

# The SAT<sup>®</sup> and SAT Subject Tests<sup>™</sup> Score Reporting Code List

Remember to send your scores from test day—this is your best chance to show your interest to colleges and universities. Even better: Four of your score sends are free if you order them by nine days after your test.

Use the lists in this document to find the four-digit number for each institution you're interested in. The U.S. colleges and universities are listed first in order by state, and then alphabetically by name. Institutions in U.S. territories come next, followed by international ones. The final list in this document shows Scholarship Programs listed by state or country, in alphabetical order.

---

**IMPORTANT:** *Changes happen all the time. Institutions sometimes merge or move or change their mission. Before you send your scores, be sure to check that the colleges or programs you select are still accepting scores.*
