About the College Board

The College Board is a mission-driven not-for-profit organization that connects students to college success and opportunity. Founded in 1900, the College Board was created to expand access to higher education. Today, the membership association is made up of more than 6,000 of the world’s leading educational institutions and is dedicated to promoting excellence and equity in education. Each year, the College Board helps more than seven million students prepare for a successful transition to college through programs and services in college readiness and college success—including the SAT® and the Advanced Placement Program®. The organization also serves the education community through research and advocacy on behalf of students, educators, and schools.

Introduction

As the SAT School Day associate supervisor, you play an important role in ensuring the successful administration of the SAT, a key milestone on the path to college for many students. Taking the SAT during the school day in a familiar, easily accessible environment allows students to improve college and career readiness. It also means that more students can participate in College Board programs that support college access.

Using This Manual

This manual is for associate supervisors’ use for SAT School Day testing only (not Saturday or Sunday testing) in spring 2018. Please do not share it with students or anyone else besides testing staff.

Where appropriate, the content is organized with tasks (what you need to do), followed by key information (what you need to know) related to those tasks. For example, tasks related to room setup are followed by key information about seating requirements.

You’ll also find a list of key terms later in this introductory section.

Before the Test

Before the test you’ll need to complete the training, and you’ll need to prepare your room and materials. Completing the tasks in this section prepares you for testing.

During the Test

During the test you’ll administer the test by reading aloud the scripts exactly as they appear in this manual. Scripts appear in tinted areas; all other text is for your information and not to be read aloud.

After the Test

After the test you’ll have a few things to do to wrap up the administration, such as accounting for all materials and returning them to the supervisor. Completing the tasks in this section ensures that students receive their scores.

Appendix Resources

The following resources are provided in the Appendix of this manual:

- SAT Standard Section Timing Chart
- Acceptable Calculators
- Sample Seating Plans
- Sample Standard Test Day Schedule
- School Day Irregularity Chart
- Sample Supervisor’s Irregularity Report (SIR)
- Testing Room Materials Report Form

Typographical Icons

Typographical icons are used throughout the manual to draw your attention to specific information and action items:

- Contact by phone
- Security requirement

Important Changes

The College Board is making significant improvements to SAT School Day. Your supervisor can now use the test ordering site that is used to order PSAT-related assessments to order SAT School Day materials. The online ordering site simplifies and centralizes tracking, ordering, and returning test and makeup materials. Some of the changes that affect you are:

1. The answer sheets have changed:
   a. Students will answer questions about themselves, their high school experiences, and their college plans on the answer sheet. This eliminates the need for a separate questionnaire form. They can also use their four free score sends by marking where they want to send their scores directly on the answer sheet.
   b. The answer sheet also includes a testing room code field. Your supervisor may elect to assign a three-digit code to each test room to allow more timely identification of answer sheets related to any reported irregularities.
   c. All forms reference the six-digit school (AI) code. Test center codes are no longer used.

2. To allow you to save time on test day, your school will receive answer sheets and related instructions in a separate shipment from your test books.
   a. Your district or state may also have submitted a file for pre-ID labels, which your supervisor will need to apply before distributing answer sheets to you for your students.
   b. You may be asked to lead a preadministration session to allow your students to fill in student background information and request their four free score sends before test day. The instructions for such a session are in the “Before Test Day” section of this manual.
3. Admission tickets are no longer issued, making your test administration easier and more manageable.

4. Your school may be providing printed support aids for English language learners (ELL students), such as translated directions or word-for-word glossaries. Your supervisor will provide these materials to you if needed by the students testing in your room.

Test Sections and Timing

Everyone testing on the primary test date will need to begin testing at the same time. Use the sample schedule in the Appendix to aid in planning.

The SAT is composed of several tests that follow the same order in every test book.

Evidence-Based Reading and Writing: Includes a Reading Test and a Writing and Language Test. Each test is composed of multiparagraph passages and multiple-choice questions.

- **TIME ALLOCATED:**
  - 65 minutes for Reading
  - 35 minutes for Writing and Language

Math: Includes two portions: one that permits calculator use and one that does not. Each portion is composed of multiple-choice and student-produced response questions.

- **TIME ALLOCATED:**
  - 25 minutes for Math Test – No Calculator
  - 55 minutes for Math Test – Calculator

SAT Essay (in separate book): Students are asked to read a passage and analyze how the author builds an argument to persuade an audience.

- **TIME ALLOCATED:**
  - 50 minutes

Terminology

Key Terms

The following terms are used frequently in this manual.

Accommodation: A change in the format or administration of a test to provide access for a person with a disability and produce college-reportable scores. Must be approved by the College Board. Some examples include extended testing time, special formats of the test, large-block answer sheets, readers, writers, sign language interpreters for spoken test instructions, extended or more frequent rest breaks, and others.

AI code: A six-digit code that identifies an attending institution (a school where a student is enrolled). Each attending institution has a unique AI code. This code is sometimes referred to as a CEEB code or a school code.

Associate supervisor: Staff member responsible for conducting a secure and fair test administration and for reading the scripts aloud to students. Accountable for and monitors everyone and all testing materials in the testing room.

ELL: English language learner.
ETS: Educational Testing Service. The College Board partners with ETS to support test administration in various capacities.

Hall proctor: Person responsible for monitoring the hallways during testing.

Irregularity: A problem, disruption, or unacceptable behavior during a test administration. An irregularity may result in a canceled test score or a required makeup. Refer to the Irregularity Chart in the Appendix for more information.

Litho code: Eight-digit serial number listed on the answer sheet at the bottom right corner of the first page. This code is used when reporting irregularities.

Master Student List: The list of test takers developed by the test supervisor for a test administration at a particular test site or school.

Nonstandard Administration Report (NAR): A list of students approved for accommodations who are taking a specific test. Generated in SSD Online, it includes detailed information about the accommodations the students are approved for.

Pre-ID label: Label provided for each student for schools that participate in bulk registration (preidentification) of students. Label contains some student personal information, such as name, school, birth date, and grade level. The pre-ID label is applied to the answer sheet before the test.

Room proctor: Person responsible for assisting the associate supervisor with monitoring students in the testing room.

Room roster: The list of students assigned to a particular testing room.

Services for Students with Disabilities (SSD) Office: College Board department that supports accommodation requests and accommodated testing.

SSD coordinator: School staff member who works with students to apply for accommodations through the SSD Online portal, accesses and prints the NAR for the supervisor, and assists the supervisor in determining testing rooms and staff needed for administering the test with accommodations.

Supervisor's Irregularity Report (SIR): Scannable form used to document any irregularities that occur, including security incidents, misconduct, test question errors or ambiguities, other incidents or disturbances, or student complaints.

Test supervisor: The staff member responsible for managing the test site and testing staff and for ensuring all test materials are handled securely. The person assuming this role is expected to be at the school to supervise all activities related to testing, including accommodated testing.

SAT Test Materials

The supervisor will provide all the necessary materials needed on test day for your room.

Test Books
The test books for students who are required to test on the primary test date have covers with purple accents. They display the test name (SAT or SAT with Essay), along with important notes for the student. For the SAT with Essay, you’ll also have Essay books to distribute. An essay icon appears on covers for both the SAT with Essay test books and the separate Essay books.

Rosters
Each associate supervisor will receive a roster for their room.

Forms and Reporting
You need to be familiar with the reports and forms used in the testing room.

Testing Room Materials Report Form (Required)
The Testing Room Materials Report form is provided on the back cover of this manual.

- The supervisor uses the Testing Room Materials Report form to indicate testing room information, including the associate supervisor assigned to the room, the testing room code, and the test materials issued to the associate supervisor.
- Inside the testing room, the associate supervisor uses the Testing Room Materials Report form to check the testing materials received against the serial numbers listed on the form.
- As indicated in the scripts, the associate supervisor uses the seating chart on the back of the Testing Room Materials Report form to record the serial number of each multiple-choice test book distributed to each seat in the room.
- If possible, staff should include the last name of each student. If any issues arise, the chart will be used in investigating the reported irregularity.
- In the SAT with Essay room, the associate supervisor should check the number of Essay books received from the supervisor and record the number returned to the supervisor.
Before Test Day

Prepare Yourself

TASKS

- Read this entire manual.
- Sign the Testing Staff Agreement.

Prepare Your Room for Test Day

Your supervisor will provide you with information to post on the board for test day. Review the Testing Room Requirements to make sure your room meets them.

TASKS

Prepare to Collect Student Belongings

Plan ahead for collecting electronic devices and backpacks (if permitted under school policy) as students enter the testing room. Be ready to label items collected so they can be returned after testing.

KEY INFORMATION

Testing Room Requirements

To promote an effective and secure administration, testing rooms must fulfill the following requirements:

- Rooms must be located away from noisy areas and distracting activities.
- Rooms should be near restrooms.
- Rooms must have:
  - A working clock, visible to students

Students must sign and date the form, then submit it in one of the following ways:

- Hand the form to the testing staff before leaving on the day of the test.
- Fax the form to the number indicated no later than 11:59 p.m. ET on the fourth business day following the date testing ends.
- Send the form by overnight delivery to the address indicated, to arrive no later than 11:59 p.m. ET on the fourth weekday following the date testing ends.

Scores cannot be canceled by email or phone.

In cases of equipment failure or illness, the associate supervisor must sign the form for students who decide to cancel their scores using the SAT School Day Request to Cancel Scores form. Fill out an SIR in these cases. An SIR is not necessary for other cancellation situations.

Request to Cancel Test Scores Form

Students use this form to request score cancellation. Direct students to fill out the form with exactly the same information that’s given on their answer sheets or pre-ID label, if applicable.

- Proper lighting
- Proper ventilation
- Proper seating, with an adequate writing surface, that enables students to be seated 4 feet apart (measured from the center of the table), facing the same direction (see “Seating Requirements”)
- No materials related to test content on display (these can be removed or covered)

Seating Requirements

The following are seating requirements for all testing rooms:

- Chairs must have backs.
- Seats must face the same direction.
- Chairs must be placed directly behind those in the preceding row.
- Each student must be separated by a minimum of 4 feet from right to left (measure from center of desk).
- Staff access to every student must be unimpeded.
- Only 1 student can be seated at a table measuring 6 feet in length or less.
- At tables longer than 6 feet, students must be seated at least 4 feet apart (measured from the center of the table) and facing the same direction.
- Large, smooth writing surfaces, preferably desks or tables, must be provided.
- Tablet-arm chairs must have a minimum writing surface of 12 × 15 inches (30 × 38 centimeters).

Before Test Day
The following seating arrangements are not allowed:

- Round tables, study carrels, lapboards, language laboratory booths, and tables with partitions or dividers.
- Seat assignments that follow any expected patterns. If using a homeroom as a testing room, make sure students are seated at random.

**IMPORTANT:** Students may not select their own seats.

### Prepare Your Preadministration Session

#### TASKS

**Prepare for the Session Using Unlabeled Answer Sheets**

Your supervisor will provide these materials for your session:

- Student Answer Sheet Instructions, a copy for each student
- Blank standard answer sheets
- Blank large-block answer sheets (if applicable)
- A list of students with the type of answer sheet needed (large-block or standard, SAT or SAT with Essay)

**Prepare for the Session Using Pre-ID Labels**

Your supervisor will provide these materials for your session:

- Student Answer Sheet Instructions, a copy for each student
- Prelabeled answer sheets
- Prelabeled large-block answer sheets (if applicable)
- A room roster with the type of answer sheet needed (large-block or standard, SAT or SAT with Essay)
- A copy of the Pre-ID Supplemental Instructions for SAT School Day

Students must receive and bubble in their information on their own answer sheets. Take care to match students with their correct prelabeled answer sheets when distributing them.

Students won’t need to fill in the fields listed on the Pre-ID Supplemental Instructions for SAT School Day provided by your supervisor. Use the memo to update the script under “Script for Answer Sheets with Pre-ID Labels.” You’ll need to place a check mark next to each boldface instruction that indicates a section of the answer sheet that can be skipped. Here’s an example:

- If Address is listed on the “Supplemental Instructions,” tell students to skip boxes 6–10.

---

### Conduct the Preadministration Session

#### TASKS

- Before starting the session, post any information the students will need, such as the six-digit school (AI) code, school name, city, and state.
- Give each student the correct answer sheet and a copy of the Student Answer Sheet Instructions. A large print version of the Student Answer Sheet Instructions is provided for students with approved accommodations that necessitate large print. If your school has pre-ID labels, make sure you correctly match any labeled answer sheet to the student whose information is on the label. Give any student who doesn’t have a labeled answer sheet a blank answer sheet.

---

**KEY INFORMATION**

#### Pre-ID Label Supplemental Instructions for SAT School Day

The memo titled “Pre-ID Supplemental Instructions for SAT School Day,” received with pre-ID labels by schools that use them, lists all of the answer sheet fields that are given on your student labels.

Supplemental Instructions for SAT School Day

Dear [Supervisor]:

Thanks for administering the SAT® School Day this fall. For your convenience, we’re enclosing Pre-ID labels, which include students’ names and basic information. You can apply the labels to the SAT School Day answer sheets ahead of time so that students won’t need to fill out the following fields on the answer sheet. The number next to each item in the list corresponds to its answer sheet field number:

- Name (1)
- School (2)
- School Code (3)
- Date of Birth (5)
- Street Address (6)
- City (7)
- State (8)
- Zip or Postal Code (9)
- Country Code (10)
- Middle Number (11)
- Grade Level (12)
- Email Address (13)
- Sex (15)
- Racial/Ethnic Group (21)
- Student Identification (23)

Please use the list above to prepare for using the labels. Direct your testing staff to find the instructions in the SAT School Day Preadministration Instructions for preadministration with Pre-ID labels. They should check off the directions for the fields that are included on the labels, indicating that those fields can be skipped. Staff must read all other directions to students who are filling out their identifying information on the answer sheets.

The enclosed labels may already be sorted according to your district or state’s instructions. Please note the Sort field on each label.

Thank you for your participation.

Before Test Day  Conduct the Preadministration Session

- If your contract allows both SAT and SAT with Essay, check that students have the right answer sheet type: SAT or SAT with Essay.
- Some students may be using large-block answer sheets. This accommodation will be noted on the NAR.
- Choose the script that matches whether you have unlabeled answer sheets or answer sheets with pre-ID labels. Read aloud the scripts in tinted areas and pause when [pause] appears to give students time to follow instructions. Instructions for the associate supervisors that shouldn’t be read aloud appear outside the tinted areas.
- Not every school uses the same approach to various fields on the answer sheet. Watch for scripts with letter designations and read the script that applies to your school.
- Students must fill in the appropriate bubbles (or squares on a large-block answer sheet) for their names, addresses, and other personal information.
- Students should skip boxes 44–48 on the answer sheet because these sections are completed on test day.
- If any students' labels have an incorrect legal first, middle, or last name, give them a blank answer sheet and securely destroy the one with the incorrect label.

Script for Unlabeled Answer Sheets

Fill in the school code in the script below before beginning.

When students are ready, say:

Today we will complete the identifying information portion of the SAT answer sheet. You’ll also have a chance to answer some questions about yourself and your college plans, and to select up to four colleges or scholarship programs to send your scores to.

If you’re using a large-block answer sheet, read the directions on the front page for how to mark your answers. Your page numbers will be different from those I announce, but the field numbers will be the same as the box numbers I give for everyone. You’ll mark the squares with an X instead of filling in bubbles.

For box 1, say:

Begin by filling in your legal last name, first name, and middle initial, if you have one, in box 1. Include spaces, hyphens, or apostrophes if these are part of your name. Print the letters in all caps in the boxes, then fill in the corresponding bubbles. Make sure each mark is dark and completely fills the bubble. Look up when you’re done. [pause]

For boxes 2 and 3, say:

Move on to box 2. Fill in the bubble for “Yes,” if you are testing at your school, then print our school’s name, city, and state. Look up when you’re done. [pause]

In box 3, print our six-digit school code and fill in the corresponding bubbles. Look up when you’re done. [pause]

For box 4, say:

Don’t make any marks in box 4, “Optional Code.”

For box 5, say:

In box 5, fill in all three parts of your date of birth. Any two-digit fields need to start with a zero if the number is less than 10. Be sure to include the bubble for the first two digits of the year you were born. Raise your hand if you have any questions. Look up when you’re done. [pause]

For boxes 6–10, say:

Turn to page 2, and fill in your address in boxes 6 through 9. Leave box 10 blank. Raise your hand if you have any questions. Look up when you’re done. [pause]

For box 11, say:

Box 11 asks for your U.S. mobile number. Only U.S. mobile numbers are accepted. By providing your number, you agree to receive text messages from the College Board about the SAT, to participate in research surveys, and to get free information on college planning services. Standard text messaging rates apply. You may opt out at any time. The College Board will not share your phone number with other organizations.

If you agree to these terms, enter your phone number. Please look up when you’re done. [pause]
Conduct the Preadministration Session

Before Test Day

For box 12, say:

In box 12, fill in the bubble for your current grade.

For box 13, say:

Turn to page 3. If you'd like to get information from the College Board via email, including information about your scores once they become available online, write in your email address and fill in the corresponding bubbles in box 13. Indicate at the top of the box whether this is your own email address or a parent or guardian's address. If you give your own email address (not a parent's or guardian's) and opt in to Student Search Service at the end of this session, you may get information from colleges sent to your email address. I'll tell you more about Student Search Service later in this session. Please look up when you're finished. [pause]

For box 14, say:

In box 14, fill in the bubble for the month you expect to graduate from high school. Then print the two digits for your graduation year in the boxes and fill in the corresponding bubbles.

For box 15, say:

Mark the correct bubble in box 15.

Now say:

We're now going to skip ahead to question 23. We'll come back to questions 16–22 in a moment.

Box 23 Student ID/Social Security Number:

Read script (A) if your school uses student ID numbers.

Read script (B) if your school uses Social Security numbers.

(A) If your school uses student ID numbers, for box 23, say:

In box 23 fill in the bubble labeled “Student ID Number,” then print and bubble in your student ID number, starting with the first column to the left. If there are letters in your ID number, skip them and only enter the numerals. If you don't know your student ID number, or don't want to give it, leave box 23 blank. Look up when you're done. [pause]

(B) If your school uses Social Security numbers, for box 23, say:

In box 23, fill in the bubble labeled “Social Security Number,” then print and bubble in your nine-digit Social Security number starting in the first column on the left. Do not include dashes or blanks. If you do not have a Social Security number, don't know it, or don't want to give it, leave box 23 blank. Look up when you're done. [pause]

Proceed to Script for Student Answer Sheet Instructions on page 14.

Script for Answer Sheets with Pre-ID Labels

Fill in the school code in the script below before beginning. Refer to the Supplemental Instructions provided to you by your supervisor to identify which scripting variation should be used for your room.

When students are ready, say:

Today we will complete the identifying information portion of the SAT answer sheet. You'll also have a chance to answer some questions about yourself and your college plans, and to select up to four colleges or scholarship programs to send your scores to.

If you're using a large-block answer sheet, read the directions on the front page for how to mark your answers. Your page numbers will be different from those I announce, but the field numbers will be the same as the box numbers I give for everyone. You'll mark the squares with an X instead of filling in bubbles.

To students, say:

Please check the label on page 1 of your answer sheet (or the back of your large-block answer sheet). It will show your name and other information about you and our school. First, please check that I've given you the answer sheet that belongs to you. Then, confirm that your legal last name and first name are correctly printed on the label. Raise your hand if the name on your label is not yours or is incorrect. [pause]

Next check that the school code listed is as follows: ____________. Raise your hand if the school code is incorrect. [pause]

Next, check your date of birth, which is marked with the letters “DOB.” Also check that your sex is correctly noted, and your grade. Raise your hand if your date of birth or sex is incorrect. [pause]
Check your address. If your address is incorrect on the label, you will be able to fix it on your answer sheet. Raise your hand if you have any questions. [pause]

Before continuing, resolve any issues with labels:

- If a student’s address is incorrect, but all other information is accurate, they may continue to use their pre-ID label. They can update their address by filling it out on the answer sheet.
- If a student has the wrong label on their answer sheet, see if it belongs to another student. Check the other answer sheets that you distributed to try to locate the correct one.
- If a student’s labeled answer sheet is unusable (has incorrect data on it) or you can’t locate their correct answer sheet:
  - Check with your supervisor to see if an additional preadministration session can be held for these students.
  - If you need to keep them in your session, give them each a blank answer sheet, and tell them to follow your directions to fill in their information. These students should fill in all fields, even those that are marked to be skipped in this “Script for Answer Sheets with Pre-ID Labels.” If you have just a few students in this situation, have them remain after others have finished and been dismissed, then go back to the items they need to complete.

Your state or district may require that students validate their label information by filling in all boxes on the answer sheet. Throughout this section, you can choose either the script that tells students to skip field(s) provided on the label or the script that guides them to fill in the field(s).

**Boxes 1–3 Name and School Information:**
Read script (A) to students who can skip these boxes. Read (B) to any students who need to supply their name and school information. If you have any students with unlabeled answer sheets, you may need to read both scripts.

(A) To students who can skip boxes 1–3, say:
Don’t make marks in boxes 1, 2, or 3. Your name and school are given on the label.

(B) To students who need to fill in boxes 1–3, say:
Begin by filling in your legal last name, first name, and middle initial, if you have one, in box 1. Include blanks, dashes, or apostrophes if these are part of your name. Print the letters in the boxes, then fill in the corresponding bubbles. Make sure each mark is dark and completely fills the bubble. Look up when you’re finished. [pause]

Move on to box 2. Fill in the bubble for “Yes,” then print your school’s name, city, and state. Look up when you’re done. [pause]

In box 3, print your six-digit school code and fill in the corresponding bubbles. Look up when you’re done. [pause]

**For box 4, say:**
Don’t make marks in box 4, “Optional Code.”

**Box 5 Date of Birth:** Read script (A) to students who can skip this box. Read script (B) to any students who need to provide their date of birth.

(A) To students who don’t need to fill in box 5, say:
Don’t make marks in box 5. Your date of birth is given on the label.

(B) To students who need to fill in box 5, say:
In box 5, fill in all three parts of your date of birth. Any two-digit fields need to start with a zero if the number is less than 10. Be sure to include the bubble for the first two digits of the year you were born. Raise your hand if you have any questions. Look up when you’re done. [pause]

**Boxes 6–10 Address:**
Read script (A) to students if the address is correctly printed on their labels. Read script (B) to students who need to give their address.

(A) To students who don’t need to fill in their address, say:
Don’t make marks in boxes 6 to 10.

(B) To students who need to give their address, say:
Turn to page 2, and fill in your address in boxes 6 through 9. Leave box 10 blank. Raise your hand if you have any questions. Look up when you’re done. [pause]

To all students, for box 11, say:

Box 11 asks for your U.S. mobile number. Only U.S. mobile numbers are accepted. By providing your number, you agree to receive text messages from the College Board about the SAT, to participate in research

surveys, and to get free information on college planning services. Standard text messaging rates apply. You may opt out at any time. The College Board will not share your phone number with other organizations.

If you agree to these terms, enter your phone number. Please look up when you're done. [pause]

**Box 12 Grade Level:**
Read script (A) to students who can skip this box. Read script (B) to any students who need to provide their grade level.

(A) To students who don't need to fill in box 12, say:
Don't make marks in box 12. Your current grade level is given on the label.

(B) To students who need to fill in box 12, say:
In box 12, fill in the bubble for your current grade.

If Email Address appears on your school's Supplemental Instructions for SAT School Day, students with correct labels can skip box 13.

**Box 13 Email Address:**
Read script (A) to students who can skip this box. Read script (B) to students who need to give or change their email address.

(A) To students who don't need to fill in box 13, say:
Your label indicates that your email address has been provided. If your email address has recently changed, raise your hand and I'll give you directions for box 13. If your email address is unchanged, make no marks in box 13.

(B) To students who need to fill in box 13, say:
Turn to page 3. If you'd like to get information from the College Board via email, including information about your scores once they become available online, write in your email address and fill in the corresponding bubbles in box 13. Indicate at the top of the box whether this is your own email address or a parent or guardian's address. If you give your own email address (not a parent's or guardian's) and opt in to Student Search Service at the end of this session, you may get information from colleges sent to your email address. I'll tell you more about Student Search Service later in this session. Please look up when you're finished. [pause]

For box 14, say:
In box 14, fill in the bubble for the month you expect to graduate from high school. Then print the two digits for your graduation year in the boxes and fill in the corresponding bubbles. [pause]

**Box 15 Sex:**
Read (A) to students with correct labels. Read script (B) to any students with missing or incorrect labels.

To students who don't need to fill in box 15, say:
Don't make marks in box 15. Your sex is given on the label.

To students who need to fill in box 15, say:
Mark the correct bubble in box 15.

Now say:
We're now going to skip ahead to question 23.

If student ID appears on your school's Supplemental Instructions, students with correct labels can skip box 23.

**Box 23 Student ID/Social Security Number:**
Read script (A) to students who can skip box 23. To students who need to fill in box 23, read script (B) if your school uses student ID numbers, or read script (C) if your school uses Social Security numbers.

(A) To students who can skip box 23, say:
Make no marks in box 23. Your label includes this information.

(B) To students who need to fill in box 23, if your school uses student ID numbers, say:
In box 23, fill in the bubble labeled “Student ID Number,” then print and bubble in your student ID number, starting with the first column to the left. If there are letters in your ID number, skip them and only enter the numbers. Look up when you're done. [pause]

(C) To students who need to fill in box 23, if your school uses Social Security numbers, say:
In box 23, fill in the bubble labeled “Social Security Number,” then print and bubble in your nine-digit Social Security number starting in the first column on the left. Do not include dashes or blanks. If you do not have a Social Security number, don't know it, or don't want to give it, leave box 23 blank. Look up when you're done. [pause]
Script for Student Answer Sheet Instructions

Make sure students have approximately 45 minutes to complete the remaining questions on the answer sheet.

To all students, say:

Take out the Student Answer Sheet Instructions booklet that I gave you at the start of this session.

For box 22, say:

We’re now going to skip back to question 22. When you take the SAT as a part of SAT School Day, you’re entitled to send your scores—for free—to as many as four colleges or scholarship programs. Completing this section is optional. Colleges and universities are always eager to get scores from students, even if you’re not ready to apply. If you voluntarily send your scores to an institution, they’ll see it as a sign of your interest in what they have to offer, which makes them more likely to consider your application.

Open your instructions booklet and find the “Score Reporting Code List,” which begins on page 6. Use this list to find the four-digit number for the schools or scholarship programs you want to send your scores to. The U.S. colleges and universities are listed first in order by state, and then alphabetically by name. Institutions in U.S. territories come next, followed by international ones. The final list in this document shows Scholarship Programs listed by state or country, in alphabetical order.

For each place you want to send scores to, copy the four digits in the boxes and fill in the corresponding bubbles (if using a large-block answer sheet, print the digits as clearly as you can). Let me know if you have any questions.

Look up when you’re done. [pause]

When students are ready, say

Box 43 asks if you wish to participate in the College Board’s free Student Search Service. This service can help you connect with opportunities. Saying “Yes” to this service allows colleges, scholarship programs, and other organizations to send you information about the educational and financial aid opportunities they offer. Educational organizations that request it will receive information you provide on the answer sheet, but they will NOT receive your actual test scores or phone number.

If you do not answer and previously chose to participate in this service, the College Board will continue providing your information. Please make your selection.

Do not fill in boxes 44–48. You’ll fill in those on test day. When you're finished, close your instructions booklet and place it next to your answer sheet on your desk. Please wait quietly while others finish. Raise your hand if you have any questions.

IMPORTANT: If you are guiding students to complete their answer sheets on test day after testing, return to Collect Answer Sheets on page 29.

Complete the Preadministration Session

- After the session, collect an answer sheet and Student Answer Sheet Instructions booklet from every student. Notify students that their answer sheets will be returned to them on test day.
- The session is now over—you may dismiss your students or carry on with your regular school day.
- Organize the answer sheets and Student Answer Sheet Instructions as directed by your supervisor and return them to the supervisor for secure storage until test day.
During the Test

Get Started

TASKS

Follow Your Test Day Schedule

- To ensure standardization across all School Day testing, please adhere to the prearranged schedule as closely as possible.

Prepare Your Testing Room

Make sure you:

- Double-check that your testing room meets seating requirements, including guidelines for type and spacing of seats. (See sample seating plan in the Appendix.)
- Assign seats at random or by prearrangement with the supervisor. Never allow students to select their own seats.
- Cover or remove any instructive material, such as maps and charts if not done previously.
- Check the clock to make sure it’s working properly.
- Post information for students on the board.
  - Test date
  - School name, city, and state
  - Six-digit school code (AI code assigned to your school)
  - Three-digit testing room code (or other room identifier)
  - “SAT with Essay” or “SAT,” as appropriate
  - “Use a No. 2 pencil only. Do not use a pen or mechanical pencil.”

- If provided in your testing room packet (see “Account for Test Materials”), post the “No Electronic Devices” flyer in the room and “Quiet Please” flyer on the outside of your testing room door.

Study and Prepare Scripts Before Testing

- Some of the instructions have alternative scripts to read depending on various criteria such as options in use by your school. When you see multiple choices with lettered options (for example, A and B), read the prompts silently before choosing which script to read.
- Before admitting students, fill in the appropriate information where a blank line “_____” appears in the text.

Account for Testing Materials

Your supervisor will provide a packet of testing materials containing:

- A room roster showing students assigned to your room
- A Testing Room Materials Report form listing the test materials for your room
- Test books
- Answer sheets for your students, which may have been prelabeled and/or pregridded, if your school uses pre-ID labels and/or held a preadministration session
- Some blank answer sheets and Student Answer Sheet Instructions for students who need to complete some or all of the preadministration information on answer sheets
- A Supplemental Instructions memo if you have students with pre-ID labels who didn’t attend a preadministration session
- Two optional testing room flyers (“No Electronic Devices” and “Quiet, Please”)
- ELL supports, if your students need them
- Blank forms, including an SIR and at least one Request to Cancel Tests Scores form

Count all of your testing materials when you receive them from your supervisor, when you distribute them to students, and when testing is complete.

- Before admitting students to the room, count the test books for your room and compare the serial numbers to those listed on the Testing Room Materials Report form in your testing room packet. You’ll also record the number of Essay books received (if applicable).
- Later, after testing has begun, you will show the distribution of test books in your room by recording the serial numbers on the seating chart (Part B).
- After testing, when you prepare to return materials to the supervisor, you will record the serial numbers of the test books that you are returning in part A of the form, along with the number of answer sheets and Essay books (if applicable) being returned.
- If you discover that a test book is missing, follow these procedures:
  - If a test book is missing before testing has begun, determine the serial number of the missing book and then check the desk of the student who was assigned that serial number as well as the desks of students who received the test books with
During the Test  Testing In The Standard Room

serial numbers before and after the serial number of the missing book.

- If testing has already begun, wait to search the room until a scheduled break or the end of the testing session, but notify the test supervisor as soon as possible. Before dismissing students or starting a break, announce that a test book is missing and that no one will be dismissed until it is located. If no one acknowledges having the test book, check each student desk (even unoccupied desks, since the test book may have been placed there).

If the test book is still missing, ask the test supervisor to call School Day Support immediately. Report the incident on an SIR.

KEY INFORMATION
Distributing Materials
Do not distribute any test materials until instructed to do so in the scripts.

- Test books should have a purple cover. Testing students with blue test materials using the scripts in this manual will result in a misadministration and canceled scores.

- The test materials should match the administration in your room:
  - The standard answer sheets for SAT (no Essay) are salmon colored. Large-block answer sheets for SAT (no Essay) have a salmon colored title and box printed on them.
  - The standard answer sheets for SAT with Essay are gray. Large-block answer sheets for SAT with Essay have a gray title and box printed on them.

  IMPORTANT: Essay books, if any, will have a purple bar as well as an essay icon. Essay books should be distributed only after students have completed all four sections of the SAT test as prompted in the Section 5 script.

Testing In The Standard Room

TASKS
Admit Students to the Testing Room
Admit students one at a time, taking care to assign them seats at random or by prearrangement. If your school is conducting classroom check-in, check each student against the room roster as they enter the room:

- Write a “P” (present) next to the name of each student who checks in.
- If you don’t recognize a student, ask them for identification. Send any student from another school who can’t present acceptable ID to the supervisor.

- After you have closed the testing room door, put an “A” next to the name of any student who is absent.
- Write in student information for students not on the room roster.

If a student arrives late, you can admit them as long as you have not yet begun the timed sections of the test.

Administer the Test
Before you collect any phones, backpacks, or other personal belongings from students (if your school chooses to do so), students should take out any snacks or drinks to store under their desks during testing.

Time the Test

- Enter the start and stop times in the script as students begin working on each section; post the times for students to see.

- Announce the remaining time at regular intervals, as noted in the script. This is particularly important if the room clock malfunctions.

- Before you call stop, check your watch against the time you have written down.

- Verify the time with the proctor, if one is assisting in the room.

Refer to the Section Timing Chart in the Appendix to ensure that the stop time is correctly calculated.

Complete the Count of Materials

- On the Testing Room Materials Report form in the back of this manual or provided to you by the supervisor, account for all test materials (used and unused) in Part A of the form. If a book appears to be missing, follow procedures in “Account for Testing Materials” earlier in this section.

- Make a note of the count of Essay books in Part A as well (if applicable).

- Use the chart on the back of this manual (or on the Testing Room Materials Report form if provided by your supervisor) to record the serial numbers of the test books distributed to students and the order in which you handed out the test books.

Maintain Security in the Testing Room
Make sure you understand and follow these policies:

- Prepare your testing room by covering up or removing any instructive material, such as maps and charts.

- Follow scripts exactly and minimize confusion by giving students ample opportunity to ask questions about procedures.

- Remain vigilant at all times during testing. Staff must not engage in activities that are not related to testing,
such as talking on phones (prohibited for staff as well as students), using a computer, or grading papers.

- Ensure that at least one staff member is in the testing room at all times.
- Ensure that students do not use calculators, phones, or prohibited aids during breaks.
- Monitor test materials at all times; do not leave them unattended under any circumstances.
- Guard against test materials being removed from the room.
- No one is permitted to access or use phones in the testing room, or to eat or drink during testing unless they have an approved accommodation.

**IMPORTANT:** Immediately report significant problems or events that interfere with specific testing procedures, or that compromise test security.

**Prohibited Aids**

Once the opening scripts have been read to students, staff must dismiss any student seen with a cell phone or wearable technology during testing, including breaks. Anyone using other prohibited aids during any part of the administration, including breaks, should be warned and, if warranted, dismissed from the test. (The only exceptions are for College Board–approved accommodations for particular testing aids.) Note any such activities on an SIR.

Prohibited aids include, but are not limited to (unless approved as an accommodation):

- Mobile phones, smartphones, smartwatches, or other wearable technology
- Audio players/recorders, tablets, laptops, notebooks, Bluetooth, or any other personal computing devices
- Separate timers of any type
- Cameras or any other photographic equipment
- Pens, highlighters, and mechanical or colored pencils
- Books or references of any kind (not including ELL supports)
- Compasses, rulers, protractors, or cutting devices
- Papers of any kind, including scratch paper
- Earplugs
- Unacceptable calculators that have typewriter-like keypads, use paper tape, make noise, or use a power cord

**IMPORTANT:** Epinephrine auto-injectors (e.g., EpiPens) are permitted in the testing room without the need for accommodations. They must be placed in a clear bag and stored under the student’s desk during testing. For other medications/medical devices, contact the SSD office.

**Monitor Students**

- Walk around the room to check that everyone is working on the correct section.
- Make sure that students who are using a large-block answer sheet are following instructions on the front of the answer sheet about where and how to mark their answers.
- If a student misplaces answers on the answer sheet, follow the instructions in the Irregularity Chart in the Appendix.
- Make sure students do not use any prohibited aids, as instructed in the scripts. A list of prohibited devices is provided early in the script before answer sheets are distributed.

**Prevent Copying and Communication**

Copying and prohibited communication are the most common ways for students to obtain an unfair advantage. Staff must:

- Watch for roaming eyes. Some students may try to copy from a neighbor.
- Carefully observe students using calculators. A smartphone can be disguised as a calculator with a plastic cover.
- Watch for signals. Students may signal across a testing room by using their hands, tapping their feet, using different colored pencils, and so on.
- Staff must always note any such activities on the SIR. They should immediately report significant problems or events that interfere with specific testing procedures or that compromise test security. If the Irregularity Chart indicates to call School Day Support, report the situation immediately.

**Monitor Breaks**

You and other testing staff will need to monitor students during breaks to make sure they don’t discuss the test, use calculators, phones, or prohibited aids.

For the breaks:

- Post the break time and include what time students should return to their seats.
- Walk around the room to check that all test books are closed and answer sheets are placed inside them. Also check that any translated instructions or word-for-word glossaries are closed and left on the desks.
- Students are not allowed to use phones during breaks for any reason. Phones should be collected (if school policy permits), and must remain powered off and put away until the test is completely over.
- Students may eat and drink during breaks in designated areas, as long as they placed their food and beverages under their desks before the start
During the Test  Testing In The Standard Room

- of the test, as instructed. Do not allow students to access their bags or backpacks until the test is over.
- If students ask, they may go to the restroom, but under no circumstances should unsupervised groups of students be allowed to leave the room.

Report Irregularities

**IMPORTANT:** Immediately report significant problems or events that interfere with specific testing procedures, or that compromise test security, either before or on test day.

- Immediately inform the test supervisor of any timing irregularities.
- Record irregularities and actions taken on the Supervisor’s Irregularity Report (SIR).

Complete the SIR

This form is scanned, so use a No. 2 pencil, or a pen with black or blue ink, and do not write any notes or make any other extraneous marks on the form. Be sure to print all information neatly and fill in bubbles completely. Always include the names of students and the answer sheet litho code (eight-digit serial number from bottom right-hand corner of answer sheet) involved in an irregularity. (See the Appendix for a sample of a completed SIR.)

- For all irregularities, fill in items 1–4 (page 1) and item 10 (page 3) of the form.
  - In box 4a, write your 6-digit school (AI) code.
  - In box 4b, fill in the appropriate bubble for your test date. Fill in your primary or your makeup test date according to what administration you’re reporting about.
- To report a **group irregularity** (an issue that affects all or a portion of a testing room), fill in items 6 (page 1), 9 (page 3), and 11 (page 4) to denote the type of occurrence, describe the events and actions, and list information about the students affected. You will need to note the date of birth and answer sheet litho code (8-digit serial number), found in the bottom right corner of the answer sheet, for each affected student.
- To report an **individual irregularity** (an issue that affects one student, such as illness), fill in items 5 (page 1), 7 (page 2), and 9 (page 3) to denote the type of occurrence and the events and actions taken. Be sure to fill out the information in its entirety.
- In all situations, provide as much detail as possible. Do not attach answer sheets to the SIR, but return them to your supervisor with the other used answer sheets.

**KEY INFORMATION**

**Calculator Policies and Guidelines**

Calculators may only be used on the Math Test – Calculator portion, unless a student has been preapproved by the College Board to use a four-function calculator as an accommodation on the Math – No Calculator section. To help staff monitor calculator use, the Math Test – Calculator portion will have a calculator symbol at the top of each test book page. Students may only have calculators on their desks when working on these questions. See the Appendix for a list of acceptable calculators.

General policies are as follows:

- All questions can be answered without a calculator.
- We recommend that students bring and use a calculator, preferably one they are familiar with, on the Math Test – Calculator portion of the SAT. A scientific or graphing calculator is recommended.
- Students should supply their own calculators.
- Students may also bring acceptable backup calculators in case their primary calculator or batteries fail, but they need your permission to use them.
- Students may not share calculators.

**IMPORTANT:** Unless indicated by school policy, staff shouldn’t offer extra equipment or batteries.

**Calculator Malfunction**

Students should raise their hand if their calculators malfunction before or during the test. Allow them to use an acceptable backup calculator or batteries that they brought and continue to test. Students without backup equipment may continue testing, since most questions don’t require a calculator. If they choose to cancel their score, they must cancel the entire test. They will need to fill out a Request to Cancel Test Scores form before leaving the testing room.

**Monitoring Equipment Use**

Follow instructions in the scripts to monitor the use of calculators.

- Only battery-operated, hand-held equipment can be used for testing.
- Students may not share calculators.
- All scientific, and most graphing calculators are acceptable. Four-function calculators are permitted, but not recommended.
- Students may use calculators with enlarged or raised displays, but they should be seated where the calculators are not visible to other students.

**IMPORTANT:** Students approved to use a calculator on the Math Test – No Calculator section must use a four-function calculator for this purpose. (Percentage and square-root functions are allowed.) Confirm that the calculators in use aren’t more advanced models.
Scheduled Breaks
College Board policy requires every student to be offered breaks at regular intervals. Scheduled break time does not count as testing time.

Students who receive standard time on the entire test, whether taking the test with other accommodations or not, receive:
- a 10-minute break after Section 1
- a 5-minute break after Section 3
- a 2-minute break after Section 4 (if taking the SAT with Essay)

During breaks after Sections 1 and 3, students may go to the restroom or to the area designated for eating snacks.

Unscheduled Breaks
When students take an unscheduled break, the clock does not stop. To maintain security, staff should adhere to the following guidelines for permitting unscheduled breaks:
- Inform students that they won’t get extra testing time.
- Allow only one student at a time to take an unscheduled break.
- Collect their test book and answer sheet before the student leaves the room. Make sure the test book is the actual test book and not a substitute. Fan the book to make sure no pages have been removed. Also collect any ELL supports (translated directions or glossary) the student may be using.
- Never leave the testing room unattended. If possible, have a proctor accompany the student. It isn’t necessary to record this irregularity on an SIR unless you find the activity suspicious.

Test Observers and Visitors
Staff from the College Board, Educational Testing Service (ETS), or administrators from your district or school may visit your school the day of the test or the week preceding it. Verify that visitors have government-issued identification and a letter of authorization from the College Board or ETS, or the Department of Education.

Authorized visitors, including assistants for students with approved accommodations, are the only visitors allowed in the testing rooms. There are no exceptions. Keep unauthorized individuals out of the sight and hearing of the students until testing is complete and away from secure testing materials. Limit access to the testing rooms and adjoining hallways.

Using the Irregularity Chart
The chart in the Appendix is a compilation of the most common irregularities along with the procedures and actions you should use in response to them. When the chart indicates the need for immediate action, respond right away. The chart also indicates when you should complete and submit an SIR and when you should order makeup tests.

Use the SIR to record an irregularity, including:
- Security incidents
- Misconduct
- Test question errors or ambiguities
- Other incidents or disturbances
- Student complaints

Make sure reports are complete and explicit. Fill out just one form for each issue, even if it affects more than one student (such as mistiming).

Irregularities filed by associate supervisors must be countersigned by the test supervisor, who should add any information that might be useful. Tell students that a report will be submitted, but inform them that if they feel they were affected, they can call to file a complaint.
Standard SAT Script

The script in this section is for testing in the standard rooms using the test books with purple covers. Uniform testing conditions depend on your reading the scripts exactly as detailed in this section.

Read scripts in tinted areas aloud EXACTLY as written.

- Read slowly enough to give students time to fill in their information.
- Pause where you see [pause] in the script to allow students time to follow instructions.
- Text that appears outside of the tinted areas is intended for associate supervisors and should not be read aloud.
- Answer student questions only about procedure, not about test content.
- Repeat parts of the script if requested to do so.

Begin the Test Here

Before starting the test, distribute translated directions and/or word-for-word glossaries for students who need them.

At all administrations, say:

Good morning. Today you are going to take the SAT. This is your chance to show how prepared you are for college and career.

If you have questions about any of the instructions I give you, please ask them, so that you can be sure of doing your best. If you are using printed directions that are translated, open the booklet now to follow along as I give instructions.

In this room, you will be taking the test that I have posted on the board.

Continue by saying:

The College Board has rules that are designed to give each of you an equal opportunity to show your abilities. We will dismiss and cancel the scores of anyone who tries to gain an unfair advantage by:

- Giving or receiving help of any kind on the test
- Looking through the test book before the start of the test
- Working on the wrong section or looking at a previous or future section of the test book or answer sheet
- Using a calculator during a non-calculator section
- Marking answers after time is called
- Sharing test questions or answers with anyone during or after the test
- Using any unauthorized testing aids, including phones, during testing or on breaks
- Attempting to take the test for someone else

You may also be dismissed for:

- Eating or drinking during testing (unless this has been approved as an accommodation—otherwise, eating and drinking are only permitted during breaks)
- Causing a disturbance of any kind or distracting other students
- Going to your locker or leaving the building during breaks

You will have until 11:59 p.m. the fourth weekday from the end of the test to file a test day complaint. If you see any behavior that causes you concern, please notify the test supervisor, who will explain how to contact the College Board. Are there any questions? [pause]

Collection of Personal Belongings:

Read script (A) if your school has chosen to collect students’ phones, electronic devices, and/or backpacks. Read script (B) if your school did NOT choose to collect students’ belongings. (Read only one option.)

(A) If your school has chosen to collect personal belongings, say:

By this time you should have turned in all phones, or any other electronic devices. If anyone still has an electronic device of any kind, please disable any alarms, power it off, and turn it in to me now, and it will be returned to you at the end of the test.

(B) If your school has NOT chosen to collect personal belongings, say:

At this time, if you have a phone, or any other electronic device in your possession, you must disable any alarms, completely power it off, and put it away under your desk until the test is over. Any electronic device that is not turned off and put away may be confiscated and its contents inspected as part of a thorough investigation.

Allow time for students to turn in or put away any of these devices.
Now say:

Now we’re going to prepare to start the test.

- Remove everything from your desk except your pencils and acceptable calculator.
- If you brought a backup calculator or extra batteries, get those out and put them on the floor under your desk.
- Place any water bottles and snacks under your desk. Close all bags and backpacks and put them under your desk until the test is over. [pause]

IMPORTANT: EpiPens are permitted in the testing room without the need for accommodations. They must be placed in a clear bag and stored under the student’s desk during testing. If needed during testing, monitor the student while using the device.

Once desks are cleared of prohibited items, say:

I will take a moment now to look around and make sure you are using approved calculators. [pause]

Walk around the room to make sure no one has the following unauthorized materials or aids on their desk (unless approved as an accommodation).

- Mobile phones, smartphones, or any wearable technology
- Audio players, recorders, tablets, laptops, notebooks, Bluetooth, or any other personal computing devices
- Separate timers of any type
- Cameras or any other photographic equipment
- Pens, highlighters, and mechanical or colored pencils
- Books or references of any kind
- Compasses, rulers, protractors, or cutting devices
- Papers of any kind, including scratch paper
- Earplugs
- Unacceptable calculators that have typewriter-like keypads, use paper tape, make noise, or use a power cord

If unauthorized devices or aids are displayed, have students remove them from their desks. If any students have mechanical pencils, give them No. 2 pencils to use instead.

Then say:

You may not share or exchange calculators at any time. Put your calculator under your desk now. You will not need it until a later section.

Make sure that students have put their calculators under their desks and that any phones have either been collected or are placed under the desk, not in a pocket.

IMPORTANT: If you are administering the SAT with Essay in your room, place the Essay books aside in a location where students can’t access them (these will be distributed after test books are collected as prompted in Section 5 scripting).

Distribute Answer Sheets

Distribute the answer sheets. If your school held a preadministration session, make sure that each student receives their own answer sheet with identifying information complete. Give any students who did not participate in a preadministration session a blank answer sheet or, if applicable, a prelabeled answer sheet. You may need to read both scripts (A) and (B) if you have a mixture of students with blank, prelabeled, or prepopulated answer sheets in your room. In addition, if your school requires all fields on pre-ID labels to be confirmed by having the student fill them in, read script (B) to students with pre-ID labels who haven’t yet completed these fields.

Next, say:

These are the answer sheets that you will use to mark your answers on the test.

Preadministration session: If all students in your room populated an answer sheet during a preadministration session, read script (A) and complete the actions after it if necessary. If any students in your room did not complete a preadministration session, read the scripts under (B).

(A) To students who have a populated answer sheet from a preadministration session, say:

Please check to make sure your correct legal name and date of birth appear on the answer sheet. Raise your hand if you have the wrong answer sheet.

If your answer sheet has a label, ensure that it is correct. [pause]

If there are students in the room who have the wrong answer sheet, try to resolve the discrepancy. If you are
unable to do so, or if students have incorrect information on their answer sheets, give them blank answer sheets and read the scripts under (B). If all students in the room have correct answer sheets populated during a preadministration session, skip the scripts under (B) and proceed to “Distribute Test Books.”

(B) To students who need to complete fields on the answer sheet, say:

Fill in your full legal name in box 1 now. If your answer sheet has a label, please check that it is correct. If you find any errors, raise your hand and I will give you a replacement answer sheet. [pause]

For boxes 2 and 3, say:

Find box 2. Raise your hand if you do not attend this school, and I will come over and help you answer this question. Everyone else, fill in the bubble for “Yes,” and then print our school’s name, city, and state. You may leave the country line blank. Look up when you are done. [pause]

In box 3, print our six-digit school code and fill in the corresponding bubbles. Look up when you are done. [pause]

If you have homeschooled students, tell them to fill in the bubble for “No, I am homeschooled” and to enter “970000” in box 3.

For box 4, say:

Don’t make marks in box 4, “Optional Code.”

For box 5, say:

Fill in all three parts of your date of birth. Any two-digit fields need to start with a zero if the number is less than 10. Be sure to include the bubble for the first two digits of the year you were born. Raise your hand if you have any questions. [pause]

For box 12, say:

Turn to page 2 (or page 5 of the large-block answer sheet). Fill in the bubble for your current grade in box 12.

For box 15, say:

Find box 15 on page 3 (or page 6 of the large-block answer sheet). Mark the correct bubble in box 15.

Distribute Test Books

Now say:

I will now distribute your test books. Do NOT open them until I tell you to.

Distribute to each student the appropriate test materials in serial-number order.

IMPORTANT: Students must fill in the test book information on their answer sheets (boxes 44–46); without this information, their answer sheets cannot be scored.

Continue by saying:

Check to see that both the answer sheet and test book are for the version of the SAT that I have listed on the board—SAT or SAT with Essay.

When you get the test book, turn it over and read the back cover. It has important information about timing, marking answers, and scoring.

Then say:

When you have finished reading, please look up. [pause]
Are there any questions about what you just read? [pause]

After you have answered all questions, say:

The following instructions are critical to the scoring of your test. If you don’t follow my directions exactly, you may not receive a score. Listen carefully.

Make sure you are using a No.2 pencil and that you fill in the bubbles darkly and completely on the answer sheet. If you change your response, erase it as completely as possible. Avoid making stray marks, and do not use your answer sheet for scratch work.

Read the following script if anyone is using a large-block answer sheet.

To students using a large-block answer sheet, say:

If you are using a large-block answer sheet, also read the instructions on the front of the answer sheet about where and how to mark your answers. You will be marking an “X” in each relevant square rather than filling in bubbles, and the page numbers will be different from those that I announce.
Read the Timed Sections
Section 1—Reading Test

When all students are ready, say:

On the back of your test book, print your last name, first name, and middle initial, if you have one.

Then print this school’s code number, school name, and this room number (or name). [pause]

Check that students have filled in these fields, including room number/name, on their test books.

For the next set of instructions, students must correctly copy codes from their test books onto their answer sheets. This ensures proper scoring of their tests.

For the Form Code field, say:

On the back cover of your test book, find the box labeled “44-Form Code.” Copy the letters and numbers onto box 44 of your answer sheet exactly as shown on the back of your test and fill in the bubbles. [pause]

For the Test ID field, say:

Now find the box labeled “45-Test ID.” Copy the number onto your answer sheet in box 45. [pause]

For the Test Book Serial Number field, say:

Look at the front cover of your test book. Find the number in the upper right-hand corner of the test book labeled “Test Book Serial Number” and enter it into box 46 on your answer sheet. Fill in the corresponding bubbles. [pause]

To all students, say:

Take a moment to ensure that the Form Code, Test ID, and Test Book Serial Number fields are completed correctly. It is critical that you enter the correct codes on your answer sheet. Otherwise, you may not receive scores.

Testing Room Code: If your school has assigned testing room codes, read script (A). If your school has not assigned testing room codes, read script (B). (Read only one option.)

(A) For the Testing Room Code, say:

In box 47 on your answer sheet, fill in the three-digit testing room code I have posted for you. [pause]

(B) For the Testing Room Code, say:

Leave box 47 blank on your answer sheet.

Check that students are filling in the correct codes.

To all students, say:

Now listen to this important information. First, if you wish to cancel your scores before you leave, ask me for a Request to Cancel Test Scores form, which you must complete before you leave the room. To cancel your scores later, you must notify the College Board in writing no later than 11:59 p.m. on the fourth weekday from today.

Send your signed cancellation request by overnight mail or fax. You cannot cancel your scores with an email message or phone call.

Second, if you finish before time is called, you may check your work on this section, but you may NOT turn to any other section. You may use the test book for scratch work, but you must mark your answers on the answer sheet unless you are approved to mark them in your test book. After time has been called, you may not transfer answers from your test book to your answer sheet or fill in empty bubbles.

Third, during testing, keep your answer sheet and test book flat in the center of your desk. If you find something wrong with your answer sheet or test book, such as a missing page, or if you realize that you have been writing answers in the wrong section of your answer sheet, raise your hand.

Finally, answer sheets and test books must never be removed from the testing room.

I will walk around the room to check your progress. I will also keep the official time for the test. You will have breaks during the test when you can leave this room to have a snack or use the restroom.

Remember, after the test has ended, no one may leave the room until I dismiss you. If you have any questions about testing procedures, please ask them now. I cannot answer questions during the timed sections of the test. [pause]
When everyone is ready, say:

Once we begin, you will have 65 minutes to work on Section 1, the Reading Test. We will take a short break when this section is finished. Please keep your calculator under your desk; you won’t need it for this section.

Make sure you are using a Number 2 pencil and that you fill in the entire bubble darkly and completely. If you change your response, erase it as completely as possible. If you finish before time is called, you may check your work in this section, but you may NOT turn to any other section.

Remember that you receive points for correct answers, but you don’t lose points for incorrect answers. That means you should try to answer every question, even if you’re not sure of the correct answer.

Please find Section 1 on your answer sheet. Be sure to mark your answers in the numbered spaces that correspond to the numbered test questions in Section 1. Now, open your test book to Section 1, read the directions, and begin work. Time starts now. Good luck.

After 30 minutes, say:

You have 35 minutes remaining in this section.

After 60 minutes, say:

You have 5 minutes remaining in this section.

After exactly 65 minutes, say:

Stop work and put your pencil down. [pause] Close your answer sheet and place it inside the front of your test book. Close your test book and leave it on your desk. We’ll take a break now for 10 minutes.

If you brought a snack, you may eat it in designated areas only. Don’t go anywhere other than designated areas, the hallway, or the restroom. Don’t talk in the hallway or discuss the test questions with anyone. Be considerate of those in other rooms.

We will start testing again in exactly 10 minutes.

If you did NOT collect electronic devices, say:

You may not use a phone or any other electronic device on this break or any other break during the test. Any phones or other devices must remain turned off and put away under your desk.

For the Break

- Post the break time of 10 minutes and the time testing will resume.
- Walk around the room to check that all test books are closed and that answer sheets are inside the test books.

At the end of the break, say:

Please take your seat.

Certification Statement

Before beginning Section 2, students must complete and sign the Certification Statement. Students whose disabilities prevent them from writing the statement should leave it blank. However, they should be encouraged to sign their names.

When everyone is ready, say:

When you submit your answer sheet, you are agreeing that you will not, under any circumstances, take any test questions from the testing room, give them to anyone, or discuss them with anyone through any means, including but not limited to email, text messages, or the internet. These conditions are spelled out in the SAT School Day Student Guide and online at sat.org.

Take out your answer sheet, but leave your test book closed. Turn to the back of your answer sheet, and find box 48, the Certification Statement. After reading the paragraph of terms at the bottom, copy the statement in your usual handwriting style—print or cursive is fine. Then sign your full name as you would on an official document. Next to your signature, enter today’s date. Look up when you are done. [pause]

Walk around the room and ensure that all students are writing the Certification Statement.

Section 2—Writing and Language Test

When everyone is ready, say:

Once we begin, you will have 35 minutes to work on Section 2, the Writing and Language Test. If you finish before time is called, you may check your work on this section, but you may NOT turn to any other section.
Please keep your calculator under your desk; you won’t need it for this section.

Keep your answer sheet and test book flat on your desk.

Now find Section 2 on your answer sheet. Be sure to mark your answers in the numbered spaces that correspond to the numbered test questions in Section 2. Open your test book to Section 2, read the directions, and begin work. Time starts now.

**After 15 minutes, say:**

You have 20 minutes remaining in this section.

**After 30 minutes, say:**

You have 5 minutes remaining in this section.

**After exactly 35 minutes, say:**

Stop work and put your pencil down. [pause]
Place your answer sheet on the page in your test book where you stopped working. Close your test book.

**Section 3—Math Test – No Calculator**

Directions for how to grid your answer to the questions labeled “Student-Produced Responses” are in your test book. These student-produced answers may be shorter, but not longer, than four characters. Be sure to mark your answers in the numbered spaces that correspond to the numbered test questions in Section 3.

If you finish before time is called, you may check your work in this section, but you may NOT turn to any other section.

Please open your test book and take out your answer sheet. Keep your answer sheet and test book flat on your desk. Find Section 3 on your answer sheet. Now turn to Section 3 in your test book, read the directions, and begin work. Time starts now.

Walk around the room to check that students do not have calculators on their desks.

**After 10 minutes, say:**

You have 15 minutes remaining in this section.

**After 20 minutes, say:**

You have 5 minutes remaining in this section.

**After exactly 25 minutes, say:**

Stop work and put your pencil down. [pause]
Put your answer sheet on the page in your test book where you stopped working. Close your test book, and leave it on your desk. We’ll take a break now for 5 minutes. If you brought a snack, you may eat it in designated areas only. As before, don’t go anywhere other than designated areas, the hallway, or the restroom. Don’t talk in the hallway or discuss the test questions with anyone. We’ll start testing again in exactly 5 minutes.

**For the Break**

- Post the break time of 5 minutes and the time testing will resume.
- Walk around the room to check that all test books are closed and that answer sheets are inside the test books.

**At the end of the break, say:**

Please take your seat. [pause]
Section 4—Math Test – Calculator

When everyone is ready, say:

Once we begin, you will have 55 minutes to work on Section 4, the Math Test with Calculator.

You may use a calculator for this section. Please take your calculator out now and place it in the center of your desk. [pause]

When using a calculator, follow these guidelines:

- Keep it flat on your desk or hold it so that other students can’t view your work.
- Do not share or exchange your calculator.
- If you brought a backup calculator or batteries, keep them on the floor underneath your desk.
- If your calculator malfunctions and you have batteries or a backup calculator, raise your hand. I will see if your substitute is acceptable. If you do not have a backup, continue to test. All math questions can be answered without a calculator.

Directions for how to grid your answer to the questions labeled “Student-Produced Responses” are in your test book. These student-produced answers can be shorter, but not longer, than four characters. Be sure to mark your answers in the numbered spaces that correspond to the numbered test questions in Section 4.

If you finish before time is called, you may check your work on this section, but you may NOT turn to any other section.

Please open your test book and take out your answer sheet. Keep your answer sheet and test book flat on your desk. Find Section 4 on your answer sheet. Now turn to Section 4 in your test book, read the directions, and begin work. Time starts now.

After 25 minutes, say:

You have 30 minutes remaining in this section.

After 50 minutes, say:

You have 5 minutes remaining in this section.

After exactly 55 minutes, say:

Stop work and put your pencil down. [pause] Close your test book and answer sheet. Place your answer sheet next to your test book.

IMPORTANT: If students are taking the SAT (with no Essay) proceed to After the Test on page 28.

When everyone is ready, say:

Place your calculator under your desk. We’ll take a break now to stretch for 2 minutes. You may not leave the room or discuss test questions.

For the Break

Post the break time of 2 minutes and the time testing will resume.

At the end of the break, say:

Please take your seat. [pause] I will now collect your test books. You’ll need to keep your answer sheet for the Essay section of the test. Please sit quietly while I collect and count the test books.

Collect the test books in the same order in which you distributed them. Count the books to ensure you have the correct number before beginning the next section.

Do not distribute Essay books until you have collected and accounted for all test books and read the first script under Section 5. Place the test books where students cannot access them.
Section 5—SAT Essay

To students who are taking the SAT with Essay, say:

Open your answer sheet to the start of Section 5 on page 6 (or page 34 in the large-block answer sheet). Take a moment to read the statement about the use of your essay, then decide whether or not to mark the bubble (or square). When you have finished, please look up. [pause]

I will now give an Essay book to each of you. Please don’t open your Essay book until I tell you to do so.

Distribute an Essay book individually to each student. If a student is approved to use a Large Type test book, give them the appropriate Large Type Essay book.

Before reading the next script, fill in the school and room information to give to students.

IMPORTANT: Students must write their essays on their answer sheets. They may NOT use scratch paper.

When all students have an Essay book, say:

On the back of your Essay book, print your last name, first name, and middle initial, if you have one. Then print this school’s code number, _____________ school name _______________________________ , and this room number (or name) ___________ . [pause]

Once we begin, you’ll have 50 minutes to work on Section 5, the SAT Essay. You may make notes and plan your essay on the unlined Planning Page, but anything written there will not be scored. When you’re ready, you’ll need to start writing your essay on the first lined page, which says “Begin Your Essay Here.” You must write your essay on the appropriate answer sheet pages and within the marked margins. Don’t keep writing past the word “STOP” on the last lined page, because anything written past that point will not be scored. No extra pages are allowed. You must write your essay using a Number 2 pencil. If you don’t use a Number 2 pencil, your essay will appear blank. If you leave the essay blank, you will receive an Essay score of zero.

Continue by saying:

Read the directions on your Essay book cover, and then open your Essay book and begin work. Time starts now.

Use this time to confirm that you have a serialized test book for each student and to record the number of Essay books distributed on the Testing Room Materials Report form. (Essay books aren’t serialized.)

After 25 minutes have elapsed, say:

You have 25 minutes remaining in this section.

After 45 minutes, say:

You have 5 minutes remaining in this section.

After exactly 50 minutes, say:

Testing is now complete. Proceed to After the Test on page 28 and follow the instructions to collect answer sheets and test materials before dismissing students.
After the Test

**To all students say:**

Congratulations—you just finished the test! Before I collect your test materials, please turn over your answer sheet and check that you have filled in the form code in box 44. This form code is required for scoring your test. Please raise your hand if you need help completing the box.

For a student in the Essay room who has already had their test book collected, you will need to retrieve the multiple-choice test book and provide the form code from the back cover to them.

**When students are ready, say:**

As part of SAT School Day, you will now have a chance to answer some questions about yourself and your college plans and to select up to four places or programs to send your scores to.

If you’re using a large-block answer sheet, your page numbers will be different from those I announce, but the field numbers will be the same as the box numbers I give for everyone.

**For boxes 6–10, say:**

If you have a label on your answer sheet, check to see if the address printed on it is correct. If it is, don’t make marks in boxes 6 to 10. If you have no label or the address is incorrect, turn to page 2, and fill in your address in boxes 6 through 9. Leave box 10 blank. Raise your hand if you have any questions. Look up when you’re done. [pause]

**To all students, for box 11, say:**

Box 11 asks for your U.S. mobile number. Only U.S. mobile numbers are accepted. By providing your number, you agree to receive text messages from the College Board about the SAT, to participate in research surveys, and to get free information on college planning services. Standard text messaging rates apply. You may opt out at any time. The College Board will not share your phone number with other organizations.

If you agree to these terms, enter your phone number. Please look up when you’re done. [pause]

**For box 13, say:**

Turn to page 3. If you’d like to get information from the College Board via email, including information about your scores once they become available online, write in your email address and fill in the corresponding bubbles in box 13. Indicate at the top of the box whether this is your own email address or a parent or guardian’s address. If you give your own email address (not a parent’s or guardian’s) and opt in to Student Search Service at the end of this session, you may get information from colleges sent to your email address. I’ll tell you more about Student Search Service in a few minutes. Please look up when you’re finished. [pause]

**Next, say:**

I will now collect your test materials. Please sit quietly until I dismiss you.

**Collecting Test Materials**

Collect a multiple-choice or Essay book from each student in the order in which they were distributed. Collect other test materials except for answer sheets, including any translated instructions, at this time as well. Place them where students cannot access them.

Before collecting answer sheets:

- Identify any students who began the test with blank answer sheets. Also identify any students who have filled in their personal information but want change their choices of where to send their scores in box 22. Ask them to wait quietly while you dismiss students who are finished.

- For students who have completed the personal information on the answer sheets, proceed to Collect Answer Sheets on page 29. When you have dismissed these students, return to “Completing the Answer Sheets” for any students remaining.

**Completing the Answer Sheets**

- Distribute a copy of the Student Answer Sheet Instructions to students remaining in the room.

- For students who simply want to change their score sends, use the instructions and script for box 22 under Script for Student Answer Sheet Instructions on page 14 then continue on to Collect Answer Sheets on page 29.

- For any students who started with blank answer sheets, continue with the scripts below.
Read the Timed Sections  Section 5—SAT Essay  After the Test

For box 14, say:

In box 14, fill in the bubble for the month you expect to graduate from high school. Then print the two digits for your graduation year in the boxes and fill in the corresponding bubbles. [pause]

Now say:

We’re now going to skip ahead to question 23.

Box 23  Student ID/Social Security Number:
If your students have pre-ID labels that include this information, as noted on the Pre-ID Supplemental Instructions for SAT School Day, you can skip box 23. Otherwise, read script (A) if your school uses student ID numbers, or read script (B) if your school uses Social Security numbers.

(A) To students who need to fill in box 23, if your school uses student ID numbers, say:

In box 23, fill in the bubble labeled “Student ID Number,” then print and bubble in your student ID number, starting with the first column to the left. If there are letters in your ID number, skip them and only enter the numbers. Look up when you’re done. [pause]

(B) To students who need to fill in box 23, if your school uses Social Security numbers, say:

In box 23, fill in the bubble labeled “Social Security Number,” then print and bubble in your nine-digit Social Security number starting in the first column on the left. Do not include dashes or blanks. If you do not have a Social Security number, don’t know it, or don’t want to give it, leave box 23 blank. Look up when you’re done. [pause]

Turn to Script for Student Answer Sheet Instructions on page 14 to instruct each student to fill in their personal information in boxes 22 and 24 through 43 on the back pages of their answer sheet.

Collect Answer Sheets

Collect an answer sheet (and instructions booklet, if applicable) from each student. For each student, before moving on to the next person, do the following:

- Check to see that all the identifying information on the answer sheet is complete. Ensure that the letters in box 1, “Name” correspond to the filled bubbles in each column. Flip the answer sheet over to make sure students have completed the “Complete on Test Day” section.

- If there is a discrepancy, ask the student to show ID and explain the discrepancy. Document the discrepancy on an SIR.

- If you suspect impersonation, note the student’s name on the SIR. Notify the supervisor immediately.

Before Dismissing Students

Make sure answer sheets are not inserted in or between test books or Essay books (if any).

- Verify by count that you have a multiple-choice test book, an Essay book (if any), and answer sheet for each student.

- Verify by serial number that you have collected the test books assigned to your room.

- Keep students seated until you are sure you have an answer sheet and the testing materials assigned to each student.

- Make sure students have completed their name (box 1), school information (2–3), date of birth (5), and test book information (44-46) on their answer sheets. These fields must be completed for a student to receive a score report.

- If you have any students who are approved to write their answers in the test book, you must ensure that their answer sheets include the students’ personal and test information for these fields before dismissing students. You must transcribe their answers after students are dismissed.

After all materials are accounted for, say:

Remember, you should not, under any circumstances, take any test questions from the testing room, give them to anyone, or discuss them with anyone through any means, including email, text messages, or the internet.

To students in the SAT with Essay room, say:

In addition, you are not permitted to discuss or share today’s essay question until after the essay is available online.

Returning Collected Items: If you have collected personal belongings from students, read script (A). If you have not collected any belongings, read script (B). (Read only one option.)

(A) To students who need to collect their belongings, say:

This test administration is now over. As you prepare to leave, please come up and retrieve your personal belongings that I collected from you earlier. Once you
have all your belongings, you may exit the room quietly. Please keep in mind that students in other rooms may still be testing. Congratulations again and thank you for your participation and for all of your hard work.

(B) To students who have all their belongings, say:

This test administration is now over. Gather your belongings, and exit the room quietly. Please keep in mind that students in other rooms may still be testing. Congratulations again and thank you for your participation and for all of your hard work.

After Students Leave the Room

- Complete and sign the Testing Room Materials Report form and seating chart.
- Describe any discrepancy on the SIR.
- If you have any students approved to write their answers in the test book, do the following:
  - On the test book, write the student’s name, six-digit school (AI) code, and litho code (8-digit serial number) from the shaded box on the bottom right corner of the answer sheet.
  - Include the test books with the used answer sheets and deliver them to the test supervisor to return with the used accommodated answer sheets.
- Return the completed Testing Room Materials Report form with all test materials and forms to the supervisor.
- Make sure your room roster identifies who was present or absent. Return the annotated room roster to the supervisor.
Acceptable Calculators

For the Math Test – Calculator section of the SAT, most graphing and all scientific calculators (as long as they do not have any of the prohibited features listed below) are acceptable; all four-function calculators are allowed, but not recommended. Check the list of acceptable graphing calculators below for models that are permitted. This list is not exhaustive.

IMPORTANT: Contact SAT School Day Support if you are unsure if a calculator is acceptable.

THE FOLLOWING GRAPHING CALCULATORS ARE PERMITTED:

Unacceptable Calculators

Students are not allowed to use any of the following unacceptable calculators, unless specifically approved as an accommodation:

- Laptops or other computers, tablets, mobile phones, smartphones, smartwatches, or wearable technology
- Models that can access the internet or that have wireless, Bluetooth, cellular, audio/video recording and playing, camera, or any other smartphone-type features
- Models that have a typewriter-like keypad, pen-input, or stylus
- Models that use electrical outlets, make noise, or have a paper tape

In addition, the use of hardware peripherals such as a stylus with an approved calculator is not permitted. Some models with touch-screen capability are not permitted (e.g., Casio ClassPad). Check the list of acceptable graphing calculators above for models that are permitted.

| Incorrect answer sheet in the SAT or SAT with Essay room | ▪ Provide a correct answer sheet, if possible. Direct student to print their name on the new answer sheet, then continue in the appropriate place. (If no correct answer sheets are available, call School Day Support for assistance.)  
  ▪ Do not permit students to make any changes to the original answer sheet or attempt to transcribe responses.  
  ▪ After the test is over, have student complete their name (1), school information (2–3), date of birth (5), sex (15), and test information (44–47) on the answer sheet. Clip answer sheets together.  
  ▪ Return with other used answer sheets.                                                                                                                                                                                                 | Describe the situation on the Supervisor’s Irregularity Report.

| Defective answer sheet                    | ▪ Replace defective answer sheet. Direct the student to print their name on the new answer sheet, then continue with next question.  
  – If testing time is lost because of defective answer sheet, allow the student to make it up at the end of test administration.  
  – After testing is over, have the student complete their school information (2–3), date of birth (5), sex (15), and test information (44–47) on the answer sheet. Make sure that both answer sheets have these items completed, and clip both answer sheets together.  
  ▪ Return with other used answer sheets.  
  ▪ If an extra answer sheet is not available, follow the procedures under “Insufficient Number of Answer Sheets.”                                                                                                                                 | Describe the defect and note any loss of testing time. | Undertiming                                      | Permit students to make up any undertiming on a section before concluding the section, allowing a break, or dismissing students. Allow the full testing time for unaffected sections.  
- Students may be eligible for makeup testing. If so, order makeup testing materials. If you need to order materials after the makeup ordering deadline, call School Day Support immediately to request materials. | Note the section(s) affected and length of timing discrepancy.  
Bubble Page 1, Section 6—“Undertiming” (for a group), or Page 2, Section 7b Student Errors/Issue—“Test Was Undertimed” (for an individual). |
| Overtiming                                       | Make no adjustment.  
- Students may require makeup testing. If so, order makeup testing materials. If you need to order materials after the makeup ordering deadline, call School Day Support immediately to request materials. | Note the section(s) affected and length of timing discrepancy.

| Excessive breaks          | - Ask the student the reason for excessive breaks (Is the student ill?).  
- If the student is ill, follow the instructions under “Illness.”  
- Collect the test book and answer sheet (fan the test book to ensure test content has not been removed); return them when the student reenters. Do not allow extra time.  
- Have the room or hall proctor check where the student is going during breaks. | Note the student’s name.

| Illness                   | - Permit the student to leave the test room temporarily. Collect the test book and answer sheet; return them when the student reenters. Do not allow extra testing time.  
- If the student is unable to continue, advise them of the cancellation policy. (The cancellation policies are given in the SAT script, just before the start of the first test section.) If the student cancels their scores, you may order makeup testing materials, counting the student as an “absentee.”  
- If an answer sheet becomes soiled due to illness or bleeding, inform the student that it can’t be scored.  
- If the student wants to continue, provide a new answer sheet and allow the student to transcribe earlier answers after test books have been collected. Discard the soiled answer sheets—do not return them. Return soiled test books in plastic, if possible. | Note length of absence, the student name(s) and question(s) affected.  
Note whether answer sheets were discarded, the reason, and the serial number, if possible.  
Bubble Page 2, Section 7b Student Errors/Issue—“Student became ill.” Also bubble Page 2, Section 7a “Did student complete testing?” (Yes or No). |
| Using pen or wrong type of pencil | If you see anyone using a pen or mechanical pencil, advise the student to switch to a No. 2 pencil immediately. Do not have students erase any answers. Have them continue using the same answer sheet. Students shouldn’t be dismissed from testing if they use a mechanical pencil. | Explain the circumstances fully on the SIR. Note section(s) affected.  
Bubble Page 2, Section 7b Student Errors/Issue—“Student used an unauthorized aid.”                                                                                                                                 |
| Answers placed incorrectly on answer sheets | - Provide a new answer sheet associated with that type of testing (e.g., essay or nonessay) if the student has misplaced answers on the answer sheet. No erasures or transfers are permitted.  
- If no extra answer sheets are available, follow the procedures under “Insufficient Number of Answer Sheets” earlier in this chart.  
- Tell the student to print their name on the new answer sheet, then continue in the appropriate place.  
- After the test is over, have the student complete their name (1), school information (2–3), date of birth (5), sex (15), and test information (44–47) on the answer sheet. Clip answer sheets together. | Provide the student’s name on the SIR.

| **Answers written in test book, but not recorded on answer sheet**           | ▪ Notify the student that no credit is given or extra time allowed to transcribe answers to answer sheet. Monitor them to make sure they are not going back to add answers to sections that have concluded.  
▪ Answers recorded in the test book may not be transferred to the answer sheet after the test by either the student or school personnel. | Note the reason why the student wrote the answers in the test book on the SIR. Attach the test book to the SIR.

| **Answer sheet left blank or completely erased**                             | ▪ Notify the student that you have observed this behavior. Indicate that if the behavior persists, you will report it.  
▪ If the student is trying to erase all answers, tell them that the answer sheet will be scored unless they cancel the scores by the fourth weekday after the test.  
▪ If the student wants to cancel the test, provide an SAT School Day Request to Cancel Test Scores form and have the student complete and sign it.  
▪ If the student continues to not mark any answers, collect the answer sheet and test book and dismiss the student from testing. | Explain the circumstances fully. Note the student’s name.

Part B: Distribution of Test Materials

You or a proctor should use the chart below to indicate how test books were distributed to students seated in your testing room. Do not record distribution (if any) of Essay books.

Print the name of the person completing the seating chart below, along with the 6-digit school code and date. Fill in the room number and page number (e.g., page 1 of 1). For large rooms, use a separate form for each area of the room and indicate where areas adjoin each other.

Name ____________________________
School Code _______________________
Date _____________________________

Seating Chart for Room # ____________________________
Page ______________________ of __________

1. For each occupied seat, write the serial number of the test book assigned to that seat, and, if time allows, write the student’s name or initials.

2. For each row, draw directional arrows to indicate the direction in which the books were distributed.

3. Cross out any unused seats.

4. Indicate the location of the entrance doors.

5. If any student is moved to another seat after the test books are distributed and the test begins, indicate on the seating chart the seat to which they were moved. Complete a Supervisor’s Irregularity Report explaining the reason for the change.
