ID Labels

**TASKS**

**Check the Pre-ID Labels**

The labels are sorted, either alphabetically by grade or by an optional sort code (labeled “Sort”). The label looks like this:

<table>
<thead>
<tr>
<th>SAT</th>
<th>AI: 123456 Gr: 12 Sort: 123AB</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>WASHINGTON GEORGE</td>
</tr>
<tr>
<td></td>
<td>1880 BROADWAY NEW YORK NY 10023</td>
</tr>
<tr>
<td>ID:</td>
<td>x123 G: M DOB: 03/01/02 R/E: A-BE,B-C Em: N</td>
</tr>
</tbody>
</table>

All of the data fields provided for a student appear on the label. Some data fields are shortened on the label, although the complete data are captured in the barcode. For example, only the last 3 digits of the student ID are printed on the label, very long student names may be cut off due to space constraints, and a yes/no indicator is used to convey whether email has been provided.

The data provided on the labels may include:
- Assessment
- School (AI) code
- Sort group (optional)
- First name, last name, and middle initial
- Mailing address (street, city, state, zip)
- Student ID
- Gender
- Date of birth
- Grade
- Race/ethnicity identifier
- Email indicator

**Verify and Apply Labels**

As soon as possible after you get the labels, confirm they’re correct.

- Check the labels:
  - Is the school (AI) code correct?
  - Do the students named attend your school?
  - Is the grade level correct?
- If your labels show incorrect data for the fields listed above:
  - Contact School Day Support immediately.
  - Shred or securely destroy incorrect labels.

**IMPORTANT:** Do not use incorrect labels—they cause discrepancies in score reports and billing.

- If your labels show correct data for the school, attending students, and grade level, check them for the following:
  - Students who have the wrong address and/or race/ethnicity but correct data for all other fields—use these labels; students will fill in their correct addresses on the answer sheet.
  - Students who have other data fields that are incorrect (e.g., student ID number or date of birth)—shred or securely destroy these labels.
  - Students who are no longer enrolled at your school—shred or securely destroy these labels.
- Prepare your answer sheets for the preadministration session:
  - All students use the same SAT answer sheet whether they are taking the SAT or the SAT with Essay.
  - Set aside enough blank answer sheets for students who don’t have correct labels. If possible, plan to hold a separate preadministration session for these students.
Before Test Day  
Conduct the Preadministration Session

- If you have requested, but not yet received, College Board approval for any students to use a large-block answer sheet, postpone their preadministration until you confirm their approval.
- Apply your verified labels in the shaded box on page 1 of the answer sheets. Place each label as accurately as possible within the box.
- Organize your labeled answer sheets by alphabetizing them within preadministration groups before securely storing them. Remind proctors to return answer sheets to you in alphabetical order after conducting the preadministration session.
- Make photocopies of the Pre-ID Label Instructions memo to share with each staff member assisting students in the preadministration session.

Conduct the Preadministration Session

Some students who take the test may be absent for the preadministration session. The two testing manuals (for standard testing and accommodated testing) include instructions for assisting students to complete the student information questions after testing is completed. If you have a large enough group of these students, consider assigning them to a separate testing room so they can complete the nontest portion of the answer sheet without delaying other students.

TASKS

Staff who are conducting the session will need to use the scripts in the appropriate manual under the heading Conduct the Preadministration Session. Be sure to distribute the necessary copies of the manual to staff who need them.

Direct your staff to choose the script that matches whether you have unlabeled answer sheets or answer sheets with pre-ID labels.

- If your school is using answer sheets with pre-ID labels, instruct proctors to update the script under Script for Answer Sheets with Pre-ID Labels based on the information listed in the Pre-ID Label Instructions.
- Before starting the session, staff should post any information the students will need, such as the 6-digit school (AI) code.
- Staff will give each student an answer sheet, and a copy of the Student Answer Sheet Instructions.
- If your school has pre-ID labels, make sure your staff is prepared to correctly match the labeled answer sheet to the student whose information is on the label.
- Staff may also need to assist students with blank answer sheets if a separate session can’t be arranged for them.
- Staff will read aloud the scripts in shaded areas and pause when [pause] appears to give students time to follow instructions. Instructions for the proctors that shouldn’t be read aloud appear outside the shaded areas.
- Not every school uses the same approach to various fields on the answer sheet. Tell staff to watch for scripts with letter designations and read the script that applies to your school.
- The scripts guide students to fill in any required information (if not provided on a pre-ID label) by filling in the appropriate bubbles (or squares on a large-block answer sheet).
- Students will need to reference the Student Answer Sheet Instructions for some questions on their answer sheet.
- Students will have the opportunity to add or change their 4 free score sends on test day.
- Students will skip fields A–D on the back of the answer sheet because these sections are completed on test day.

- If you are using pre-ID labels, we strongly recommend that you hold an additional preadministration session for any students who don’t have pre-ID labels or who have incorrect labels. Staff will need to use the Script for Unlabeled Answer Sheets for these students.
- After the preadministration session is complete, collect all answer sheets and Student Answer Sheet Instructions from staff. We recommend you sort answer sheets by testing room, as described in Assemble Testing Room Packets on page 39. Answer sheets must be securely stored until test day. Keep the Student Answer Sheet Instructions to add to the testing room packets for test day distribution so that students can add or change their 4 free score sends on test day.
Follow Your Test Day Schedule

TASKS
To ensure standardization across all School Day testing, adhere to the prearranged schedule as closely as possible. The Sample Standard Test Day Schedule on page 59 is based on average opening times for schools.

Holding a preadministration session before test day can reduce the time students spend completing nontest administrative tasks on test day. However, if you aren’t able to hold a preadministration session before test day, or if you have students who missed the preadministration session, the script will guide the proctor to collect required information from students before beginning the test. After the test is completed, dismissal instructions allow the proctor to dismiss students who are finished and guide remaining students to fill in remaining optional information.

KEY INFORMATION
Timing of the Test and Breaks
The SAT is timed by section in all rooms, standard and nonstandard. Students must be given the test in the correct sequence with the entire amount of time; they may not move on to the next SAT section until time is called. Proctors can use the section timing chart(s) provided in the Appendix of their testing manual to help them accurately time each section.

Remind staff to follow these policies to ensure uniform timing of tests:
- Accurately time each test section. Students must be given the entire amount of time and cannot move on to the next SAT section until time is called.
- Record the start and stop times on the lines provided in the scripts and on the board for students to see.
- Announce the remaining time at regular intervals as indicated in the scripts.
- Immediately inform the test coordinator of any timing irregularities.
- Record irregularities and actions taken on the Irregularity Report (IR).

Scheduled Breaks
College Board policy requires every student to be offered breaks at regular intervals. Scheduled break time does not count as testing time.

Students who receive standard time on the entire test, whether taking the test with other accommodations or not, receive:
- a 10-minute break after Section 1
- a 5-minute break after Section 3
- a 2-minute break after Section 4 (if taking the SAT with Essay in an uncombined room)

During breaks after Sections 1 and 3, students may go to the restroom or to the area designated for eating snacks.

Some students may be approved for extra and/or extended breaks. Students approved for extended time on some or all of the assessment receive extra breaks. Specific timing instructions may be noted on the NAR.

The Overview of Accommodated Timing and Breaks on page 70 in the Appendix provides a visual guide to these requirements.

Unscheduled Breaks
When students take an unscheduled break, the clock doesn’t stop. To maintain security, staff should adhere to the following guidelines for permitting unscheduled breaks:
- Inform students they won’t get extra testing time.
- Allow only 1 student at a time to take an unscheduled break.
- Collect the student’s test book and answer sheet before they leave the room. Make sure the test book is the actual test book and not a substitute. Fan the book to make sure no pages have been removed. Also collect any EL supports (translated directions or glossary) the student may be using.
- Never leave the testing room unattended. If possible, have a monitor accompany the student. It isn’t necessary to record a student taking an unscheduled break on an IR unless you find the activity suspicious (e.g., frequent breaks or breaks in coordination with other students).
Equip Testing Rooms

TASKS

Provide Materials to Proctors

The morning of test day:

- Count test books before placing them in the packets for proctors. You’ll need to count them again when collecting materials from proctors and preparing them for return.

If a test book is missing, contact OTI immediately.

- Complete your testing room packets:
  - Break the shrinkwrap and add the multiple-choice test books (standard or accommodated) in serial number order, along with Essay books (standard or accommodated), if applicable, to each testing room packet.
  - Fill out the Testing Room Materials Report forms.
- Distribute testing room packets to proctors. Proctors must count the materials when they receive them from you.
- In addition to the testing room packets you provide to proctors, other items needed in the testing room are:
  - A pencil sharpener
  - A supply of No. 2 pencils
  - Extra calculators (if your school is providing them)
  - Supplies for collecting or storing personal items (e.g., clear plastic bags and sticky notes)

Post Signs

You or your proctors should post signs on the doors of testing rooms and in the adjacent hallways indicating that testing is in progress.

Information for Posting in Testing Rooms

Be sure to supply the 6-digit school (AI) code and the three-digit testing room code (if any) to your proctors as part of the materials you give them on test day. If needed, provide the school code and information for any students who don’t attend your school. Homeschooled students should record “970000” as their school code.

Staff must post the following information in a location visible to all students in the room, as noted in the scripts:

- Test date
- School name, city, state
- 6-digit school (AI) code
- 3-digit testing room code (or other room identifier)
- “SAT with Essay” and/or “SAT,” as appropriate
- “Use a No. 2 pencil only. Do not use a pen or mechanical pencil.”

Remind proctors who are testing students with formats that require computer navigation (e.g., MP3 audio format) to post relevant information on the board for these students, as indicated under Prepare the Testing Room in the SAT School Day Accommodated Testing Manual.

Admit Students to the Testing Area

TASKS

Manage Central Check-In

If you designated a central location where students can gather before testing begins, follow these procedures.

- Check ID for students you don’t recognize.
- Annotate your Master Student List as students check in.
  - Write a “P” (present) next to the name of each student who checks in.
  - If a student is ineligible to test, mark them with an “X” and dismiss them to the principal’s office for assignment to nontest activities.
  - After check-in is complete, put an “A” (absent) next to the name of any student who is absent. You’ll use this information to help you create a list for ordering makeup materials.
- Add student information for any student not on your original Master Student List. Use “M” to indicate students who are moved (see how to manage these requests later in this section).
  - Send students to the correct testing rooms. Station monitors at each entrance to help direct students.

Manage Classroom Check-In

If you’re having students check in at their testing room, plan to have proctors use the room rosters in standard testing rooms and the NAR in accommodated testing rooms to check in students as they arrive. You’ll use this information after testing ends to help you create a list for ordering makeup materials.

IMPORTANT: You’ll need to process any requests to change from standard to accommodated testing (or vice versa) centrally. Anyone requesting such changes should be directed to the test coordinator.

Staff should:

- Write a “P” (present) next to the name of each student who checks in.
- After check-in is complete, put an “A” (absent) next to the name of any student who is absent.
Add student information for any student not on the original room roster or NAR when a note is provided by the test coordinator.

Check ID for students they don’t recognize. If a student from another school can’t present acceptable ID, send them to the coordinator.

**IMPORTANT:** Alert your proctors that any changes from standard to accommodated testing (or the reverse) must be written and signed by the test coordinator for the student to present when entering the testing room.

**MAKE SURE THAT STUDENTS ARE APPROVED FOR ACCOMMODATIONS.** Providing accommodations to students who have not been approved will result in their scores being invalidated. Call the SSD office if you have any questions about providing accommodations to a student.

**Manage Late Arrivals**
See Admitting Latecomers for more information.

- If students arrive late, follow the procedure for central check-in.
- If students arrive before the timed test has begun, send them to their assigned room.
- If testing has begun and you have planned for a late-arrivals room, instruct the proctor to add the student’s name to the late-arrivals room roster.
- Students who arrive after the timed test has begun in the late-arrivals room cannot test. They should be marked as absentees on your Master Student List. Add them to the list of students requiring a makeup.

**Manage Requests to Change to Accommodated Testing on Test Day**
If a student presents a College Board eligibility approval letter and requests to test with accommodations that require a new room assignment, follow these steps as long as you have appropriate materials and enough staff and space available:

- Mark the student as moved by printing an “M” next to the student’s name in the original assigned room roster.
- Add the student to the accommodated room roster by printing their name and eligibility number at the bottom of the roster. Write a note to the proctor authorizing the change, sign the note, and give it to the student to present on entry to the testing room.
- Deliver test materials for the student to the testing room, and remember to update the Testing Room Materials Report form.

If a student requires specific accommodated materials that aren’t available, you may still have time to request materials for testing later in the accommodated window. If so, note the student as absent and immediately request materials for testing. If it’s too late to order materials for testing in the accommodated window, call the SSD office.

A student can be provided accommodations as long as they provide an eligibility approval letter, or if they are noted on your NAR, display as approved in SSD Online, or are listed on the eligibility roster from the online SSD system. If none of these circumstances apply, contact the SSD office for instructions.

**Manage Requests to Waive Accommodations on Test Day**
If a student requests to change from accommodated testing to standard testing, follow these steps as long as you have appropriate materials and enough staff and space available:

- Ensure the student has a signed letter indicating this request to waive approved accommodations (must be signed by the student or by a parent/guardian if the student is younger than 18). Keep the letter in the student’s file for future reference. (Don’t send it back to College Board.)
- Note the change on your Master Student List. Mark the student as moved by printing an “M” next to the student’s name and note the new testing room assignment.
- Write a note to the proctor authorizing the change, sign the note, and give it to the student to present on entry to the testing room.
- Deliver test materials for the student to the testing room, and remember to update the Testing Room Materials Report form.

**KEY INFORMATION**

**Admitting Extra Students**
Some students who recently enrolled in your school may be eligible to test there. You can accommodate these students as long as you have enough materials, staff, and seats. If unable to test them, include these students in your list of makeups needed, as detailed later in this section.

Photo ID is not required for students from your school who are familiar to the testing staff. If you’re asked to test students who don’t attend your school, you’ll need to check their identification. Advise these students to keep their IDs handy during test day. See Photo ID Requirements on page 69.
Admitting Latecomers
You can admit latecomers at your discretion if you can assign them to a room where the proctor hasn’t yet begun the timed testing or if you’ve set aside a late-arrivals room for testing groups of students who arrive late. Make sure latecomers are escorted to the appropriate testing room.

If you are admitting them one at a time to rooms where testing procedures are already in progress, they may be admitted only if the proctor hasn’t begun the timed portion of the test and is still reading the preliminary instructions, and if the student has time to read the instructions on the back cover of the test book.

A few things to note about admitting latecomers:

- The preliminary instructions include directions to complete required fields for students who have unlabeled or blank answer sheets. Before beginning the test, the proctor must ensure that students who are admitted during these preliminary instructions complete these fields.
- If you have a late-arrivals room, late testing should start no more than 45 minutes after testing has begun in the other testing rooms.
- Admittance to the late-arrivals room shouldn’t be allowed after other testing rooms have begun their first break. The proctor must close the door to the late-arrivals room before the first break occurs in other rooms.
- Ensure that testing in any late-arrivals room begins early enough to end before your normal school dismissal time.

Do not, under any circumstance, admit students to a testing room once the timed portion of the test has begun.

Handle Escalations
As a test coordinator, you’ll be called on to address many kinds of situations, most of which can be resolved on the spot. Always contact School Day Support if you encounter:

- Security breaches of any kind (suspicion of tampering, attempts to steal test materials, missing materials, etc.)
- Unauthorized visitors
- Events that interfere with testing procedures or require cancellation of testing or changes in reporting location
- Timing irregularities or other administration issues that may require a makeup test
- Observed misconduct that warrants dismissal, such as attempted impersonation, removing test materials from the testing room, or leaving the building during testing

Handle Dismissals
Do not allow students who have been referred to you for misconduct to return to the testing room. Explain the reasons for their dismissal and refer them to the Test Security and Fairness Policies provided in the SAT School Day Student Guide. Ensure that a complete description of the infraction(s) and actions taken by staff is provided on an IR. Escort the student to their normally scheduled class or follow your school’s predetermined protocol for students who are dismissed from testing for misconduct (e.g., the principal’s office). Students who are dismissed because of misconduct are not eligible for makeup testing.

If you or a member of your staff suspect that a phone or other electronic device has been used to view, record, or transmit test questions or answers, you should confiscate the device. In such cases, explain to the student that the device is needed for further investigation and will be returned to them. Contact School Day Support for further instructions.

Do not, under any circumstance, admit students to a testing room once the timed portion of the test has begun.
Refer to the Irregularity Chart on page 74 for further instructions on handling specific dismissals.

**Handle Student Complaints**

Many student complaints can be prevented by careful planning, preparation, and implementation of the procedures described in this manual. We sometimes receive the following types of complaints:

- Delayed check-in and testing
- No visible clocks or announcement of remaining test time
- Apparent mistimings or distracting noise
- Cheating

Report every student complaint, even those resolved on-site, on the IR. Advise students that all feedback is welcome. Tell them their scores may be delayed while their complaint is being reviewed, in the event that additional investigation is required.

Students with concerns can also contact College Board by the fourth weekday after the test date. (See contact information on the inside front cover of this manual if you need to provide this information to students.)

**Report Test Administration Irregularities**

**TASKS**

**Complete the Irregularity Report (IR)**

The IR form is scanned, so use a No. 2 pencil or a pen with blue or black ink, and do not write any notes or make any other extraneous marks on the form. Be sure to print all information neatly and fill in bubbles completely.

**IMPORTANT:** Always include the names of students and the answer sheet litho codes (8-digit serial number from bottom right corner of answer sheet) involved in an irregularity. (See the Sample Irregularity Report (IR) on page 84.)

- For all irregularities, fill in fields 1–4 (page 1) and field 10 (page 3) of the form.
  - In field 1, fill in “Form ___ of ____” (e.g., “1 of 3”) at the top of the box.
  - In field 4a, write your 6-digit school (AI) code.
  - In field 4b, fill in the appropriate bubble for your test date. Fill in your primary or your makeup test date according to what administration you’re reporting.
  - In field 4c, fill in the bubble if the irregularity has occurred during a makeup administration.

- To report a **group irregularity** (an issue that affects all or a portion of a testing room), fill in fields 6 (page 1), 9 (page 3), and 11 (page 4) to denote the type of occurrence, describe the events and actions, and list information about the students affected. You’ll need to note the date of birth and answer sheet litho code for each affected student.

- To report an **individual irregularity** (an issue that affects 1 student, such as illness), fill in fields 5 (page 1), 7 (page 2), and 9 (page 3) to denote the type of occurrence and the events and actions taken. Be sure to fill out the information in its entirety.

- In all situations, provide as much detail as possible. Do not attach answer sheets to the IR, but return them with the other used answer sheets.

**KEY INFORMATION**

**Using the Irregularity Chart**

The Irregularity Chart on page 74 lists the most common irregularities along with the procedures and actions you should use in response to them. When the chart indicates the need for immediate action, respond right away. The chart also indicates when you should complete and submit an IR and when you should order makeup tests.

**IMPORTANT:** Contact School Day Support immediately for timing irregularities or other issues.

Use the IR to record an irregularity, including:

- Security incidents
- Misconduct
- Test question errors or ambiguities
- Other incidents or disturbances
- Student complaints
- Staff misadministrations

Make sure reports are complete and explicit. Fill out just one form for each issue, even if it affects more than one student (such as mistiming).

Irregularities filed by proctors must be countersigned by the test coordinator, who should add any information that might be useful. Tell students that a report will be submitted, but inform them that if they feel they were affected, they can call to file a complaint.
Proctor Role During Testing

Administer the Test

TASKS

Prepare the Testing Room
Make sure proctors:
- Double-check that their testing room meets seating requirements, including guidelines for type and spacing of seats. (See Sample Seating Plans on page 69.)
- Assign seats at random or by prearrangement with the coordinator. Never allow students to select their own seats.
- Cover or remove any instructive material, such as maps and charts.
- Check the clock to make sure it’s working properly.
- Post information for students on the board.
- Read scripts exactly as written.
- Maintain security in the testing rooms.
- Have a plan to collect devices, such as cell phones and smartwatches from students, or have a designated area in the room for students to place their devices as they enter the room. Be sure to instruct students to power off their devices before collecting/storing them.
- Once testing has begun, complete the seating chart on the back of the Testing Room Materials Report form.

Count and Distribute Materials
Ensure that your proctors account for testing materials in the testing room as instructed in their manual. Proctors must count the test books:
- After receiving the materials from you
- After distributing materials to students
- After collecting multiple-choice books
- Before they dismiss students from the testing room

If administering the SAT with Essay, proctors must count the Essay books:
- After receiving them from you
- Before dismissing students from the testing room

If a test book is discovered missing after the students have been dismissed, contact OTI immediately. Do not return any test materials to College Board until you have spoken with a representative. Report the incident on an IR.

Admit Students to the Testing Room
The proctor will admit students one at a time, taking care to assign them seats at random or by prearrangement. The proctor will verify that students have powered off their cell phones as they are admitted to the room. If testing students in combined SAT without Essay and SAT with Essay rooms (standard testing only), the proctor should seat students taking the SAT without Essay in a group near the exit so they can dismiss these students easily with a minimum of security concerns before administering the SAT Essay. If your school is conducting classroom check-in, staff must check each student against the room roster as they enter the room, following the instructions in their manuals (see Manage Classroom Check-In on page 44).

Time the Test
The proctor times the test following the instructions in their manuals (see Timing of the Test and Breaks on page 43).

Maintain Security in the Testing Room

KEY INFORMATION

Preventing Copying and Communication
Copying and prohibited communication are the most common ways for students to obtain an unfair advantage. Staff must:
- Ensure proper spacing between students to prevent copying and communication during testing.
- Watch for use of cell phones or other prohibited items, or for “cheat sheets” written on paper, calculators, or clothing and shoes.
- Watch for signals. Students may signal across a testing room by using their hands, tapping their feet, using different colored pencils, and so on.

If the Irregularity Chart indicates to call School Day Support, report the situation immediately.

Monitor Breaks
Testing staff will need to monitor students during breaks to make sure they don’t discuss the test or use calculators, phones, or prohibited aids.

Report Irregularities
If proctors encounter security breaches or other situations that affect the test, they need to follow the reporting procedures provided in their manuals. These procedures are similar to those followed by the test coordinator, as explained in Report Test Administration Irregularities on page 47 under Your Role During Testing.
SSD Coordinator Role During Testing

Administer Accommodations
Staff testing students with accommodations may need to perform the following tasks, depending on the needs of the students. This information is also given in the SAT School Day Accommodated Testing Manual.

TASKS
Prepare Computers for Accommodated Testing
Students may be approved to use a computer for taking the entire test with certain formats or for taking the Essay. Before testing begins:

- **For the MP3 audio streaming format**: ensure each student’s computer is powered on and connected to the internet. The MP3 streaming application requires internet access to download the test form. Access to the internet will automatically be disabled once the test form is downloaded and students are instructed to begin testing.
- **For test formats on flash drive**: ensure each student’s computer is powered on and the flash drive inserted. Disconnect the computer from any networks and from the internet.
- Disable camera and recording functionality.
- Verify all spelling and grammar check tools are disabled so errors to be identified by the student as part of the assessment aren’t flagged by software running on the computer.

Monitor students to ensure they do not run spelling or grammar checks, access a thesaurus or dictionary, or use any unapproved calculators at any time during the test.

For students using formats delivered on flash drives (ATC) or web-based streaming app (MP3), the proctor should set up each computer for the appropriate test format before students enter the room.

**IMPORTANT**: Students should use earphones when testing with recorded audio formats (if used with text-to-speech software). Bluetooth features are not allowed. If earphones are not available, the student should be tested in a separate room.

Information about and instructions for setting up and testing computers is provided in the SAT School Day Accommodated Testing Manual.

KEY INFORMATION
The SAT School Day Accommodated Testing Manual contains detailed instructions on how to administer the test to students with accommodations, including:

- Extended time
- Accommodated breaks
- Large print
- MP3 audio
- ATC format
- Braille
- Braille graphs and figures
- Readers
- Scribes

Be sure that any staff testing students with these accommodations are familiar with this information and have the manual at hand.
After the Test

As test coordinator, you need to complete the test administration with the following activities. These activities may take place more than once: first on the primary test date, again for students testing in the accommodated testing window, and finally after any makeup testing. **Always keep materials in secure storage until pickup.**

Collect Testing Materials

You’ll need to collect all of the materials you provided to proctors in the testing room materials packets. If you created Testing Room Cover Sheets, check to make sure you received everything you distributed in the packets. Use your Testing Room Materials Report forms to ensure all serialized multiple-choice test books and Essay books (if applicable) have been returned.

**TASKS**

**Collect Materials from Proctors**

- Testing Room Materials Report form (or testing manual), with completed seating chart on the back.
- Annotated room roster and/or Nonstandard Administration Report (NAR).
- Multiple-choice test books, both used and unused, and Essay books (if applicable).
- Any additional test materials related to accommodated testing (such as scratch paper, test books with answers, printed essays, USB flash drives, etc.).
- Answer sheets, both used and unused (see What Is a Used Answer Sheet? on page 51). Make sure there are no answer sheets remaining inside test books.
- Any completed IRs.
- Student Answer Sheet Instructions.
- Supplemental Instructions memo, if applicable.
- Any printed translated testing instructions.
- Any word-to-word glossaries.
- Any completed Request to Cancel Test Score forms.

Also perform these tasks:

- Verify on the Testing Room Materials Report forms that the materials returned by each proctor match the materials you initially issued to them.
- **Count materials by hand.** Record your counts for use on the Coordinator Report Form (CRF). As you count, do a spot check to ensure that all required information is filled in on the front (fields 1–9) and back (fields A–D) of the answer sheets. If any fields on the front of the answer sheet have been skipped, make sure that the information is printed on the student’s pre-ID label.
- Ask that each proctor double-check their room to see if anything has been left behind, either by staff or by students.

Prepare Materials for Return

**Tasks**

**Ensure Completeness of Room Rosters**

Once you’ve collected all materials from proctors, carefully check each room roster and NAR against your final Master Student List (if you created one), noting the room assignment and testing room code of each student. Having an accurate, final list of test takers provides important information to College Board, particularly when discrepancies arise. For this reason, we strongly suggest you make a copy of either the room rosters or the Master Student List for your files before you return the original(s) with the CRF and used answer sheets.

The final annotated NAR must be returned in the white Accommodated Testing Envelope with the used answer sheets for students listed on it.

**Sort Materials**

Once you’ve collected all of the materials from the proctors and reconciled them, you’ll need to sort them before filling out the CRF and packing materials for return or secure storage.

**Test Books**

- Separate standard test books from alternate test formats.
- Keep any accommodated materials for use in the window separate, and securely store them for later testing.
- Separate multiple-choice test books from Essay books.
- Set aside test books for students approved to record answers in test books, clipped to the corresponding transcribed answer sheets. Ensure the test book says “Answers in Test Book” on the cover.
- Set aside all other unused test books for return (new materials will need to be ordered for makeup testing).
Answer Sheets
Separate the answer sheets into 2 groups—answer sheets to return in the primary test shipment and answer sheets to securely store for further testing (see What Is a Used Answer Sheet? if you need clarification):

1. To be included in the primary test day answer sheet return shipment:
   a. Used answer sheets for standard testing with no accommodations.
   b. Used answer sheets for accommodated testing with students listed on the NAR who completed testing on the primary test date (to be placed in the white Accommodated Testing Envelope for return in the answer sheet return shipment). Include in this group the answer sheets for EL students who completed testing with 50% extended time on the SAT without Essay.

The answer sheet of any student listed on the NAR must be returned in the white Accommodated Testing Envelope for accurate scoring, even if they tested with the 50% extended time EL support or tested in the standard room (for example, with 14-point test book).

2. To be placed in secure storage for later testing:
   a. Used answer sheets for accommodated testing with students listed on the NAR who haven’t completed testing. Include in this group the answer sheets for EL students testing with 50% extended time on the SAT with Essay who haven’t completed testing. Place these answer sheets in secure storage for the next day of testing in the accommodated window.
   b. Answer sheets that have student information (i.e., a pre-ID label and/or student’s gridded information) but no answers marked for the test questions. Place these answer sheets in secure storage for use during the accommodated window or for makeup testing.
   c. Blank, unused answer sheets. Place these answer sheets in secure storage for use during the accommodated window or for makeup testing. Return any unused answer sheets in the test book shipment once makeup testing is complete.

Other Materials
Refer to What to Do with Materials later in this section for what you should keep or destroy.

What Is a Used Answer Sheet?
An answer sheet is considered used if it has 1 or more answers to test questions grided in for the test, a gridded form code, or anything written on the lined pages of the SAT Essay.

Answer sheets with demographic information or labels but no test responses should be stored securely until after testing and destroyed if still unused once makeup testing is complete.

Complete the CRF
Fill out a Coordinator Report Form (CRF) for the shipment of testing materials you’re returning. See How to Fill Out the Coordinator Report Form (CRF) on page 72 for step-by-step instructions.

- Testing on the primary test date: Fill out and return a CRF with answer sheets for all students who completed testing on the primary test date, including those with accommodations or EL supports. Select the primary date in field 2 as your admin date and leave field 3 blank.
- Accommodated testing window: After all students testing in the window have completed testing, fill out a separate CRF and return with answer sheets for these students. Select the primary date as admin date in field 2 and select the last day you tested students on field 3.
- Makeup testing: At the end of makeup testing, fill out a CRF and return with answer sheets for all students who tested on the makeup date. Select the makeup date as the administration date in field 2. (Do not return answer sheets for students who tested on the primary test date or during the accommodated window in this shipment.)

Common Errors That May Delay Score Reporting
Use care to avoid these common issues:

- The number of used answer sheets received does not match the number of students tested, as entered on the CRF.
- The school (AI) code on the CRF is incorrect.
- The test coordinator has neglected to complete the CRF in pencil.
- Used answer sheets are returned with the test book shipment.
- Used answer sheets for students with accommodations or supports who appear on the NAR are not returned in the white Accommodated Testing Envelope.
- Used answer sheets are otherwise not returned according to the instructions specified in Pack Used Answer Sheets, Forms, and Envelopes for Return on page 54.
- Typed essays are not returned clipped to the students’ answer sheets.
- The school hasn’t responded to a query from ETS regarding a testing irregularity.

IMPORTANT: Please make sure students fill out their answer sheets correctly and the information on the CRF is complete and correct.
**Makeup Ordering**
You will receive an email on test day with instructions on how to order materials for students who were absent on test day or experienced an irregularity. Place the makeup order as soon as possible and **no later than two days** after testing.

PACK MATERIALS FOR RETURN

TASKS

PACK USED ANSWER SHEETS, FORMS, AND ENVELOPES FOR RETURN

In your test materials shipment, you received one or more boxes or UPS Express Paks that you must use to return your answer sheets and associated forms and envelopes. Each carton or UPS Express Pak will have a UPS return label and a dark pink or green label affixed to the outside. Use the package with the dark pink label to return answer sheets of both standard and accommodated test takers completed on the primary test day. Use the package with the green label to return answer sheets completed during the accommodated testing window.

The used answer sheet shipment includes items listed here. Place items in the box or UPS Express Pak from bottom to top in the order provided. Do not use rubber bands or other fastenings that might damage the answer sheets.

IMPORTANT: See Returning Used Answer Sheets and Forms to confirm the correct order of materials and envelopes.

- Place used answer sheets for standard test takers on the bottom.
- Next, add other answer documents for standard testing, including:
  - Used answer sheets for standard test takers associated with a reported irregularity. (The associated IR should be returned in the Gray-Bordered Envelope.)
  - Used answer sheets for standard test takers with misplaced marks, clipped together by student.
  - Test books with answers to be transcribed because of insufficient or defective answer sheets.
- Next, place the white Accommodated Testing Envelope (required for any students listed on the NAR), with the following items inside:
  - Annotated NAR (required for scoring).
  - Used answer sheets (standard or large-block) for students listed on the NAR.
  - Any test books for students approved to write answers in their test books, clipped to corresponding transcribed answer sheets.
  - Any scratch paper, computer pages, or braille pages, all clipped to the corresponding answer sheets.
  - Typed essays, clipped to the corresponding answer sheets. Ensure the back of each essay page includes identifying information so the essay can be matched with the student's answer sheet: student name, 6-digit school (AI) code, and answer sheet litho-code number. Attach the typed essay page(s) by paper clip to the student's answer sheet.
  - Any answer sheets for students listed on the NAR that are associated with an irregularity (such as misplaced marks or defective answer sheets). The associated IR should be returned in the Gray-Bordered Envelope.
- Add the Gray-Bordered Envelope next, with the following items inside:
  - Testing Room Materials Report forms with seating charts.
  - SAT Testing Staff Agreement form with staff signatures.
  - SAT School Day Request to Cancel Test Scores forms (if any).
  - If applicable, defective test books, defective Essay books, or defective flash drives in their original packaging.
  - Test books associated with specific irregularities that require the test book to be attached to the IR (e.g., use of prohibited items).
  - Any other IRs from the administration.
- A copy of your final Master Student List (if applicable) or room rosters with any notations.
- Place the completed, signed CRF on top and close the box.

IMPORTANT: If you're returning any IRs, apply the pink IR Label to the front of each package in the shipment next to the return label.
Returning Used Answer Sheets and Forms

Use the prelabeled white return box(es)/UPS Express Pak(s) that came with your test materials to pack in the order shown.

1. Standard used answer sheets
   - Include only materials listed to the right.
   - Note the tracking number for your records.

2. Ancillary items (if any)
   - Include only materials listed to the right.

3. White Accommodated Testing Envelope
   - Include only materials listed to the right in this envelope.

4. Gray-Bordered Envelope
   - Include only materials listed to the right in this envelope.

5. Annotated Master Student List (if used)
   - Include a copy of your Master Student List (or room roster(s)) with any notations.

6. Coordinator Report Form (CRF)
   - Irregularity Report label (if applicable)

Gray-Bordered Envelope Contents:
- Testing Room Materials Report forms
- SAT School Day Testing Staff Agreement form
- Irregularity Reports (IRs), if any
- Defective test books, defective Essay books, defective flash drives, if any
- Request to Cancel Test Scores forms, if any

White Accommodated Testing Envelope Contents:
- NAR (required for scoring)
- Used answer sheets (standard or large-block) for students listed on the NAR (including EL students approved to test with 50% extended time)
- Test books for any students approved to write answers in their test books, clipped to corresponding transcribed answer sheets
- Scratch paper, computer pages, typed essays, or braille pages, all clipped to the corresponding answer sheets

Possible Ancillary Items:
- Place any of these items that apply on top of the regular used answer sheets:
  - Used answer sheets associated with an irregularity
  - Used answer sheets with misplaced marks, clipped together by student
  - Test books containing answers that must be transcribed (due to insufficient or defective answer sheets)

If you are returning more than one box of materials, box 1 should include all of the forms and envelopes, along with any answer sheets that fit. Place any remaining answer sheets in subsequent boxes.

If you have enclosed any Irregularity Reports in the Gray-Bordered Envelope, you must place an IR label next to the return label on every package in your shipment. (Use the IR label(s) that came with your test materials.)

Use the box(es) or UPS Express Pak(s) with dark pink labels for returning answer sheets from the primary test day.

Use the box(es) or UPS Express Pak(s) with green labels for returning answer sheets once all students have finished testing in the accommodated testing window.

Answer sheets for makeup testing must be returned separately.
- Keep answer sheets flat; do not damage the edges or use rubber bands, tape, or staples.
- Do not wrap answer sheets in anything.
- Do not cover preapplied labels with another label or place another label on the same box.

Print your school name, school code, and full address.

Print the return box number and total number of answer sheet return packages being sent (e.g., Packages 1 of 3).
Pack Test Books and Unused Answer Sheets for Return
You’ll receive loose test book UPS return labels with your test materials shipment. Reuse the boxes that your original test materials arrived in and apply the test book UPS return labels to them.

If you are missing the preaddressed labels, contact School Day Support.

Place items in the box from bottom to top in this order. Confirm the correct order of materials using Returning Test Books, Essay Books, and Unused Answer Sheets.

- Unused answer sheets (if any). Return these in your last test book shipment, after any makeup testing is complete.
- Used and unused standard test books. Confirm no answer sheets have been left inside test books.
- Used and unused alternate test formats, such as flash drives, braille, reader scripts, etc. Place flash drives in their original packaging before packing them in the return box.
- Essay books, if applicable. Place Essay books on top in the first box (e.g., “box 1 of 2”).

Return Materials
When returning materials:

- Give your package to the driver or responsible person to ensure chain of custody for the shipment.
- Record tracking numbers for your records.
- Do not use a drop box for shipping test materials.
- If you need assistance with shipping, contact School Day Support.

TASKS

Return Timetable
- For testing on the primary test date, return materials no later than the day after the primary test administration.
- For makeup testing, return materials no later than the day after the makeup test administration.

Return Used Answer Sheet Shipment
It’s critical that the answer sheets from your school arrive on time for scoring. On the primary School Day test date immediately after all students have finished testing, or, at the latest, by the next school day after the test administration, return used answer sheets with student-recorded responses to test questions and other materials needed for grading. Don’t include any blank answer sheets or answer sheets that weren’t used on test day in this shipment. (See What to Do with Materials on page 52 for more information.)

- Do not delay the return of the primary test day materials for accommodated students who have not completed testing. You will return their answer sheets after they complete testing. See Return Materials for Accommodated Window Testing for more information.
- Use the packages with dark pink preapplied return labels provided for primary test date answer sheets. (Save the materials with green preapplied accommodated window labels for any shipments of answer sheets used in accommodated testing after the primary test date.)
- Make sure to record the tracking number for all of your shipments and keep them on file for 6 months.

Return Test Book Shipment
Use the original shipping cartons your test materials were delivered in to return your test books. After preparing the used answer sheet shipment, if you have time before your courier pickup, you can prepare the test book shipment for return that day. Otherwise, return the shipment the next day.

- Cover or remove any existing labels on the exterior of the shipping cartons.
- Apply a UPS test book return label to each box.
- Make sure to record the tracking numbers for all of your shipments and keep them on file for 6 months.

Return Materials for Accommodated Window Testing
After you have sent in the primary test day materials, you may have an additional shipment for students testing in the accommodated window.

- Once you have sent in any testing materials from the primary test date, hold all other accommodated testing window materials until all accommodated testing is complete. You may need to make additional copies of the NAR.
- You can use the regularly scheduled UPS pickup for your school or call UPS to arrange pickup for whenever you have completed all accommodated window testing.
- Use the return materials provided (with green labels), including the separate CRF.

Return Materials for Makeup Testing
If you administer makeup testing, follow the same steps to return your makeup materials as you did for the primary test date. Makeup testing answer sheets must be sent back using a separate CRF. Use the return materials in your makeup test shipment.
Returning Test Books, Essay Books, and Unused Answer Sheets

1. Pack
Use carton(s) from original test materials shipment and include only the items shown.

1. Used and unused Essay books (if applicable) (Place loosely on top in the first return carton.)
2. Used and unused flash drives, if any (Place in original packaging.)
3. Used and unused test books
4. Unused answer sheets

Include all packed cartons together in one return shipment and clearly mark them as a set (e.g., “Box 1 of 2”).

2. Seal
Use supplied tape and remove, cover, or cross out the original shipping labels.

- For small boxes, the tape should extend 3 inches.
- For large boxes, place tape around the perimeter of the box.

3. Label
- Use the supplied UPS return labels from your test book materials shipment.
- Remove any old labels from the box, then place one label on each box. Do not put two UPS return labels on one box. Make sure each label can be clearly read.
- Note the UPS tracking number (starting with ‘1Z’ in the center of the label) for your records.

NOTE: Supplied labels may be different from samples shown.

4. Ship
Test coordinators will schedule their own pickups to return material shipments for the primary test date, the end of the accommodated testing window, and the makeup date. (See Ship Materials later in this section for details.)

Important Notes
- Do not put answer sheets inside test books.
- Only return unused answer sheets in this shipment. (See What Is a Used Answer Sheet? earlier in this section.)
- If your return labels are missing, contact School Day Support.
KEY INFORMATION
Ship Materials
Test coordinators will schedule their own return material shipments for the primary test date, the end of the accommodated testing window, and the makeup date.

Arrange for packages to be picked up before the end of the test day, or at the latest by the next school day after the test administration. Keep materials secure until pickup.

- If UPS doesn’t make a regular stop at your school, schedule a pickup at ups.com, or call 800-PICK-UPS (800-742-5877). You can also take packages to any UPS counter. Do not place materials in a UPS drop box. You must hand them directly to a UPS driver or UPS counter employee.
- Write down your UPS package tracking number(s).
- If UPS isn’t available in your area, return materials via another traceable express courier. Record your tracking number(s).
- Do not use first-class mail or any other nontraceable method.
- Give your package to the driver or responsible person so you’ll have a chain of custody for the shipment.

Submitting Payment
TASKS
After you’ve received confirmation that your answer sheets have been processed, you’ll prepare for submitting payment.

Guidelines for Fee Payment
If test fees for different grade levels are being paid by different sources (e.g., state, district), each student’s answer sheet must have the grade level appropriately filled in. Your school is responsible for students who are not covered by a district or state contract.

Reviewing Your Processed Answer Sheet Roster
- Your school will be alerted when you can go online to review the number of answer sheets processed for your administration.
- Sign in to ordering.collegeboard.org to review the processed answer sheet counts.
- If fee waiver-eligible students tested at your school, you’ll see a roster of students who tested and be asked to identify the eligible students. The number of students identified should not exceed the number of fee waiver benefits your school was allocated.
- Once you confirm your counts, the system will calculate your payment, and you’ll be notified of how to access your invoice and make your payment.

Store Materials for Your Records
Securely store copies of the following for your records for 6 months:
- Annotated Master Student List (if applicable)
- Room rosters
- NAR
- Tracking numbers
- IRs
- CRF(s)
- Testing Room Materials Report forms
- Signed SAT School Day Testing Staff Agreement form
- List of testing rooms, assigned testing room codes, and assigned staff
- If applicable, printed copies of essays written by students approved to use a computer for the Essay
- Invoice
- Any signed letters from parents/guardians for students waiving their approved accommodations

Sample Testing Staff Agreement

SAT School Day Testing Staff Agreement

All staff must sign this agreement prior to the start of testing. Return this document along with your other completed forms after each administration as instructed in the relevant SAT® School Day manual.

Each testing staff person affirms that they:

- Have read and agree with all rules and guidelines indicated in the relevant SAT School Day manual, including, but not limited to, the pages setting forth conditions under which the SAT must be administered and the information on staff qualifications and conflict of interest restrictions;
- Are a high school graduate, at least 18 years old, speak English fluently, possess the same level of unquestionable integrity and maturity expected of a member of the school staff, affirm the diversity of the students being tested and act in a fair, courteous, nondiscriminatory, and professional manner;
- Understand and agree that the SAT and all the questions contained in it are the property of the College Board and protected by copyright law, and that no one other than the student or authorized reader for College Board-approved accommodations can open a test book and see the test content;
- Understand and agree that copying, reproducing, or removing any materials from any SAT test book or digitally reproduced test form is illegal;
- Are not prohibited by any law or regulation from working with minors or on school property;
- Are not engaged in any private SAT test preparation that is conducted outside the auspices of their school or district and for which they receive compensation above and beyond the terms of their employment as a teacher or other professional employee with the school or district, and will not engage in such activity for the remainder of the current school year (the teaching and normal review of course content, including test familiarization, that is part of regularly scheduled school course work is acceptable);
- Have not taken the SAT within 180 days of the above test date; and
- If authorized to handle test books before test day, do not have a member of their household or immediate family (“related student”) taking the SAT on the above test date at any testing site. (Immediate family includes one’s parents, siblings, children, grandparents, and spouse. This applies even if they don’t reside in the same household.) In such instances, the related student’s scores are subject to cancellation.
- Understand and agree that providing any assistance or coaching to students on the SAT (including directing or changing answers) prior to, during, or after the administration is prohibited. In such instances, any impacted students’ scores are subject to cancellation, and any staff involved may be referred to school/district/state administration or to law enforcement, as appropriate.
- Will act with integrity and will refrain from any illegal or unethical acts, including those that attempt to provide an unfair advantage for one or more test takers.

All staff, including coordinators, proctors, room monitors, and hall monitors, must sign this form to indicate their acceptance of these provisions. College Board has the right, in its sole discretion, to remove or bar staff who violate these terms from administering future College Board tests.

Ensure that every staff member signs the back of this form.

IMPORTANT: Test coordinators must ensure that the testing staff are properly trained to administer a secure administration. Test coordinators should not discuss details about test policies or procedures (e.g., handling test materials, training, and packaging for return) with anyone other than their staff, including the media or through social media. Refer all media questions to SAT School Day Support as listed in your manual.

Sample Testing Room Materials Report Form

Testing Room Materials Report for SAT® School Day Testing

Directions for Test Coordinator:
- Before issuing materials to the proctor, fill in section 1 and sections 2 and 3 in Part A.
- If necessary, remove the completed form from the back of the manual when the proctor returns it to you.
- Enclose all copies of this form in the Gray-Bordered Envelope and return with used answer sheets.

Directions for Proctor:
- Complete the seating chart on the back of this form in Part B to record how test books were distributed in the room.
- At the end of testing, complete all information on the front of this form in Part A (sections 4, 5, and 6) and sign it in section 1.
- Return this report, including any additional seating charts (for sections of a large room), to the test coordinator.

Part B: Distribution of Test Materials

You (or a monitor) should use the chart below to indicate how test books were distributed to students seated in your testing room.

Do not record distribution (if any) of Essay books.

Print the name of the person completing the seating chart below, along with the 6-digit school code and date. Fill in the room number and page number (e.g., page 1 of 1). For large rooms, use a separate form for each area of the room and indicate where areas adjoin each other.

Name: __________________________
School Code: _____________________
Date: ____________________________
Seating Chart for Room #: __________
Page: _________________ of ________________

1. For each occupied seat, write the serial number of the test book assigned to that seat, and, if time allows, write the student’s name or initials.

2. For each row, draw directional arrows to indicate the direction in which the books were distributed.

3. Cross out any unused seats.

4. Indicate the location of the entrance doors.

5. If any student is moved to another seat after the test books are distributed and the test begins, indicate on the seating chart the seat to which they were moved. Complete an Irregularity Report explaining the reason for the change.
Sample Nonstandard Administration Report (NAR)

The NAR will include a summary of students with their SSD numbers, followed by a list of the students with accommodations who will test on the primary test date. If applicable, the primary test date list will be followed by another section that provides a list of students with accommodations who will complete testing during the accommodated testing window. The NAR will also provide additional instructions for testing students with accommodations. The sample below shows a page from a NAR showing 2 of these groups of accommodated students.

SECTION 2 - STUDENTS WHO CAN COMPLETE THE TEST OVER THE ACCOMMODATED TESTING WINDOW

Information about window testing:

- All students in this section are eligible to complete testing during the accommodated testing window. Testing can begin as early as the primary test date and can extend through the timeline indicated in your Coordinator Manual.
- All students testing over two days should complete their testing on the next consecutive day within the window whenever possible. If a student is absent on the second day, they can resume testing on the day they return to school.

Instructions:

- Work with the test coordinator to identify which testing rooms students will be assigned to before the test day.
- Students with the same testing group can be tested together. Be sure to place students with different testing groups into separate rooms.
- Note: Students in the following testing groups cannot test together and must test in their own, individual room: SB1, SB2, SB3, SB4, SB 15, and SB28. For example, if you have 4 students in group SB1, you will need 4 rooms for them (one for each student).
- If your school is using testing room codes, your test coordinator will provide you with the three-digit code for each of your testing rooms. Write in the testing room code and Proctor assigned to each student/group.
- On test day, mark an "A" next to any student who is absent.
- Test scripts are located in your SAT School Day Accommodated Testing Manual. All staff will BEGIN reading from the section labeled "SAT Scripts for Testing Accommodated Students" and then PROGRESS to the script name listed for each student on your roster.
- Refer to the Appendix for any additional instructions and a description of the script name listed on the roster.

Appendix  Additional Instructions for Administering MP3 Audio Formats

Installing the MP3 Streaming Application on Chromebooks

The MP3 streaming application can be used on Chromebooks managed by your school's IT department. The application can easily be pushed to all Chromebooks, eliminating the need for SSD coordinators or other appropriate testing staff to complete the installation as is required for Windows and Mac computers.

Please share the following instructions with your IT department, which will be familiar with this process. Test coordinators using managed Chromebooks will NOT need to download the application to Chromebooks. You will just need to ensure that IT has completed this task and the application icon is visible on all Chromebooks that will be used on test day.

Instructions for IT Department MP3 Installation on Chromebooks

Please note that due to recent Google changes related to Chromebook, the College Board MP3 application can be installed in Kiosk Mode only on Chromebooks managed centrally through the Google Admin portal (managed Chromebooks). The MP3 application can be installed as a Kiosk app only by using Google Admin (https://admin.google.com) with the targeted managed Chromebooks using an enterprise or education license.

The following instructions cover the process of preparing and installing the Secure Browser on managed Chromebooks. Chromebooks managed as individual devices (non-managed Chromebooks) are not supported to deliver the test.

1. Open a browser and navigate to https://admin.google.com.
2. Sign in using the Administrator account.
4. Select Chrome Management from the left navigation.
5. Under Chrome Management, select App Management.
6. In the left-hand column, search for Collegeboard-MP3 in the FIND OR UPDATE APPS field, and select Search.
7. If there are issues with the search function, search for the string ndiknakfegejmadcnjeledgcllaobkcl to locate the program.
8. Click on the application title Collegeboard-MP3.
9. On the following screen, select Kiosk Settings, then select Deploy this app as a Kiosk App.
10. Select the correct organization needed to target a specific set of Chromebooks (e.g., SSD Chromebooks).
11. Enable Install automatically and Allow app to manage power.
12. Select the Save button.

Important Notes About Managed Chromebooks

The Secure Browser will appear on all managed Chromebooks you have installed it on. This download may take up to 15 minutes. Chromebooks automatically update to the latest version. If auto-update is disabled, update via the app store.

Chromebook College Board MP3 Application Launch

1. To launch the MP3 application, click the apps link in the menu row of a managed Chromebook.
2. Select the Collegeboard-MP3 app.

Using MP3 Flash Drives (for Approved Schools)

Setting Up Computers for MP3 Flash Drives

An audio version of the test on a flash drive may be offered to schools with technical issues that may prevent them from using the MP3 streaming application. The MP3 audio format flash drive contains read-only files and a built-in player to deliver the test.

Setup for MP3 testing should be done in advance of test day to ensure a smooth administration. If your school has been approved for flash drives, please use the following instructions for setting up computers and guiding students on the use of flash drives.

From time to time, a license may fail on a specific machine or USB port. If you experience error messages referring to media authorization, unlocking of media, and/or licenses, follow the instructions under Troubleshooting for Flash Drive Formats in the SAT School Day Accommodated Testing Manual.

Some newer computers only have smaller USB Type-C ports in place of full-sized USB ports. If your computers don’t have full-sized USB ports, you’ll need USB-to-USB-C adapters to connect flash drives.
Follow these steps for all devices to prepare for testing with the MP3 audio format on a flash drive. You’ll perform these steps before test day and then again at the beginning of Day 1 and Day 2 of testing.

1. Print the student’s last name, first name, and middle initial on the back of the MP3 packaging.
2. Remove each flash drive from its packaging.
3. Insert the flash drive into a USB port. (If prompted, do NOT choose to run the files using your device’s media player.) On Day 2, use your completed seating chart to ensure that you’re inserting each flash drive into the same computer that the student used on Day 1.
4. Complete setup depending on the type of equipment in your room.

Set Up PCs or Macs

- Open the flash drive.
  - On both PCs and Macs, find the icon in the lower left of your screen.
  - On a Mac, select the icon to open Finder. You should see a description of the drive in the pop-up list under Devices.
  - On a PC, select the icon and select File Manager or File/Windows Explorer. The flash drive will appear in the list labeled This PC or Computer.
  - Select the name of the flash drive (which appears as a 6-digit number).
- Start the software: select the software application, which is labeled Start (”.exe” on PC or “.app” on Mac).
  - A media player named Flux Player will launch.
  - When you launch the application, a table of contents will display the sections of the test.

Set Up Chromebooks

- Start the software: select the Launcher, the icon on the far left of the taskbar.
  - Select Files, which will bring up another taskbar.
  - Find the flash drive in the task list and select it to display a list of file folders on the drive.
  - Open the folder called Chrome_Version to access the test sections.

On test day, once all computers are ready for testing, turn to the appropriate parts of the scripts.

Troubleshooting for MP3 Audio Flash Drives

If you see an error message about failed authorization or unlocking of media files or if you encounter other problems related to the flash drive, first try changing to a different computer. If you still encounter a problem, follow these steps:

1. From within the Flux Player, select the Help drop-down menu.
2. Select Contact support.
3. In the Describe your issue box, type “Failed to apply license file.”
4. Type in an email address so the fix can be emailed to you. (If you have a technical support person, use their email address.)
5. Check the box for “I agree to collect support-related information about this computer” (this step identifies which license you need).
6. Select Send.

Technical support will review the request and respond with specific instructions.

Additional Information About Administering MP3 Audio on Flash Drives

Consult the SAT School Day Accommodated Testing Manual for additional information about administering the MP3 audio format on flash drives. The manual’s appendix includes detailed instructions on posting information for students, using the MP3 testing script with flash drives, and closing media players and collecting flash drives after testing is completed.
Acceptable Calculators

For the Math Test – Calculator portion, all scientific calculators are acceptable, all four-function calculators are allowed (but not recommended), and most graphing calculators are acceptable as long as they do not have any of the features listed under Unacceptable Calculators. Check the list of acceptable graphing calculators below for models that are permitted.

**IMPORTANT:** Contact School Day Support if you are unsure whether a calculator is acceptable.

**THE FOLLOWING GRAPHING CALCULATORS ARE PERMITTED:**

Unacceptable Calculators

Students are not allowed to use any of the following calculators, unless specifically approved by College Board as an accommodation:

- Laptops or other computers, tablets, mobile phones, smartphones, smartwatches, or wearable technology
- Models that can access the internet or have wireless, Bluetooth, cellular, audio/video recording and playing, camera, or any other smartphone-type features
- Models that have a computer-style (QWERTY) keyboard, pen input, or stylus
- Models that use electrical outlets, make noise, or have a paper tape

In addition, the use of hardware peripherals such as a stylus with an approved calculator is not permitted. Some models with touch-screen capability are not permitted (e.g., Casio ClassPad). Check the list of acceptable graphing calculators above for models that are permitted.

Photo ID Requirements

Acceptable IDs
You are not required to confirm with a photo ID the identity of students who regularly attend your school and are familiar to you. For students who are unfamiliar to you, refer to this list of acceptable and unacceptable forms of identification.

ID Requirements
Photo IDs aren’t required for SAT School Day testing unless a student is testing at a school they don’t attend.

To be acceptable, a photo ID must:
- Be a valid (unexpired) photo identification that is government issued or issued by the student’s school. (A school ID from 2018–19 is valid through December 31, 2019, and is acceptable for fall 2019 testing.)
- Be an original, physical document (not photocopied or electronic).
- Bear the student’s full, legal name.
- Bear a photo that clearly matches the student’s appearance. Black and white photos are acceptable.
- Be in good condition, with clearly legible English language text, and a clearly visible photo.

Examples of Acceptable ID
- Government issued driver’s license or nondriver ID card
- Official school-produced student ID card from the student’s current school
- Government issued passport or U.S. Global Entry ID card
- Government issued military or national ID card
- SAT School Day Student ID form, available under Educator Downloads at sat.org/school-day (must be prepared by the student’s school or signed by a notary if a student is homeschooled)

Unacceptable IDs

Types of Identification to Reject
- Any document that doesn’t conform to the requirements
- Any document that is worn, torn, scuffed, scarred, or otherwise damaged
- An electronic document presented on a device
- Any document that appears tampered with or digitally altered
- Any document that bears a statement such as “not valid as identification”

Examples of Unacceptable ID
- Credit or debit card of any kind, even one with a photo
- Birth certificate
- Social Security card
- Employee ID card
- Missing child (Child Find) ID card
- Any temporary ID card

Appendix  How to Fill Out the Coordinator Report Form (CRF)

How to Fill Out the Coordinator Report Form (CRF)

If you're testing any students with accommodations that are administered on the primary test date, account for these materials on the CRF with your standard test taker materials and ensure that they are returned together. You'll need to complete additional CRFs to return with both accommodated testing window and makeup materials.

Use a No. 2 pencil to complete this form. Please confirm that your school (AI) code is correctly prefilled in item 4—it's required for reporting scores to your school, district, and/or state. Contact School Day Support if your code is not correct.

**IMPORTANT:** Remember that an answer sheet is considered used if it has 1 or more answers to test questions gridded in for the test and includes a label or gridded student information.

1. Print your school name and address and coordinator contact information.
2. Fill in the oval for the test date.
3. Leave blank, unless you're testing multiday test takers beyond the date listed in field 2.
4. Confirm your 6-digit school (AI) code.
5. Fill in “No” if you didn’t test any students with accommodations; if you did, fill in “Yes.”
6. Print the number of SAT:
   a. Used transcribed answer sheets and test books for students approved to record their answers in the test book.
   b. Used answer sheets for other accommodated testing, including any large-block answer sheets.
   c. Used answer sheets for standard testing.
    d. Total count of used answer sheets.
7. Print and fill in the ovals for the total number of answer sheets you’re returning.
8. If you are returning transcribed materials, ensure that answers have been transcribed to a standard answer sheet and included in the counts in fields 7 and 8. Then print the number of students with answers transcribed from:
   a. Braille printouts
   b. Computer printouts
9. Sign and date the form.
10. Fill in “No” if you’re not submitting an IR or “Yes” if you’re submitting 1 or more IRs.

**IMPORTANT:** This sample may not match your school’s test date.

### SAT School Day

**COORDINATOR REPORT FORM (CRF)**

Must be returned with used answer sheets

Print and fill in the appropriate bubbles on this form. Use a No. 2 pencil only.

| **Test site closing/cancellation of testing** | - Notify your principal or district.  
- Notify campus/building security.  
- Notify students of the cancellation.  
- Don't attempt to use the test materials you have on-site. Secure them for earliest possible return.  
- Order makeup materials as soon as possible. | Bubble Page 1, Section 6—“Disturbance/interruption.” Include a list of students affected. |
| | Call School Day Support immediately. | |
| **Interruption** | - Provide clear instructions for student and staff safety.  
- Direct students not to talk or use electronic devices.  
- Collect test books and answer sheets, if necessary, while maintaining safety. Ensure that the room is locked if everyone must leave.  
- Monitor students if they must leave the testing room. Keep them together in a group and don’t allow them to go to their lockers.  
- If you’re able to resume testing, ensure that materials and students were properly monitored, and continue testing where each room left off. Timing should be paused, and no extra time may be given.  
- If testing must be canceled, your primary test date materials can’t be kept or used for makeup testing. Do the following:  
  - Order makeup materials immediately.  
  - Securely store all primary test date test materials.  
  - As soon as possible, pack and return all primary test date test materials following the instructions in Return Test Book Shipment on page 56.  
  - Notify students they’ll take a makeup test. | Note the source, length, and impact of the interruption and the section(s) affected. |
| | Call School Day Support if the interruption (e.g., fire alarm) can’t be resolved. | Bubble Page 1, Section 6—“Disturbance/interruption.” Fill in the number of affected students in 6a and the testing room code in field 6b. If the entire school is affected, note this in the Comments section; otherwise, if no testing room code is available, list the individual students and their answer sheet litho codes in Section 11. |
| **Incorrect, Missing, Damaged, or Defective Materials** | Report if any materials are missing or damaged; if you detect any loss, theft, or tampering; or if the serial numbers on the test books do not correspond with those on the shipping notice. | Note any such irregularity. |
| **Materials missing or damaged before testing** | Call School Day Support immediately. | Bubble Page 1, Section 6—“Missing materials.” |
| | - Wait until a scheduled break or the end of the testing session to account for the missing materials.  
- Don’t allow any student to leave the testing room until materials are accounted for.  
- If materials aren’t located, put monitor in charge of the testing room and contact coordinator. Follow instructions from School Day Support for ordering makeup materials. | |

| Test book misuse/working on the wrong section | If a student is seen looking through or opening the test book before or after time is called, working on a wrong section, or working past the permitted time:  
  - Ask the student to close test book or direct student to proper section of test book. Warn the student individually that a subsequent violation will be grounds for dismissal. (You don’t need to complete an IR for a warning.)  
  - If behavior continues, collect the test book and answer sheet. Notify the coordinator and dismiss the student. Do not readmit the student to the testing room.

| Disturbance, such as loud and incessant noise, excessive heat or cold, or other distractions | If possible, reduce or eliminate the source of disturbance or move the students. If testing must be interrupted:  
  • Ask students to insert answer sheets in test books, close test books, and sit quietly until the situation is resolved.  
  • Monitor students at all times inside and outside the testing room. Remind students that use of electronic devices and talking are not permitted.  
  • If evacuation is required, refer to “Interruption” earlier in this chart.  
  • Note stop time and inform students that the testing time will be adjusted.  
  • Once testing resumes, adjust testing time.  
  • Tell students they should contact the test day complaint email (given at the front of this manual) if they feel they were affected.

| **Illness**                      | • Permit the student to leave the test room temporarily. Collect the test book and answer sheet; return them when the student reenters. Do not allow extra testing time.  
• If the student is unable to continue, advise them of the cancellation policy. (The cancellation policies are given in the SAT script, just before dismissal of students.) If the student cancels their scores, you may order makeup testing materials, counting the student as an absentee.  
• If an answer sheet becomes soiled due to illness or bleeding, inform the student that it can’t be scored.  
• If the student wants to continue, provide a new answer sheet and allow the student to transcribe earlier answers after test books have been collected. Discard the soiled answer sheets—do not return them. Return soiled test books in plastic, if possible. | Note length of absence, the student name(s), and question(s) affected.  
Note whether answer sheets were discarded, the reason, and the serial number, if possible.

| **Answers placed incorrectly on answer sheets** | • Provide a new answer sheet if the student has misplaced answers on the answer sheet. No erasures or transfers are permitted.  
• If no extra answer sheets are available, follow the procedures under “Insufficient number of answer sheets” earlier in this chart.  
• Tell the student to print their name on the new answer sheet, then continue in the appropriate place.  
• Important: After the test is over, have the student grid their name (1), and date of birth (7), and form code (A) on the back of answer sheet. Make sure that both answer sheets have these items completed, and clip both answer sheets together.  
• For standard test takers, pack these answer sheets, along with any other such ancillary materials, on top of the rest of the used answer sheets for standard test takers.  
• For students testing with accommodations, return these answer sheets in the white Accommodated Testing Envelope. | Provide the student’s name on the IR.

Sample Irregularity Report (IR)

1. **GENERAL INSTRUCTIONS TO TESTING STAFF:**

   Refer to the Irregularities Chart in your manual for when to use this form and when to call the support line listed in your manual. **IMPORTANT:** Call the support line listed in your manual immediately if test materials are missing or damaged. Report each irregularity on a separate IR and return all IRs immediately after testing ends.

   - Keep inside the margins. Fill in the appropriate circles completely. Use black or blue ink or No. 2 pencil.
   - Complete sections 2–9 and 11 as appropriate to the irregularity type. The staff member reporting the incident MUST sign section 10 of this form. The test coordinator must also sign all IRs.
   - Clip (but do NOT staple) any defective materials to the IR.
   - As a last step, on each form, fill in “Form _ of _” (e.g., “1 of 3”) at the top of this box. This information will aid further communication about potential makeup testing.

2. **Testing Start Date**

   - Fill in the circle for the month. Then print and fill in the day and year on which testing actually occurred.

3. **PROGRAM**

   - Indicate the type of testing room and room number:

   - SAT
   - Standard
   - Accommodated
   - Room Number ___________

4. **SCHOOL INFORMATION:**

   - School/Institution Name and Address:
     - Name: Home Town H.S.
     - Address: 200 Main St.
     - City: Home Town
     - State/Province: MA
     - Postal Code: 01001
     - Country: USA

5. **TEST BOOK INFORMATION:**

   - Test Section: Section 4
   - Test ID: 1234567
   - Form Code: ABCD123
   - Test Book Serial Number: 909090
   - Essay Code: 

6. **GROUP IRREGULARITIES INFORMATION:**

   - Round up for overtimings and undertimings. For example, for 2.5 minutes you should fill in the circle for 3–4 minutes.

   - Did group complete testing? 
     - Yes 
     - No

   - Print and fill in the number of students who were affected by the group irregularity. Use leading zeros and fill in from left to right.

   - Defective/incorrect materials
   - Disturbance/interruption
   - Missing materials
   - Test site environment issue
   - Staff behavior was distracting
   - Staff distributed incorrect material
   - Staff seated students in wrong room
   - Staff did not post signs or directions
   - Other:

   - Did not distribute/collect incorrect materials
   - Testing started late. Time testing started: 
   - Test materials were distributed/collection incorrectly

   - Other:

   - Staff gave incorrect, unapproved, or no accommodations
   - Staff gave incorrect instructions
   - Staff did not give breaks
   - Staff did not announce remaining time
   - Staff did not follow seating requirement
   - Testing started late. Time testing started: 
   - Test materials were distributed/collection incorrectly

   - Other:

   - DO NOT WRITE IN THIS AREA

Appendix  Glossary of Terms

Glossary of Terms

50% extended time: For students with disabilities, a preapproved accommodation that gives a student time-and-a-half for each approved section of the assessment. Students may receive extended time in reading, math, and/or writing (on the Essay only). For EL students, a support that gives a student time-and-a-half for the entire assessment.

100% extended time: A preapproved accommodation that gives a student double time for each approved section of the assessment. Students may receive extended time in reading, math, and/or writing (on the Essay only).

Accommodated testing window: Designated period beginning on the primary test date during which students with certain accommodations are eligible to test.

Accommodation: A change in the format or administration of a test to provide access for a person with a disability, and produce college-reportable scores. Must be approved by College Board. Some examples include extended testing time, special formats of the test, large-block answer sheets, readers, writers, sign language interpreters for spoken test instructions, and extended or more frequent rest breaks.

Additional score report: Students may request that score reports be sent to colleges, universities, and scholarship programs. Students are charged an additional fee for score reports beyond the four free ones that can be ordered on the answer sheet. Additional score reports may be ordered online through the student’s account.

Advanced Placement (AP®): A College Board program that enables high school students to take college-level courses and exams.

AI code: A 6-digit code that identifies an attending institution (a school a student is enrolled in). Each attending institution has a unique AI code. This code is sometimes referred to as a school code.

Alternate forms: Different editions (forms) of the same test, written to meet the same specifications and comparable in most respects, except that some or all of the questions are different. Students at the same test administration may be working on different forms.

Alternate test format (ATF): An accommodated format of the test, such as braille or MP3 audio.

Ancillary materials: Descriptive booklets, score interpretation guides, administration manuals, reporting forms, and so forth, that accompany the testing materials sent to test sites.

Assistive technology–compatible (ATC): A digital version of the test for use with screen readers and other assistive technology; delivered on a flash drive for preapproved students.

Bulk registration: The process a district or school uses to submit a file to order pre-ID labels for answer sheets.

Canceled score: A score that has been removed from, or never posted to, a student’s record or designated as nonreportable (in cases where all scores are reported to the student’s state). Scores may be canceled voluntarily by the student or by ETS for testing irregularities, misconduct, or score invalidity. See “Irregularity.”

College score report: A student score report released to a college. The report contains the entire student record and also includes the student’s essay, if any.

Coordinator Report Form (CRF): The scannable form used to document how many answer sheets are being returned for scoring. The test coordinator returns this completed form with the used answer sheets after testing.

Delayed score: A score report that has been delayed because of an issue resolved too late to include the score in on-time reporting.

District coordinator: Responsible for overseeing all testing at the district level and acting as backup support at the school or building level.

Eligibility roster: List of all students in a school who are approved for accommodations. May be printed from SSD Online and used for submitting changes to student information in SSD Online.

EL: English learner.

Essay prompt: The official term used for an Essay question.

ETS: Educational Testing Service. College Board partners with ETS to support test administration in various capacities, including publishing tests and producing accommodated formats, oversight of test administration, and statistical support of scoring.

Extended breaks: A preapproved accommodation where students are given 10-minute breaks at the break times rather than 5-minute breaks.

Extra breaks: A preapproved accommodation where students are given a break halfway through longer sections and a break after every section.

Fee waiver service: A service that offers benefits such as unlimited score sends and college application fee waivers to students for whom payment of fees might be a serious barrier to college entrance.
Form code: Identifies which SAT test form the student is taking during an administration. The correct form code is required for scoring.

Grid (verb): To enter a response (multiple choice or text) onto a machine-readable paper form such as the answer sheet. Also refers to filling in the bubbles. Entries on the answer sheet must be made using a No. 2 pencil.

Hall monitor: Person responsible for monitoring the hallways during testing to respond to proctor needs (e.g., breaks, requests for test coordinator action) and to prevent any unauthorized activities in the testing area.

Home/hospital testing: A preapproved accommodation that allows a student who has a disability that prevents them from attending school to test at a location other than school (e.g., home or hospital). This must be requested through SSD Online.

Irregularity: A problem, disruption, or unacceptable behavior during a test administration. An irregularity may result in a canceled test score or a required makeup. Refer to the Irregularity Chart for more information.

Irregularity Report (IR): Scannable form used to document any irregularities that occur, including security incidents, misconduct, test question errors or ambiguities, other incidents or disturbances, or student complaints.

Large-block answer sheet: A special answer sheet with large answer blocks (squares) instead of bubbles, designed for students with disabilities who have difficulty using a standard answer sheet. Must be approved.

Litho code: Eight-digit serial number listed on the answer sheet at the bottom right corner of the first page. This code is used when reporting irregularities.

Makeup test: An administration offered to students who miss a primary administration of the test or encounter an irregularity that invalidates their original administration.

Master Student List: The list of test takers developed by the test coordinator for a test administration at a particular test site or school.

Misconduct: Action or behavior by a student that results in a score hold, Irregularity Report (IR), or other disruption in a test administration.

MP3 audio: An accommodated test format that delivers an audio version of the test through an online streaming application.

Nonstandard Administration Report (NAR): A list of students approved for accommodations who are testing during a specific test administration. Generated in SSD Online and includes detailed information about the accommodations the students are approved for.

Office of Testing Integrity (OTI): An ETS department in charge of test security that investigates reported security breaches.

Pre-ID label: Label provided for each student for schools that participate in bulk registration (preidentification) of students. Label contains some student personal information, such as name, school, birth date, and grade level. The pre-ID label is applied to the answer sheet before the test.

Preadministration session: A session held before test day where students fill out information about themselves on the answer sheet.

Proctor: Staff member responsible for conducting a secure and fair test administration and for reading the scripts aloud to students. Accountable for and monitors everyone and all testing materials in the testing room.

PSAT/NMSQT® (Preliminary SAT/National Merit Scholarship Qualifying Test): An assessment cosponsored by College Board and National Merit Scholarship Corporation that enters students in the National Merit® Scholarship Program. The PSAT/NMSQT is part of the SAT Suite of Assessments and tests the same knowledge and skills as the SAT, PSAT 10, and PSAT 8/9.

Question-and-Answer Service (QAS): An optional service available to students who have registered for, or have recently taken, selected (disclosed) administrations of the SAT. The student receives a guide to scoring the test, a copy of the questions that were counted in scoring the test, and a report that lists the correct answer; whether their answer was correct, incorrect, or omitted; and the question type and level of difficulty for each question.

Reader: A member of the testing staff who reads the test aloud to the student. This must be completed in a 1-to-1 environment. Students automatically get 50% extended time and extra breaks on all sections.

Request to Cancel Test Scores form: Students must complete this form to request score cancellation. Included in the test shipment to test coordinators.

Room monitor: Person responsible for assisting the proctor with monitoring students in the testing room.

Room roster: The list of students assigned to a particular testing room.

SAT questionnaire: Also referred to as student information questions, a term applied to the questions that students answer on their answer sheets as part of participating in SAT School Day. Included is information such as the courses the student has taken in high school, their grades and GPA, experience in various areas of study, extracurricular activities, sports, goals, college interests, and so forth.
**SAT School Day coordinator:** The staff member responsible for managing the test site and testing staff and for ensuring all test materials are handled securely. The person assuming the test coordinator role is expected to be at the school to supervise all activities related to testing, including accommodated testing.

**Services for Students with Disabilities (SSD) office:** College Board department that supports accommodation requests and accommodated testing.

**Small-group testing:** A preapproved accommodation where the student tests in a setting with a small number of students.

**SSD coordinator:** School staff member who works with students with disabilities who require accommodations on tests. Assists students in applying for accommodations through the SSD Online portal, accesses and prints the NAR and provides it to the test coordinator, and assists the test coordinator in determining testing rooms and staff needed for administering the test with accommodations.

**SSD number:** A unique code assigned by College Board to a student who has requested SSD accommodations.

**SSD Eligibility Form:** A paper form that a student can use to request College Board approval for accommodations on College Board assessments without the assistance of their school.

**SSD Online:** College Board’s online system for educators that allows them to submit and manage accommodation requests for students with disabilities.

**Student Answer Service (SAS):** A service for students who have taken the SAT; it provides a report that lists the question types and levels of difficulty and the student’s response to each question (correct, incorrect, or no response).

**Student-produced response:** A math question that requires the student to arrive at and record an answer rather than select a multiple-choice answer.

**Student score report:** Students may request their scores be sent to colleges or scholarship organizations of their choosing. Students receive up to four free score sends with the test. Additional score sends may be requested for a fee (which is waived if the student qualifies for an SAT fee waiver).

**Test book serial number:** A unique 6-digit code that identifies the test book and is used for tracking secure return of tests.

**Test coordinator:** See SAT School Day coordinator.

**Test ID code:** A seven-character code on the back of the test book that identifies the version of the test and is required for scoring.

**Testing room code:** A three-digit code assigned by the test coordinator to each test room. It allows timely identification of answer sheets related to any reported irregularities. Test coordinators provide the code to proctors, and students fill in the code on their answer sheet.

**Testing Room Materials Report form:** The form used by the test coordinator to document the test books, Essay books, if applicable, and answer sheets delivered to the proctor. The form is completed by the proctor to report the testing materials being returned. It also includes a seating chart to record the serial number of each multiple-choice test book distributed to each seat in the room in the order it was distributed.

**Testing Staff Agreement:** A form that must be signed by all testing staff prior to the start of testing. Each member of the testing staff affirms their acceptance of specific provisions regarding the administration of College Board tests.

**Writer/scribe:** A staff member who records answers on the answer sheet for a student who is approved for this accommodation. Students automatically receive 50% extended time and extra breaks on all sections.
